destruction of one's inner self to save everyone from the inner demons plaguing Dr Jekyll *Guardian Angel* Dr. Arnold Spero Bisase, 2012-10-19 Each nation has its heroes and its villains And whatever Historians may convey about either it only becomes meaningful to a people when it is told by their own because only they truly value and aspire to uphold and to protect their heritage A people any people stand to prescribe their own extinction once they choose to neglect their heritage The Author of *Guardian Angel* probes and fathoms this subject challenging the conscience of a people over their heritage the ups and downs which reflect man's aspirations through not just one or two or even three generations but ever because in life nothing stands still life is an endless cycle of happiness and sadness success and failure nobility and improbity The perennial constant in all this is integrity in fortitude Possessing or not possessing it identifies us with our Maker within our heritage
