The world is viewed by a Bharatiya as Bhagavan. This totality of vision is the vision of the Vedas.

SWAMI DAYANANDA SARASWATI

1: Value Structure Holds the Vedic View

Every form of our daily life is but an expression of the *Bharatiya* culture, which has its roots in the *Vedas*. Everything we do, from our saying *Namaste* to the pursuit of spiritual knowledge, is fundamentally based on its teachings.

Everything that we do may not come from our study of the *Vedas*, because most of us do not study it; it comes from what we know as *vidya-gyanabana*, the value structure and behaviour patterns of the elders in the society and family. They give us the knowledge of what one has to do, what one needs to avoid, and also the priorities in life.

We imbibe all these from the elders. They themselves might not have studied them in detail, but they had imbibed them from people who knew. Thus, over generations and millennia the ancient teachings have been passed over from generation to generation, and it is not an ordinary thing. It is the very substance of our culture.

Everything Is Isvara

If you ask anybody who belongs to the *Bharatiya* culture: "Where is *Bhagavan*?" the answer is always: "*Bhagavan* is everywhere, everything is God." This is *Bharat*. That everything is *Isvara*, *Bhagavan*, is the *Vedic* view. All that is there is God—inside, outside, every element,

The Tantric Body Gavin Flood,2005-10-28 Tantra is the Hindu based religion which links ecstatic sexual practice with meditation and direct spiritual experience It originated in India some 1200 years ago when the great sacred erotic temples were built In the West it is best known for its inspiration of tantric yoga and its associated ritualistic forms of sex But is tantra just about esoteric sex or does it amount to something more This lively and original book contributes to a more complete understanding of tantra s mysteries Without minimising its sexual dimensions Gavid Flood argues that within tantra the body is more than just a sexual entity It is a vehicle for the spirituality that is fundamental to people s minds The Tantric Body makes an important and fascinating contribution to the study of South Asian religion and will have strong appeal to students of South Asian cultures and societies as well as to those of comparative philosophy **Smart Environment for Smart Cities** T.M.
