Youth Policy And Social Inclusion Critical Debates With Young People

Simon Bradford

Youth Policy And Social Inclusion Critical Debates With Young People:

Youth Policy and Social Inclusion Monica Barry, 2005 Youth Policy and Social Inclusion takes a holistic and multidisciplinary approach to identify and analyze the factors which promote or discourage social inclusion of young people in society today

Youth Policy and Social Inclusion Monica Barry, 2005 Turns the problems of youth on its head questions the extent to which the attitudes policies practises of adults ignore exacerbate rather than acknowledge resolve problems related to young people s social inclusion

Japan's Emerging Youth Policy Tuukka Hannu Ilmari Toivonen, 2013 From the 1960s onwards Japan s rapid economic growth coincided with remarkably smooth transitions from school to work and with internationally low levels of youth unemployment However this changed dramatically in the 1990s and by the 2000s youth employment came to be recognized as a serious concern requiring an immediate response What shape did this response take Japan s Emerging Youth Policy is the first book to investigate in detail how the state experts the media as well as youth workers have reacted to the troubling rise of youth joblessness in early 21st century Japan The answer that emerges is as complex as it is fascinating but comprises two essential elements First instead of institutional carrots and sticks as seen in Europe actors belonging to mainstream Japan have deployed controversial labels such as NEET Not in Education Employment or Training to steer inactive youth into low wage jobs A second approach has been crafted by entrepreneurial youth support leaders that builds on what the author refers to as communities of recognition As illustrated in this book using evidence from real sites of youth support one such methodology consists of exploring the user i e the support receiver whereby complex disadvantages family relationships and local employment contexts are skilfully negotiated It is this second dimension in Japan s response to youth exclusion that suggests sustainable internationally attractive solutions to the employment dilemmas that virtually all post industrial nations currently face but which none have yet seriously addressed Based on extensive fieldwork that draws on both sociological and policy science approaches this book will be welcomed by students scholars and practitioners in the fields of Japanese and East Asian studies comparative social policy youth sociology the sociology of social problems and social work

Social Capital, Children and Young People Julie E. Allan, Ralph Catts, 2012 In this unique collection the social capital relationships and networks of children and young people and in one case parents and teachers is explored in a wide range of formal and informal settings

Work with Young People Jason J Wood, Jean Hine, 2009-03-19 The book covers a fascinating range of theory policy and practice research not covered elsewhere in one text The editors are to be congratulated Marian Charlton Leeds Metropolitan University The book offers a broad overview of the issues and literature and will be of immediate use It enables students to bring themselves up to date with contemporary concerns and changes in the field of community and youth work Jean Spence University of Durham This authoritative text is a must read for anyone working or training to work with young people It considers how theory policy and practice intersect and influence one another in today s challenging and rapidly changing social economic and political

contexts Offering a timely contribution to the debate it covers key themes and developments including how we understand the lives of young people the principles that underpin work with young people the policy and practice in a wide range of contexts both national and international the key concepts currently high on the policy and practice agenda An essential companion for the professional training of youth workers this core text will also be of interest and value to students in a wide range of fields such as education criminology and youth justice social work sociology and social policy *Sociology, Youth and Youth Work Practice* Simon Bradford, 2012-09-24 How can sociology inform our understanding of young people's experiences Introducing core theories by drawing on a range of cultural resources from pioneering research to genre defining films this book demonstrates how a sociological imagination can enhance informal educational and social welfare approaches to work with young people Re-engaging Young People in Education Martin Mills, Glenda McGregor, 2013-12-17 Many young people failed by the school system are those who face a range of social and economic challenges due to multiple forms of injustice This book provides an insight into the educational practices that work to re-engage young people who have become disenchanted with traditional schooling It examines the lives of students and workers who participate in education sites on the fringes of mainstream education and includes a rich tapestry of personal experiences from those who have been failed by their schooling experiences The book draws upon research of international relevance conducted in a range of Flexible Learning Centres and democratic schools in Australia and the UK it suggests that improving the retention levels of young people in formal education will require schooling practices to change Students who have become disengaged from mainstream schooling do re-engage in the learning process of many alternative schools indicating that teaching practices and forms of organisation which work in alternative sites can also provide lessons for mainstream schooling thereby encouraging a more socially just education system Included in the book contexts of contemporary schooling who chooses flexible learning centres and why democratic schools students and teachers working together teaching in the margins case studies oppositional alternatives All young people have the capacity to learn and to enjoy learning they do not fail school rather schools fail them The teachers workers and students who have shared their stories provide significant insights into how we might change this situation and the book will be invaluable reading for postgraduates and researchers in the fields of education the sociology of education school reform and social work

Transforming Exclusion Hannah Bacon, Wayne Morris, 2011-06-23 Transforming Exclusion is concerned with the interface between the study of religion theology and issues surrounding exclusion Religious beliefs can be important in shaping attitudes that can lead to the exploitation or marginalization of both humans and non humans At the same time religious beliefs and practices have much to offer in transforming the world creating a more equitable place for all who occupy it At other times the voices of members of religious communities are suppressed and marginalized by other more dominant religious or secular individuals or communities This book addresses all of these aspects of social exclusion and

aims to demonstrate that the study of theology and religion in addressing religious communities and society more widely have important contributions to make in creating a more just world The issue of exclusion is engaged with from a range of different perspectives by scholars involved in fieldwork with religious communities systematic contextual and practical theologians and practitioners involved in the preparation of individuals and groups for a range of ministries and professions

Youth Offending in Transition Monica Barry, 2006-08-21 Taking a new approach to youth crime this book argues that the transition from childhood to adulthood can be an isolating and disempowering experience for young people Children and young people are inherently vulnerable because of their age and status they are a minority group with the potential for being exploited discriminated against dominated and disrespected by adults Youth Offending in Transition explores how their treatment by adult society may lead young people to resort to crime as a means of gaining respect from their peers Using concepts of capital and the narratives of young offenders themselves this book is based on original research into the reasons why young people start and stop offending It discusses the following topics criminal theory and the significance of youth transitions to the age crime curve social identity and reputation amongst young people social inequalities and their influence on youth transitions the criminalization and discrimination of young people by adults the importance of social recognition in reducing offending

Young Adult Offenders Friedrich Lösel, A. E. Bottoms, David P. Farrington, 2012 This book brings together leading authorities in the field to analyse theoretical empirical and policy issues relating to this neglected group of people exploring different approaches to both crime prevention and offender treatment
