Liberty Epic of Shadows L. A. Espriux, 2019 Liberty Epic of Shadows interweaves shades of the past present and future into a dynamic tapestry designed on global scale that spans centuries through a trail of human history beginning with the discovery of a New World What is the connection between the rebirth of the Holy Roman Empire during the dynastic reign of the Spanish Hapsburgs and a small cotton mill town in twentieth century post industrial south What is the lost meaning of Xeantee Aconee left behind by an obscure North American tribe of Indians and a present day monster named Westbaily Are both fiendish embodiments of imminent judgment or messenger angels of deliverance To the locals of 1960 Viet Nam era America Liberty Swamp is a place laced with unknown dangers manifesting imagined terror of life's inevitability a place avoided through slumbered existence But this epic is not just about fallen dynasties repetitious wars or chimeras of shadow It weaves the mortal fabric of human experience into a lattice of concentric patterns that never really change It unveils the defined origin of evil in human desire by comparing gifts from Mammon forged of weaker elements to the essence of things made from eternal substance provided by the architect of creation in the fullness of every season At the twilight of his days a man named David reluctantly made a king of Israel stands humble before the twelve tribes This after the siege of Jesus declared Jerusalem a city dedicated to the God of Covenant he bows his head and blesses the Lord of heaven and earth Both riches and honor come of thee and thou reigns over all and in your hand is power and might and in your hand it is to make great and to give strength unto all Now therefore our God we thank thee and praise thy glorious name But who am I and what is my people that we should be able to offer so willingly after this sort For all things come from you and of your own have we given thee For we are strangers before thee and sojourners as were all our fathers our days on the earth are as a shadow and there is none abiding 1 chronicles chapter 29 Verses 12-15

Teaching Through the Ill Body Marla Morris, 2008-01-01 This book raises questions around pedagogy and illness Morris explores two large issues that run through the text What does the ill body teach What does the teacher do through the ill body The body has something to teach while teaching through the ill body This book is theoretically framed by connections between spirituality and aesthetics As the great spiritual traditions teach our responsibility as teachers is to help others especially those who are marginalized What is lacking in our educational discourse is a discussion of the responsibility we all have to help those who get sick and not marginalize them More specifically pedagogical and

curricular questions are fleshed out through working in the area of curriculum studies depth psychology and the medical humanities These three disciplines have something in common autobiography But in the field of curriculum studies autobiographies pathographies of sickness are few and far between This book is meant to fill that gap in the educational literature This pathography is a study that explores the mysteries of suffering storytelling memory and poesis Compassion woundedness vulnerability testimony and authenticity are all issues Morris raises here Teachers scholars depth psychologists and medical educators might be particularly interested in this intensely felt narrative about what it is like for teachers to teach while suffering from chronic illness

The Mythmaker Carter Wheelock, 2014-05-29 Readers who are intrigued though often mystified by the intellectual fantasies of Jorge Luis Borges will find this book a revelation a skeleton key to one of the most fundamental and baffling aspects of Borges's fictions the pattern of symbolism with an inner meaning Carter Wheelock's study reduces a number of literary and intellectual abstractions to concrete terms enabling the reader to understand Borges's fantasies in ways that show them to be not so fantastic after all Indeed they are amazingly consistent and minutely accurate in their symbolic depiction of the magic universe of the mind Wheelock also discusses the affinity between Borges's philosophical idealism and his esthetic of the intelligence the relationship between these and the esthetic ideas of French Symbolism and the influence on his fictions of the Rubiyat of Omar Khayyam Why is it that this writer's writer from the Argentine erudite allusive elusive has attracted such international attention In Wheelock's opinion it is because he has symbolized in his short stories the fundamental form of the human consciousness the functioning of the imaginative world creating mechanism and the eternal battle between form and chaos The Mythmaker is concerned with elucidating the particulars of Borges's fictional works but even as it does so it also reveals their universality
