Dolgyal Shugden The Dolgyal Shugden Research Society, 2014-05-02 Many visitors attending public talks and teachings of the Dalai Lama have been shocked to encounter nearby crowds of angry protesters people dressed in Tibetan Buddhist monastic robes proclaiming the Dalai Lama to be a liar hypocrite dictator etc and accusing him of robbing them of their religious freedom *Dolgyal Shugden A History* reveals with clear evidence how these protests have been organized by a Tibetan monk Kelsang Gyatso and have been coordinated and populated by his followers members of his New Kadampa Tradition It also provides in depth research to show how though the demonstrations purport to object to the Dalai Lama's repudiation of their worship of the Dolgyal Shugden considered by most Tibetans to be a mundane somewhat demonic spirit their main aim is simply to attack the Dalai Lama by damaging his reputation in parallel with the present Chinese government's worldwide attempts to do the same This book seeks to clarify the ignorance and misconceptions surrounding the Dolgyal Shugden spirit cult and its relationship with the Dalai Lamas of Tibet and goes on to further analyze the record and development of the schismatic New Kadampa Tradition unveiling the cultic structures and dogmas the financial mechanisms the international affiliations and the driving motivations of its leadership that keep it running and expanding its missionary activities

A History of Modern Tibet, Volume 4 Melvyn C. Goldstein, 2019-10-22 It is not possible to understand contemporary politics between China and the Dalai Lama without understanding what happened in the 1950s especially the events that occurred in 1957-59 The fourth volume of Melvyn C Goldstein's History of Modern Tibet series *In the Eye of the Storm* provides new perspectives on Sino Tibetan history during the period leading to the Tibetan Uprising of 1959 The volume also reassesses issues that have been widely misunderstood as well as stereotypes and misrepresentations in the popular realm and in academic literature such as in Mao's policies on Tibet Volume 4 draws on important new Chinese government documents published and unpublished memoirs new biographies and a large corpus of in depth specially collected political interviews to reexamine the events that produced the March 10th uprising and the demise of Tibet's famous Buddhist civilization The result is a heavily documented analysis that presents a nuanced and balanced account of the principal players and their policies during the critical final two years of Sino Tibetan relations under the Seventeen Point Agreement of 1951

perceived and the historical context in which those changes took place The author investigates the complicated means by which various social and political groups contested with each other in appropriating cultural religious symbols The question at the core of the book is how in a given historical context human agents and social institutions shape the religious world to which they profess devotion The work offers a holistic approach to religion in a period of Chinese history when central local official clerical and popular power are constantly negotiating and reshaping established values
