Peterson, Sheldon Anderson**

Tide Players The Movers And Shakers Of A Rising China:

Tide Players Jianying Zha,2011-03-29 In *Tide Players* acclaimed New Yorker contributor and author Jianying Zha depicts a new generation of movers and shakers who are transforming modern China Through half a dozen sharply etched and nuanced profiles *Tide Players* captures both the concrete detail and the epic dimension of life in the world's fastest growing economy Zha's vivid cast of characters includes an unlikely couple who teamed up to become the country's leading real estate moguls a gifted chameleon who transformed himself from Mao's favorite barefoot doctor during the Cultural Revolution to a publishing maverick and a tycoon of home electronic chain stores who insisted on avenging his mother who had been executed as a counter revolutionary criminal Alongside these entrepreneurs Zha also brings us the intellectuals a cantankerous professor at China's top university a former cultural minister turned prolific writer and Zha's own brother a dissident who served a nine year prison term for helping to found the China Democracy Party Deeply engaging lucid and poignant Zha's insightful insider outsider portraits offer a picture of a China that few Western readers have seen before *Tide Players* is essential reading for anyone seeking to understand today's China *Liu Zaifu: Selected Critical Essays* Zaifu

Liu,2021-06-17 Liu Zaifu is a name that has already been ingrained within contemporary Chinese literary history This landmark volume presents Anglophone readers with Liu's profound reflections on Chinese literature and culture at different times The essays collected here demonstrate Liu's historical experience and trajectory as an exiled Chinese intellectual who persistently safeguards the individuality and the autonomy of literature refusing to succumb to political manipulation Liu's theory of literary subjectivity has opened ways for Chinese writers to thrive and innovate His panoramic view not only unravels the intricate interplay between literature and politics but also firmly regards the transcendental value of literature as a significant ground to subvert revolutionary dogmatism and criticize Chinese modernity Rather than drawing upon the existing paradigm he reinvents his own unique theoretical conceptions in order to exile the borrowed gods **The Oxford**

Illustrated History of Modern China Jeffrey N. Wasserstrom,2016-06-16 This lavishly illustrated volume explores the history of China during a period of dramatic shifts and surprising transformations from the founding of the Qing Dynasty 1644 1912 through to the present day The *Oxford Illustrated History of Modern China* promises to be essential reading for anyone who wants to understand this rising superpower on the verge of what promises to be the Chinese century introducing readers to important but often overlooked events in China's past such as the bloody Taiping Civil War 1850 1864 which had a death toll far higher than the roughly contemporaneous American Civil War It also helps readers see more familiar landmarks in Chinese history in new ways such as the Opium War 1839 1842 the Boxer Uprising of 1900 the rise to power of the Chinese Communist Party in 1949 and the Tiananmen protests and Beijing Massacre of 1989 This is one of the first major efforts and in many ways the most ambitious to date to come to terms with the broad sweep of modern Chinese history taking readers from the origins of modern China right up through the dramatic events of the last few years the Beijing Games the

financial crisis and China's rise to global economic pre-eminence which have so fundamentally altered Western views of China and China's place in the world **China After Mao** Frank Dikötter, 2022-09-29 _____ A SPECTATOR AND NEW STATESMAN BOOK OF THE YEAR A revolutionary book Sunday Times A pulsating account that makes clear how important it is to look beneath the surface when it comes to any period or region in history but above all to China Peter Frankopan TLS Essential reading for anyone who wants to know what has shaped today's China and what the Chinese Communist Party's choices mean for the rest of the world New Statesman Books of the Year Choice Outstanding Academic Title 2023 _____ From the Samuel Johnson Prize winning author of Mao's Great Famine a timely and compelling account of China in the wake of Chairman Mao In China After Mao award winning historian Frank Dikötter explores how the People's Republic of China was transformed from a backwater economy in the 1970s into the world superpower of today His account is the first to be based on hundreds of previously unseen archival documents from the secret minutes of top party meetings to confidential bank reports Unfolding with great narrative sweep this riveting richly detailed chronicle recasts our understanding of an era that both the regime and foreign admirers celebrate as an economic miracle In charting four decades of so called Reform and Opening Up and China's emergence as a world power Dikötter tells a fascinating tale of contradictions and illusions of shadow banking anti corruption drives and extreme state wealth standing alongside everyday poverty He examines China's approach to the 2008 financial crash the country's increasing hostility towards perceived Western interference and its development into a thoroughly entrenched dictatorship one equipped with a sprawling security apparatus and the most sophisticated surveillance system in the world Ultimately the book concludes the communist party's goal was never to join the democratic sphere but to resist it and then defeat it Praise for Frank Dikötter and the People's Trilogy Harrowing and brilliant Ben Macintyre The historian of China Spectator One of the few books that anyone who wants to understand the twentieth century simply must read New Statesman The seminal English language work on the subject Sunday Times Gripping and masterful Simon Sebag Montefiore **China in the 21st Century** Jeffrey N. Wasserstrom, Maura Elizabeth Cunningham, 2018-03-12 In this fully revised and updated third edition of China in the 21st Century What Everyone Needs to Know Jeffrey N. Wasserstrom and Maura Elizabeth Cunningham provide cogent answers to urgent questions regarding the world's newest superpower and offer a framework for understanding China's meteoric rise from developing country to superpower Framing their answers through the historical legacies Confucian thought Western and Japanese imperialism the Mao era and the Tiananmen Square massacre that largely define China's present day trajectory Wasserstrom and Cunningham introduce readers to the Chinese Communist Party the building boom in Shanghai and the environmental fallout of rapid Chinese industrialization They also explain unique aspects of Chinese culture such as the one child policy and provide insight into Chinese American relations a subject that has become increasingly fraught during the Trump era As Wasserstrom and Cunningham draw parallels between China and other industrialized nations during their

