Milton's Century Michael R. Collings,2013-03-20 No artist creates his works in a vacuum Beyond the conscious influence of books read artwork seen minds probed through conversation or exchange of letters writers are in no small part products of everything that surrounds them people places things events MILTON S CENTURY is designed to place one particular genius John Milton arguably the finest poet the English nation perhaps even Western civilization has produced in the context of his time And what a remarkable time it was a century of revolutions of discoveries of literary and artistic efflorescence of religious turmoil and political turbulence of plagues and fires and ultimate rebuilding and of the first adumbrations of the Modern Age MILTON S CENTURY becomes vital and alive for twenty first century readers through the vast network of connections and interconnections that Professor Collings articulates Borgo Literary Guides No 15

The Slab Michael R. Collings,2010-12-01 1066 Oleander Place seems a typical tract house in the Southern California town of Tamarind Valley What no one grasps is that this house is deadly dark dangerous EVIL to the core It consumes all who enter it one by one spiritually psychologically physically Even to visit the place challenges fate and promises a VERY BAD TIME for everyone there In the tradition of Stephen King and Dean Koontz a phantasmagoria of fear horror and terror
