Winning Trainer Julius E Eittington:

The Winning Trainer Julius E. Eittington, 2007-09-20 This book has more ideas on how to add involvement in learning than any one trainer could ever use Your students and workshop participants will increase their understanding and retention when you design training activities using The Winning Trainer This updated and expanded edition is richer than ever before It provides more than 100 ready made handouts learning instruments and worksheets all you do is photocopy numerous examples model dialogues and sample answers hundreds of exercises games puzzles role plays icebreakers and other group in action techniques samples of each technique and ways to effectively use them advice on subjects such as unwilling participants use of the outdoors breaks program endings and storytelling Significant new additions to the book include materials on the following topics new easier to accomplish approaches to evaluation ROE Return on Expectations and Customer Satisfaction as a business indicator a methodology to secure group feedback at the end of the program concerning the trainer facilitator s role and participation in the course an instrument for the early screening of likely obstacles when transferring training added techniques to ensure that training transfers to the job a demonstration of how to conduct a quick assessment of needs when under pressure to do so keys to successful training in other cultures several new instruments including how to assess one s prowess as a facilitator how to assess trust in a team and how to measure one s CQ creativity quotient Two new chapters have been added to treat new material on intelligence and learning principles of adult learning and distance learning In addition numerous new group in action techniques and conceptual materials have been added to the existing chapters This is the one stop source book every trainer needs *Training & Development For Dummies* Elaine Biech, 2015-05-26 Develop and deliver a robust employee training and development program Training and Development For Dummies gives you the tools you need to develop a strong and effective training and development program Covering the latest in talent development this informative guide addresses classroom virtual and blended learning to open up your options and help you design the program that s right for your company You ll explore the different modes of formal learning including social learning m learning and MOOCs and delve into the benefits and implementation of self directed and informal learning The discussion covers mentoring and coaching rotational and stretch assignments and how to align talent development with the company s needs You ll learn how to assess employee skills design and deliver training and evaluate each step of the process to achieve the goals of both the employee and the organization Most employees have some weaknesses in their skill sets A robust training program allows you to strengthen those skills and a development program brings all employees up to the highest possible level of productivity and success This book helps you create consistency in your company by developing and delivering the exact training and development program your people need Develop a strong training and development program Foster a supportive and innovative work environment Learn about social learning m learning and MOOCs Assess and evaluate your staff more effectively A great training and development program boosts

performance productivity job satisfaction and quality of services while reducing costs and supervision Investing in your employees gives an excellent ROI as talent development is a primary driver behind both motivation and loyalty Training and Development For Dummies shows you how to reap these benefits with step by step guidance and essential expert insight

Training For Dummies Elaine Biech,2011-03-04 Tackle training and development the fun and easy way so you can share your specialized knowledge with others Millions of Americans train others as part of their jobs Whether you re an employee training your co workers on a new process or skill a volunteer asked to train new volunteers a chef training your staff or a paramedic giving CPR training it s just as important to know how to teach others as it is to know what you re talking about It doesn t matter how much you know about your subject if you can t share it with others And that s where Training For Dummies comes in it offers all the nuts and bolts of training for anyone who has to educate others on any subject and in any field and it s written in plain English Covering all the modern interactive instructional methods and dynamic training approaches available this hands on guide will help you inspire trainees and keep them engaged throughout the training program You ll discover How to master the jargon of training The keys to using audio and visual aids effectively How to prepare for the training certification process Helpful ways to evaluate your results and improve your tactics Tips techniques and tidbits for enhancing your training sessions Methods that improve trainee participation Alternatives to the traditional lecture method Tactics for gauging and managing group dynamics Strategies for addressing problems in the classroom Hints for understanding and adapting to different learning styles Resources and other extra material you can immediately use The book has a part dedicated to the training profession so if you re interested in becoming a professional trainer you ll learn how to upgrade your skills and knowledge and what the trainer certification process entails You ll also gain a perspective on other aspects of the field of training Additionally Training For Dummies shows you ways to inject humor into your training sessions ideas for saving time in the training room and icebreakers that actually break the ice Get your own copy to start flexing your training muscle today

10 Steps to Successful Training Elaine Biech,2009-03-01 This is not your typical training book You won t find a traditional training cycle outline or a classic training table of contents Instead this book pinpoints the key actions necessary to successful training and focuses on the elements with the most influence on bottom line results Throughout the book you ll discover helpful ready to use tools worksheets evaluation forms tables checklists case studies and reminders and suggestions Whether you re a middle or upper level manager or a workplace learning or human resource professional 10 Steps to Successful Training can provide you with options for enhancing the learning environment in your organization Boost your success as a trainer and help others learn more effectively by investing in this essential guidebook today
