Twofold Use Of The Law And Gospel:

Twofold Use of the Law & Gospel Martin Luther, 2015-11-27 Martin Luther was one of the most influential men of the last millennium and the man most responsible for the Reformation that split the Catholic Church in the 16th century A German theologian Luther wrote at length criticizing the Church and sparked the Reformation all while being one of the most read authors on the continent in his lifetime His teachings included important departures from Church dogma including the claim that absolution of sin could not be purchased Today his 95 Theses are among the most famous works in the world **Martin**

Luther's Theology Bernhard Lohse, 1999-01-01 This definitive analysis of the theology of Martin Luther surveys its development during the crises of Luther's life then offers a systematic survey by topics Containing a wealth of quotations from less known writings by Luther and written in a way that will interest both scholar and novice Lohse's magisterial volume is the first to evaluate Luther's theology in both ways Lohse's historical analysis takes up Luther's early exegetical works and then his debates with traditions important to him in the context of the various controversies leading up to his dispute with the Antinomians The systematic treatment shows how the meaning of ancient Christian doctrines took their place within the central teaching of justification by faith *Philip Melancthon, Speaker of the Reformation* Timothy J. Wengert, 2024-10-28 The studies in this volume illuminate the thought and life of Philip Melancthon one of the most neglected major figures in Reformation history and theology Melancthon was one of the most widely published and respected thinkers in his own day who authored some of the sixteenth century's most important books on Latin and Greek grammar rhetoric dialectics and history to say nothing of his theological output which included the first overview of Protestant theology the first Protestant commentaries on Romans 1 2 Corinthians and John He was also the chief drafter of the Augsburg Confession and wrote its defense the Apology These essays written over the past twenty years commemorate the 450th anniversary of Melancthon's death in 2010 The articles provide a wide ranging picture of Melancthon's thought and life with topics including his view of free will approaches to biblical interpretation his perspective on the church fathers and world history and comparisons to other important figures of the age including Calvin Luther and Erasmus

Recovering the Ecumenical Bonhoeffer Javier A. Garcia, 2019-10-14 In *Recovering the Ecumenical Bonhoeffer* Javier Garcia explores the possibilities for Dietrich Bonhoeffer's theology to revitalize interest in the ecumenical movement and Christian unity today Although many commentators have lamented the waning interest in the ecumenical movement since the 1960s the celebration of the 500th anniversary of the Protestant Reformation in 2017 coupled with recent inroads such as the ecumenical efforts of Pope Francis have opened new possibilities for the ecumenical project In this context Garcia presents Bonhoeffer as a helpful model for contemporary ecumenical dialogue He finds important points of convergence between Bonhoeffer and Calvin thereby establishing potential areas of rapprochement between the Lutheran and Reformed traditions Beyond examining the state of ecumenism and unfolding the ecumenical promise of Bonhoeffer's thought Garcia

assesses the future of ecumenical engagement in a secular age Altogether he proposes a recovery of the ecumenical Bonhoeffer for envisioning new possibilities for church unity in our day *Richard Hooker, Reformer and Platonist* W.J. Torrance Kirby, 2016-04-08 This book explores key aspects of Richard Hooker's philosophical and theological discourse in the context of currents of thought prevalent in the Magisterial Reformation of the sixteenth century Hooker's treatment of natural law his dependence upon the philosophical discourse and traditional cosmology of Christian Neoplatonism and his appeal to the authority of patristic sources are all closely examined Challenging the received exceptionalist model of much of the twentieth century interpretation of Hooker in particular the concept of his supposed defence of the English Reformation as striking a via media between Rome and mainstream Protestant reform W J Torrance Kirby argues that Hooker adheres to principles of magisterial reform while building upon the assumptions of a distinctively Protestant version of Platonism
