The Roller Coaster Decade Livia Moser,2008 The Roller Coaster Decade is an autobiography of 10 years of my life which begins when I was eighteen years old I like all other high school graduates had plans for my life but sometimes life just doesn t work out that way I was diagnosed with bipolar illness and put into a mental facility in Switzerland therefore having to postpone attending Hotel Management School for a year but I finally made it I did however suffer three more manias after that After each mania I had to start my life from scratch because manias have heavy consequences In the year 2000 I was told that my kidneys no longer functioned and was put on a dialysis machine After sixteen months I had the kidney transplant I was the by far the youngest This book is about the ups and downs in life what it takes when so many unexpected and tragic things happen in a short period of time Most of all it is not a book strictly about the above My Decade story is told honestly with humor and that the message is to be brave

McClure's Magazine, 1897 *Women in Allied Naval Intelligence in the Second World War* Sarah-Louise Miller, 2024-10-17 Closely examining the work of women in the US and British naval services towards Allied naval intelligence during the Second World War this book focuses on their contributions during the Battle of the Atlantic and Pacific Naval War in order to shed new light on arenas of war from which women's narratives are almost always absent Including personal testimonies from those involved and surveying a wide cross section of different roles Sarah Louise Miller analyses the work of women at every level and rank in the US and British naval services and offers a much wider picture of how they assisted the Allied forces behind closed doors With exploration of the work of the WRNS and WAVES on developing naval intelligence this book argues that they played a crucial role in the British and American SIGINT systems and within

programs such as those at Bletchley Park and OP 20 G therefore directly impacting the organisation and outcome of Anglo American naval efforts Including analysis of the development of the modern kill chain Miller also re evaluates the effect of the combat taboo to demonstrate that the WRNS and WAVES were in fact at the cutting edge of the emergence of modern warfare

The Leadership Pill Kenneth Blanchard, Marc Muchnick, 2012-12-11 How can you become a more successful manager a stronger team leader and a motivator who gets the best results from a group Ken Blanchard's inspiring new book provides the answer In a beguiling sometimes humorous fashion THE LEADERSHIP PILL conjures up a tantalizing possibility What if there was a pill that could stimulate the natural powers of the mind and body to provide leadership In the story an amazing new pill heightens one leader's powers but contains the wrong ingredients stimulating him in a short sighted direction He is coercive obsessed with immediate results and drives his team relentlessly until after a brief spike in performance they suffer early burnout In contrast the Effective Leader working without a pill inspires and supports his team He supplies the right ingredients earning the respect and trust of his team with a blend of integrity partnership and affirmation Ultimately it is recognised that there is more to effective leadership than a wonder pill Destined to be a transforming experience for thousands of readers THE LEADERSHIP PILL shows how to apply the right techniques no matter how pressured a business situation