periods of development in particular the United States during its rapid industrialization in the 19th century they also predict how we might expect China to act in the future vis vis the United States Russia India and its East Asian neighbors Updated to include perspectives on Hong Kong s shifting political status as well as an expanded discussion of President Xi Jinping s time in office China in the 21st Century provides a concise and insightful introduction to this significant global power

International Studies Stanley Toops, Mark Allen Peterson, Walt Vanderbush, Naaborle Sackeyfio, Sheldon Anderson, 2021-09-27 This book provides a much needed classroom text in international studies that is genuinely interdisciplinary in its approach International Studies focuses specifically on five core disciplines history geography anthropology political science and economics and describes them in relation to one another as well as their individual and collective contributions to the study of global issues The expert authors also emphasize the continuing importance of area studies within an interdisciplinary and global framework applying its interdisciplinary framework to substantive issues in seven regions Europe East Asia and the Pacific South and Central Asia sub Saharan Africa the Middle East and North Africa Latin America and North America This new edition has been completely updated and substantially revised with two new chapters on Media Sovereignty and Cybersecurity and Sustainable Development This disciplinary and regional combination offers a useful and cohesive framework for teaching students a substantive and comprehensive approach to understanding global issues

China Dreams William Callahan, 2013-06-06 To understand how China is shaping the twenty first century China Dreams eavesdrops on conversations between officials scholars bloggers novelists film makers and artists Rather than pitting Confucian China against the democratic west Callahan weaves Chinese and American ideals together to describe a new Chimerican dream

The Dictator's Dilemma Bruce Dickson, 2016-05-16 Many observers predicted the collapse of the Chinese Communist Party following the Tiananmen Square crackdown in 1989 and again following the serial collapse of communist regimes behind the Iron Curtain Their prediction however never proved true Despite minor setbacks China has experienced explosive economic growth and relative political stability ever since 1989 In The Dictator s Dilemma eminent China scholar Bruce Dickson provides a comprehensive explanation for regime s continued survival and prosperity Dickson contends that the popular media narrative of the party s impending implosion ignores some basic facts The regime s policies may generate resentment and protest but the CCP still enjoys a surprisingly high level of popular support Nor is the party is not cut off from the people it governs It consults with a wide range of specialists stakeholders and members of the general public in a selective yet extensive manner Further it tolerates and even encourages a growing and diverse civil society even while restricting access to it Today the majority of Chinese people see the regime as increasingly democratic even though it does not allow political competition and its leaders are not accountable to the electorate In short while the Chinese people may prefer change they prefer that it occurs within the existing political framework In reaching this conclusion Dickson draws upon original public opinion surveys interviews and published materials to explain why there is so much popular

support for the regime This basic stability is a familiar story to China specialists but not to those whose knowledge of contemporary China is limited to the popular media The Dictator's Dilemma an engaging synthesis of how the CCP rules and its future prospects will enlighten both audiences and will be essential for anyone interested in understanding China's increasing importance in world politics

