Winning from Within

(Enhanced Edition) Erica Ariel Fox, 2013-09-24 The enhanced digital edition of *Winning from Within* features twelve exclusive video exercises not available in other editions of the book. In each video, negotiations and leadership expert Erica Ariel Fox offers practical tips, techniques, and stories to help you internalize this breakthrough method for creating lasting change in both your professional and your personal life. Whether you run a Fortune 500 company or serve as CEO of your household, negotiating effectively is crucial to leading wisely and living well. Leading and living are a series of constant negotiations. Consider what goes on during your typical week. Can you influence your client to accept your proposal? Will you persuade colleagues to give you the resources you need to finish your project? How will you ask your neighbor to switch carpool days so that you will finally have time to get to the gym? According to conventional wisdom, a win-win outcome is the hallmark of success. However, until now, advice on getting there has overlooked one crucial element. It turns out that the most important negotiations you have are the ones that drive the impact of your leadership and the quality of your life: the ones you have with yourself. What does negotiating with yourself mean? It's what happens when you want to stay at the office but also want to keep your promise to the family to get home in time for dinner. Or when one side of you votes to roll the dice and go for your dream job while another worries about paying the mortgage. It's what you do when one part of you wants to give your relationship every chance to work while another knows that this time it's really over. When you're of more than one mind about what to do, negotiating with yourself is an essential skill. Should you say yes or no, or should you stall for time? Offer an olive branch or lay down the law? Speak your mind or hold your peace? When you know how to win the tug-of-war inside of you, then you can get to yes in lasting and transformational ways. With honesty, humor, and fresh ideas, *Winning from Within* gives you a clear road map for knowing your inner world and a method for sorting yourself out. Whether you're struggling with a difficult customer or arguing with your spouse, by understanding what leadership and negotiation expert Erica Ariel Fox calls your inner negotiators, you'll learn to turn breakdowns into breakthroughs. With the insight and tools to get out of your own way, you'll find new avenues to realizing your dreams.

The Entirepreneur Bill Bolton, John Thompson, 2015-05-15 In this groundbreaking book, Bill Bolton and John Thompson present a completely new take on the conventional domains of entrepreneur, leader, and manager. They argue that in today's turbulent and uncertain world, businesses no longer have the time for a business cycle that begins with an entrepreneur, hands over to a manager, and finally brings in a strategic leader when things are flagging. The New Normal that now prevails requires that these things run together and calls for a new kind of all-rounder. Bolton and Thompson give us a new word to describe such a person: The ENTIREPRENEUR. The entirely competent person able to discern aright and make things happen. Drawing upon the successful person-centred approach of their books on entrepreneurs, they first tell the stories of over 40 entirepreneurs, demonstrating clearly that such people do exist. After discussing the New Normal context, they present a fascinating analysis that goes below the surface to describe the key Talent, Temperament, Technique, and Discernment attributes that explain the entirepreneur. Readers have the opportunity

to make a self evaluation of their own attribute strengths concluding with a final entrepreneur score This fascinating and insightful look at the entrepreneur is a clear pointer to what will be demanded of those who wish to succeed amid the vicissitudes of the New Normal

Inside the Ford-UAW Transformation Joel Cutcher-Gershenfeld, Dan Brooks, Martin Mulloy, 2025-05-13 How the partnership between Ford and the UAW forged through more than fifty pivotal events transformed their capacity to combine good jobs with high performance In 2009 the Ford Motor Company was the only one of the Big Three automakers not to take the federal bailout package How did Ford remain standing when its competitors were brought to their knees It was a gutsy decision but it didn't happen in isolation The United Auto Workers joined with Ford to make this possible not only in 2009 but in a series of more than fifty pivotal events during three decades that add up to a transformation that simultaneously values work and delivers results The pivotal events some planned and some unplanned some at the facility level and some at the enterprise level were not all successful All had the potential however to further the transformation and all provide insight into how large scale system change really happens The authors each with years of experience with Ford the UAW and the industry provide an unprecedented inside look at how core operating assumptions are shifted and at the emergence of integrated operating systems for quality safety and other aspects of the enterprise It is a transformation built on a foundation of dignity and mutual respect guided by a vision of combining good jobs with high performance

movement in early China focusing on the Mohists pursuit of power Fashioning themselves as grassroots activists the Mohists hoped to impact the elite by gaining entry in its community and influencing it from within To create a less violent world they deployed strategies of persuasion and negotiation but did not discard counterviolence in their dealings with the ruling class In executing their activism the Mohists produced knowledge that allowed them to hone their nonviolent strategies as well as to mount armed resistance to aggression In addition the Mohists paid significant attention to the issue of personhood constructing a self cultivation tradition unsparing in its demands for overcoming human conditions that would impede their

performance as activists This book situates Mohism in the history of nonviolent activism and in that of negotiation and conflict resolution
