A *Korean Theology of Human Nature*. Jung Sun Oh, 2005-01-27. This remarkable study articulates a Korean Confucian Christian theory of human nature encompassing the theory of justification, sanctification, and salvation by means of a reformed concept of filial piety. The Unity of Nature and History in Pannenberg's Theology. Cornelius A. Buller, 1996-06-04. The Unity of Nature and History in Pannenberg's Theology addresses the problematic relationship of humans to the non-human world by analyzing Wolfhart Pannenberg's theology and ethics.

An Ecological Christian Anthropology. E. M. Conradie, 2005. What is the place and vocation of human beings in the earth community? This is the central question that this contribution towards a Christian ecological anthropology addresses. In ecological theology, this question is often answered by the affirmation that we are at home on earth. This affirmation rightly responds to the widespread sense of alienation from nature to the anthropocentrism that pervades much of the Christian tradition and to concerns about the scope of environmental devastation. This book challenges the affirmation that we are at

home on earth examining natural suffering anxieties concerning human finitude and especially the pervasiveness of evil The book investigates contributions to ecological theology South African and African theology reformed theology and contemporary dialogues between theology and the sciences in search of a thoroughly ecological Christian anthropology A Criticism of Theological Reason Fernando Luis Canale,1987 In this investigation of reason in its involvement in and relationships to both religion and theology Canale analyzes the possibility of a theological criticism of theological reason as it pertains to the field of systematic theology **Facing the Nuclear Heresy** G. Clarke Chapman,1986 **Method and Catholic Moral Theology** Todd A. Salzman,1999 This work is an investigation of the ongoing methodical reconstruction of Catholic moral theology As such it is based on and honors the work of Norbert Rigali S J one of the most important contributors to this reconstruction The decisive break from the traditional manual approach to moral theology represented by Vatican II reoriented moral theology away from universal natural law morality based on the commandments to a morality based on specifically Christian sources This reorientation however was not an either or but a both and proposition Father Norbert Rigali S J has been an inspiration and a challenge to moral theologians working toward reconstruction The essays in this collection address four questions in the renewal movement an investigation of normative methods a clarification of sources an investigation of the tension between natural law morality and Christian ethics and or morality and a combination of methodical insights of philosophy with traditional Christian sources in their investigation of biomedical ethical issues The contributors to the collection include Richard M Gula S S Joseph A Selling Bernard Hoose Mark O Keefe O S B James F Keenan S J Edward Collins Vacek S J Charles E Curran James J Walter Todd A Salzman Jean Porter Lisa Sowle Cahill and Richard A McCormick S J **Times of the Trinity** Duane Howard Larson,1995 After Einstein it can neither be said that time is absolute nor that eternity is timeless Indeed contemporary physics may suggest that eternity is the fullness of times Because much Christian thought still adheres to an absolute time and a timeless eternity it is all the more opaque to the emerging non mechanistic scientific worldview After reviewing theological notions of time and eternity relativity theory quantum theory and three noted cosmologists this study shows how Christian theology s revisiting of its doctrine of the Trinity can lead to a fruitful consonance with the natural sciences The Living Human Document Charles V.