The Oxford History of Modern China Jeffrey N. Wasserstrom, 2022-01-27
 excellent LSE Review of Books China is the world's most populous country and newest superpower whose place on the international stage can only be understood through the lens of its modern history The Oxford History of Modern China is essential reading for anyone who wants to understand this rising power in what promises to be the Chinese century Covering the period of dramatic shifts and surprising transformations which comprise China's modern history the book spans from the founding of the Qing Dynasty 1644 1912 to the present day It introduces readers to important but often overlooked events in China's past such as the bloody Taiping Civil War 1850 1864 and also sheds new light on more familiar landmarks in Chinese history such as the Opium War 1839 1842 the Boxer Uprising of 1900 the rise to power of the Chinese Communist Party in 1949 the Tiananmen protests and Beijing Massacre of 1989 and China's rise to economic superpower status in the 21st century A new chapter for this edition brings the story into the era of Xi Jinping

Cool War Noah Feldman, 2015-09-01 A bold and thought provoking look at the future of U S China relations and how their coming power struggle will reshape the competitive playing field for nations around the world The Cold War seemingly ended in a decisive victory for the West But now Noah Feldman argues we are entering an era of renewed global struggle the era of Cool War Just as the Cold War matched the planet s reigning superpowers in a contest for geopolitical supremacy so this new age will pit the United States against a rising China in a contest for dominance alliances and resources Already visible in Asia the conflict will extend to the Middle East U S backed Israel versus Chinese backed Iran Africa and beyond Yet this Cool War differs fundamentally from the zero sum showdowns of the past The world s major power and its leading challenger are economically interdependent to an unprecedented degree Exports to the U S account for nearly a quarter of Chinese trade

while the Chinese government holds 8 percent of America's outstanding debt. This positive-sum interdependence has profound implications for nations, corporations, and international institutions. It makes what looked to be a classic contest between two great powers into something much more complex, contradictory, and badly in need of the shrewd and carefully reasoned analysis that Feldman provides. To understand the looming competition with China, we must understand the incentives that drive Chinese policy. Feldman offers an arresting take on that country's secretive hierarchy, proposing that the hereditary princelings who reap the benefits of the complicated Chinese political system are actually in partnership with the meritocrats who keep the system full of fresh talent, and the reformers who are trying to root out corruption and foster government accountability. He provides a clear-eyed analysis of the years ahead, showing how China's rise presents opportunities as well as risks. Robust competition could make the U.S. leaner, smarter, and more pragmatic, and could drive China to greater respect for human rights. Alternatively, disputes over trade, territory, or human rights could jeopardize the global economic equilibrium or provoke a catastrophic hot war that neither country wants. The U.S. and China may be divided by political culture and belief, but they are also bound together by mutual self-interest. Cool War makes the case for competitive cooperation as the only way forward that can preserve the peace and make winners out of both sides. Praise for Cool War: A timely book, sharp, logical, and cool. *The Economist*. Noah Feldman's dissection of the United States-China relationship is smart, balanced, and wise. Robert D. Kaplan, *New York Times* bestselling author of *The Revenge of Geography*. Compelling. Feldman's book carries enough insight to warrant serious attention from anyone interested in what may well be the defining relationship in global affairs for decades to come. *Kirkus Reviews*. A worthwhile and intriguing read. *The Washington Post*. Masterfully elucidates China's non-democratic, non-communist new form of government. *Publishers Weekly*.

Going Places Robert Burgin, 2013-01-08. Successfully navigate the rich world of travel narratives and identify fiction and nonfiction read-alikes with this detailed and expertly constructed guide. Just as savvy travelers make use of guidebooks to help navigate the hundreds of countries around the globe, smart librarians need a guidebook that makes sense of the world of travel narratives. *Going Places: A Reader's Guide to Travel Narratives* meets that demand, helping librarians assist patrons in finding the nonfiction books that most interest them. It will also serve to help users better understand the genre and their own reading interests. The book examines the subgenres of the travel narrative genre in its seven chapters, categorizing and describing approximately 600 titles according to genres and broad reading interests, and identifying hundreds of other fiction and nonfiction titles as read-alikes and related reads by shared key topics. The author has also identified award-winning titles and spotlighted further resources on travel lit, making this work an ideal guide for readers, advisors, as well as a book general readers will enjoy browsing.

Shanghai Future Anna Greespan, 2014-11-15. Charts the changing landscape of Shanghai as it embraces modernity. [The Statesman's Yearbook 2015](#). B. Turner, 2016-12-27. Now in its 151st edition, *The Statesman's Yearbook* continues to be the reference work of choice for accurate and reliable information on every country in the world.
