You Cant Say You Cant Play:

You Can't Say You Can't Play Vivian Gussin Paley, 1993-07-16 Who of us cannot remember the pain and humiliation of being rejected by our classmates However thick skinned or immune to such assaults we may become as adults the memory of those early exclusions is as palpable to each of us today as it is common to human experience We remember the uncertainty of separating from our home and entering school as strangers and more than the relief of making friends we recall the cruel moments of our own isolation as well as those children we knew were destined to remain strangers In this book Vivian Paley employs a unique strategy to probe the moral dimensions of the classroom She departs from her previous work by extending her analysis to children through the fifth grade all the while weaving remarkable fairy tale into her narrative description Paley introduces a new rule You can t say you can t play to her kindergarten classroom and solicits the opinions of older children regarding the fairness of such a rule We hear from those who are rejected as well as those who do the rejecting One child objecting to the rule says It will be fairer but how are we going to have any fun Another child defends the principle of classroom bosses as a more benign way of excluding the unwanted In a brilliant twist Paley mixes fantasy and reality and introduces a new voice into the debate Magpie a magical bird who brings lonely people to a place where a full share of the sun is rightfully theirs Myth and morality begin to proclaim the same message and the schoolhouse will be the crucible in which the new order is tried A struggle ensues and even the Magpie stories cannot avoid the scrutiny of this merciless pack of social philosophers who will not be easily caught in a morality tale *You Can t Say You Can t Play* speaks to some of our most deeply held beliefs Is exclusivity part of human nature Can we legislate fairness and still nurture creativity and individuality Can children be freed from the habit of rejection These are some of the questions The answers are to be found in the words of Paley s schoolchildren and in the wisdom of their teacher who respectfully listens to them **Never Too Young** Judy Miller, 2003-06-10 This practical handbook shows how young children under the age of eight can participate make decisions and take responsibility for their actions It provides early years workers with information about why participation works and techniques for involving children in the decisions that affect them *The Sociology of Childhood* William A. They Don't Like Me Jane Katch,2004-08-31 In her new book Jane Katch explores the painful problems of bullying teasing and exclusion Why she wonders does a young child just becoming aware of the existence of the group feel such a strong need to keep another child out And is it possible to teach children to create social groups that aren t defined by excluding others With her acute eye and deft pen Katch watches her class of four and five year olds begin to form exclusionary groups and tells us what happens as she tries to intervene Talking with her brother who teased her as a child with high school kids and as always with her class Katch comes to new understandings of why some kids bully and scapegoat how other kids get through the experience and how she as a teacher might intervene They Don t Like Me is at once a fascinating absorbing look into the social lives of children and a book for teachers and parents who are trying to understand how to prevent exclusion and how to support children who are being teased and bullied **Jack Harkaway at Oxford [by S.B.
