Zen Training Katsuki Sekida, 2005-09-13 This pioneering guide to zazen Zen style seated meditation provides practical instructions on how to begin or elevate your practice and progress along the Zen path Zen Training is a comprehensive handbook for zazen seated meditation practice and an authoritative presentation of the Zen path The book marked a turning point in Zen literature in its critical reevaluation of the enlightenment experience which the author believes has often been emphasized at the expense of other important aspects of Zen training In addition Zen Training goes beyond the first flashes of enlightenment to explore how one lives as well as trains in Zen The author also draws many significant parallels between Zen and Western philosophy and psychology comparing traditional Zen concepts with the theories of being and cognition of such thinkers as Heidegger and Husserl

Two Zen Classics, 2005-09-13 A new translation of The Gateless Gate and The Blue Cliff Records two classic collections of Zen koans or guiding riddles used in the study of Zen Buddhism The strange verbal paradoxes called koans have been used traditionally in Zen training to help students attain a direct realization of truths inexpressible in words The two works translated in this book Mumonkan The Gateless Gate and Hekiganroku The Blue Cliff Records both compiled during the Song dynasty in China are the best known and most frequently studied koan collections and are classics of Zen literature They are still used today in a variety of practice lineages from traditional zendos to modern Zen centers In a completely new translation together with original commentaries the well known Zen teacher Katsuki Sekida brings to these works the same fresh and pragmatic approach that made his Zen Training so successful The insights of a lifetime of Zen practice and his familiarity with both Eastern and Western ways of thinking make him an ideal interpreter of these texts

Introduction to Zen Koans James Ishmael Ford, 2018-06-05 An indispensable guide to koans teaching the reader about the importance of lineage the practice of just sitting and koan practice as paths to awakening This marvelous book opens the treasure house of Zen and yet happily does not dispel its mystery James Ford an excellent storyteller and longtime Zen practitioner presents a detailed and beautiful description of the craft of zazen including just sitting and various forms of breath meditation but focuses primarily on koan introspection The power of koans these public cases from China has never ceased to enrich my own experience of Zen They

are a medium of exploration of the history culture and view of Zen but most importantly are a medium of awakening James Ford is fundamentally a koan person and for this the book is particularly rich opening the practice of koans in a splendid way I am grateful for his long experience as a teacher and practitioner of this rare and powerful practice Since the word koan has found its way into popular English usage I am grateful too for the more nuanced and fertile view of koans that Ford presents His definition of the word is telling a koan points to something of deep importance and invites us to stand in that place He has also has created a wonderful translation of the Heart Sutra Zen's central scripture and carefully opens up the heart of the Heart Sutra through scholarship and practice Rich in textual sources and woven throughout with the perspectives of contemporary teachers Introduction to Zen Koans sheds new light on ancient teachings Through it the reader will discover the importance of lineage the traceless traces of the Zen ancestors and the places of just sitting and koan practice as paths to awakening as the great doorways into Zen from the foreword by Joan Halifax *Cultivating Perfection* Louis

Komjathy,2007-09-30 This important work focuses on early Quanzhen Complete Perfection Daoism a twelfth century Daoist religious movement and subsequent monastic order Emphasis in this first study to approach Quanzhen from a comparative religious studies perspective is placed on the complex interplay among views of self specific training regimens and the types of experiences that were expected to follow from dedicated praxis On the basis of historical contextualization and textual analysis it is demonstrated that in its formative and incipient organized phases Quanzhen was a Daoist religious community consisting of a few renunciants dedicated to religious praxis The study proper is followed by a complete annotated translation of a text attributed to the founder which represents one of only two early Quanzhen texts translated to date Subsequent appendices address issues of dating and contents of the early textual corpus as well as technical Quanzhen religious terminology **Iris Murdoch and the Western Theological Imagination** Miles Leeson,Frances White,2025-07-26

Scholarly interest in theological aspects of Murdoch's fiction and philosophy took off slowly It was thirty years after her writing debut that the first work taking detailed notice of the theological language deployed by this overtly atheist author appeared and it was a further decade before theologians began to engage with Murdoch's work together But it was not until the twenty first century that this aspect of Murdoch's thought and imagination began to receive sustained attention This collection seeks to build on this foundation begun forty years ago and to expand the work in this area of Murdoch studies which has lately been gathering momentum This project consolidates earlier discussion of the vital part theology plays in Murdoch's thought and then takes the debate in new directions Contributors include a wide range of current Murdoch scholars from diverse disciplines who develop debate about this subject in a variety of innovative and fruitful ways to inspire future works in this area of Murdoch studies **The Routledge Handbook of Buddhist-Christian Studies** Carol Anderson,Thomas Cattoi,2022-09-30 Buddhist Christian dialogue has a long and complex history that stretches back to the first centuries of the common era Comprising 42 international and disciplinarily diverse chapters this volume begins by

setting up a framework for examining the nature of Buddhist Christian interreligious dialogue discussing how research in this area has been conducted in the past and considering future theoretical directions Subsequent chapters delve into important episodes in the history of Buddhist Christian dialogue contemporary conversations such as monastic interreligious dialogue multiple religious identity and dual religious practice and Buddhist Christian cooperation in social justice social engagement pastoral care and interreligious education settings The volume closes with a section devoted to comparative and constructive explorations of different speculative themes that range from the theological to the philosophical or experiential This handbook explores how the study of Buddhist Christian relations has been and ought to be done The Routledge Handbook of Buddhist Christian Studies is essential reading for researchers and students interested in Buddhist Christian studies Asian religions and interreligious relationships It will be of interest to those in fields such as anthropology political science theology and history
