

DVI Video and Toslink (optical) Digital Audio (High Definition)

DVI provides high-definition video, but without an audio signal. Toslink (optical) digital provides only multi-channel audio and is required for DVI video. The combination of these interfaces provides video quality resolution of up to 1080p and excellent audio.

1. Plug a DVI to HDMI cable adapter into the HDMI connector on the HD media player.
2. Plug the opposite end into the DVI port on your TV.
3. Plug a Toslink (optical) cable into the digital optical port on your HD media player.
4. Plug the other end of the Toslink (optical) cable into the digital optical port on your A/V receiver.
5. Select the appropriate TV input source.

Note: HDMI and Toslink cables are sold separately.

in the Digital Era Arturo Sánchez Sanz, 2025-09-04 For more than 3 000 years the Amazons have been a recognised symbol that transcends mythology and has influenced history itself The image of the powerful warrior woman who defied the established patriarchal order proved so compelling that it became permanently enshrined in the collective imagination first through oral tradition and later through texts and images The contributions in this volume explore how this image has endured through the lens of classical reception From Wonder Woman to the war in Ukraine and across diverse genres such as video games fashion warfare and documentary film the Amazonian archetype has evolved beyond anything once imagined Today however we are witnessing a true transformation No longer embodying the negative traits the Greeks once ascribed to them the Amazons have become a symbol of strength resilience and empowerment a model for women s rights in a global society and an icon of feminism and the LGBTQIA community Divided into three parts this book analyses how the image of the Amazon has at different times and in different contexts been marginalised put on a pedestal and globalised For the first time media case studies and lived histories are examined to compare and contrast modern frameworks with each other and with the original Amazonian iconography What emerges is a concept of the Amazon as a modern paradigm that speaks as strongly to contemporary society as it did to the ancients but with a very different meaning *InfoWorld* ,1992-03-09
