Yuri Bezmenov:

Yuri Bezmenov Charles River,2020-12-12 Includes pictures Includes a bibliography for further reading The main emphasis of the KGB is not in the area of intelligence at all Only about 15% of time money and manpower is spent on espionage and such The other 85% is a slow process which we call either ideological subversion or active measures or psychological warfare Yuri Bezmenov The KGB is one of the most famous abbreviations of the 20th century and it has become synonymous with the shadowy and often violent actions of the Soviet Union s secret police and internal security agencies In fact it is often used to refer to the Soviet state security agencies throughout its history from the inception of the inception of the Cheka Extraordinary Commission in 1917 to the official elimination of the KGB in 1992 Whether it s associated with the Russian Civil War s excesses Stalin s purges and even Vladimir Putin the KGB has long been viewed as the West s biggest bogeyman during the second half of the 20th century Inevitably some of the Cold War s most shadowy actions involved trying to turn Soviet assets whether for propaganda or intelligence purposes but the Soviet system constantly had to worry about defections as evidenced by the construction of the Berlin Wall in the early 1960s That said while the whistleblowers may be celebrated if they damage the public relations of an adversary they can be controversial if they damage one s own country as evidenced by the polarizing reputations of individuals like Edward Snowden and Julian Assange Yuri Bezmenov was among the first Soviet whistleblowers to attract attention on a global scale and interest in his story has recently been revived thanks to his surprising cameo in the teaser trailer for Call of Duty Black Ops Cold War in August 2020 This came despite the fact he was far from the first ex KGB agent or Russian to pull back the curtains on the Russian government and reveal the harrowing truths they were once sworn to harbor as well as the disconcerting covert operations of which they once allegedly partook In fact the history of Russian defectors who later emerged as informants in the name of public interest stretches back to the 16th century when Andrey Kurbsky a former boyar high ranking military commander and trusted adviser to Tsar Ivan the Terrible decamped to Lithuania on April 30 1564 Nonetheless Bezmenov remains known for his works after becoming disillusioned with the Soviet system in middle age his interest in India and his ultimate defection to Canada which led to him railing against Soviet communism in various lectures and works throughout the 1980s Yuri Bezmenov The Life and Legacy of the Influential KGB Informant Who Defected to the West chronicles how Bezmenov went from the KGB to a thunderous anti Soviet activist in America in the 1980s Along with pictures of important people and places you will learn about Bezmenov like never before

Don't Believe the Hype!! (First Revision) C. Brian Madden,2017-05-11 Ever ask the question Why today s Millennials in America s Black Community seem so mad at the world and don t care whether they live

or die these days There is a reason for it and it is being done on purpose to destroy this country It s called Communism And it is Real Don t Believe the Hype First Revision is an explosive book which investigates how and why Communist Subversion Perversion has taken over the African American Community with the sole intent to use and destroy them while simultaneously destroying the rest of United States of America from within Using Historical Facts from the Mid 19th Century to the present era Don t Believe the Hype will surely spark Geo political conversations between people of all races genders and back grounds What the Hell Is Going On? The Web of Fraud That Is Enslaving Everyone and How We Can Escape to Freedom Donald Lee,2022-10-20 Why does nothing make sense How can there be a climate emergency when the climate has not changed noticeably during my lifetime How can we fight a War on Drugs for fifty years and the drug problem gets worse How can we fight a War on Terror for two decades yet there s more terror than ever How could there be a worldwide pandemic when there were no excess deaths anywhere in 2020 Why is the answer to every problem more power and control for governments yet they never solve the problems Why is it that the real power doesn t seem to be in elected governments at all Every government in the world seems to be taking its marching orders from the World Economic Forum What the Hell Is Going On What s the connection between all these things Is it all just an accident These events seem to be planned but even if they aren t it doesn t matter Like pregnancy planned or unplanned the result is the same Whether by accident or conspiracy we are on the road to totalitarian slavery It s not hard to understand But it s hard to believe It is unbelievable You have to see the evidence to believe it That what this book is about evidence Donald Lee pulls together evidence from a dozen disciplines to connect the dots on a web of fraud that is leading inexorably to a one world totalitarian tyranny That s the path we re on But we can still get on a different path We re in World War III It s a 5th generation war so it doesn t even seem like war At its root it is a spiritual war and spiritual wars are fought within My favorite line from the book is In this spiritual war our strategy is love our tactic is forgiveness our weapon is non violent non cooperation I couldn t agree more Karen Kan M D In What the Hell Is Going On spiritual author Donald Lee takes you on a journey of unfolding enlightenment He shows you how To perceive differently so you can perceive what is really going on The Marxist Philosophy of Death has slowly marched through the institutions and culture of the Western world The tactics of communist subversion have overwhelmed our society and nobody noticed Mass formation psychosis has blinded people to reality making them immune to reason and common sense in every fraud We still have the structure of democracy in the Western world but all governance is really functioning as a dictatorship the Policy Hierarchy The central bank digital currencies about to be unleashed on the world will trap everyone in the iron grip of a greater slavery than the world has ever known and from which there will be no escape The time to escape is NOW It is already late If we delay much longer all hope will be lost YOU must act NOW To turn back the totalitarianism and bring a new rebirth of freedom Turning back to democracy means turning back to God means exposing the lies and uncovering the truth particularly the truth of who you really are an eternal child of God a being of Light and Love

