H. Bond, 2000-11 Why is one marriage out of two today doomed to end in divorce My interviews with 71 divorced women searched for answers Did they love their husbands when they married Did they believe at the time that it was till death do us part Were there other lovers in the lives of the couple at the time of the divorce Is there any connection between an unhappy childhood and a failed marriage Do women tend to lose their identities in marriage To my surprise I saw the majority of interviews take on a similar shape which revealed who the women were and how the divorces fit into the pattern of their lives In my years of practice as a psychoanalyst I saw how badly people need others with whom to identify With this collection divorcees can see their own fears despair grief hopes and aspirations reflected in the lives of women passing through similar experiences I hope the fact that all the subjects came away from their divorces with greater strength insight and self esteem will serve as an inspiration to all survivors of loss and pain As Queen Isabella said in Henry V Happily a woman s voice may do some good
