Zanoni, 2023-02-23 Cookbooks Menus Ingredients Dishes Pots Kitchens Markets Museum exhibitions These objects
representations and environments are part of what the volume calls the material cultures of food The book features leading
scholars professionals and chefs who apply a material cultural perspective to consider two relatively unexplored questions 1
What is the material culture of food and 2 How are frameworks concepts and methods of material culture used in scholarly
research and professional practice This book acknowledges that materiality is historically and culturally specific local but
also global as food both transcends and collapses geographical and ideological borders Contributors capture the malleability
of food its material environments and stuff and its representations in media museums and marketing while following food
through cycles of production circulation and consumption As many of the featured authors explore food and its many material
and immaterial manifestations not only reflect social issues but also actively produce preserve and disrupt identities
communities economic systems and everyday social practices The volume includes contributions from and interviews with a
dynamic group of scholars museum and information professionals and chefs who represent diverse disciplines such as
communication studies anthropology history American studies folklore and food studies National Grocers Bulletin