Cultural Marxism: The War On Consciousness Dr. Niranjana B. Poojar,2025-01-24 In this book Dr Niranjana B Poojar critically examines the evolution of Marxist ideology into cultural domains and its impact on societal structures values and traditions The book traces historical narrative warfare against Bharat highlighting invasions colonial manipulations and the ideological subversion that infiltrated cultural institutions like family education and media It explores movements like cancel culture and wokeism analysing their role in destabilising social cohesion and eroding indigenous values Calling for a reinvigoration of Bharatiya philosophy the book emphasises the need to counter these forces and reclaim cultural resilience for a harmonious and empowered future **Foreign Disinformation in America and the U.S. Government's Ethical**

Obligations to Respond Brian Murphy,2023-04-18 The U S no longer has a free marketplace of ideas Instead the marketplace is saturated with covert foreign backed disinformation And despite the ethical obligations to act successive administrations have done nothing Additionally the decline in trust has left the door open for populism and illiberalism to enter Some believe the very fabric of American liberalism is at stake So what are the ethical responsibilities of the executive branch to counter covert campaigns such as the one coming from Russian backed disinformation circulating within the US Why has the government failed to act So far the practical challenges are daunting if the executive branch addresses the threat to the homeland The process to limit this problem is wrought with profound political implications By its very nature social media based disinformation is inextricably linked with existing complex societal cleavages the First Amendment and politics But the failure to do anything is a serious abdication of the government s ethical responsibilities This raises the question of where the line is for government intervention This work provides answers **Dialectical Leftism's Assault on**

Canada Mavros Whissell,2024-09-16 Canada is battleground to a Western culture war The seeds for that contest were sown after Karl Marx published the Manifesto of the Communist Party in 1848 It took just thirty years for that radicalism to cross the Atlantic and invade the New World Dialectical leftism s assault on Canada spread like a slow but deadly virus Before it could be successfully treated it mutated under subsequent waves of radical ideology Under its increasing influence the Canadian state began to realign during the Pierre Elliot Trudeau years This ideological trajectory was forcefully reinvigorated through Pierre s eldest son Justin Dialectical leftism s current targets face Neo Marxist postmodern accusations of systemic racism and White supremacy This woke ideology the most recent iteration of dialectical leftism threatens to tear the West apart How exactly did Canada get to this point What can we do about it Find out in the very book you hold *Russian Active Measures* Olga Bertelsen,2021-03-30 The contributions gathered in this fascinating collection in which scholars from a diverse range of disciplines share their perspectives on Russian covert activities known as Russian active measures help readers observe the profound influence of Russian covert action on foreign states policies cultures people s mentality and social institutions past and present Disinformation forgeries major show trials cooptation of Western academia memory and cyber wars and changes in national and regional security doctrines of states targeted by Russia constitute an incomplete list of topics discussed in this volume Most importantly through a nexus of perspectives and through the prism of new documents discovered in the former KGB archives the texts highlight the enormous scale and the legacies of Soviet Russian covert action Because of Russia s annexation of Crimea in 2014 and its on going war in Ukraine s Donbas Ukraine lately gained international recognition as the epicenter of Russian disinformation campaigns invigorating popular and scholarly interest in conventional and non conventional warfare The studies included in this collection illuminate the objectives and implications of Russia s attempts to ideologically subvert Ukraine as well as other nations Examining them through historical lenses reveals a cultural clash between Russia and the West in general
