Cut and stitch as shown above using color key provided. (of course change the background color to match your decor)

Leave the first two rows and last two rows of the wrap unstitched for now. After stitching all the rest, gently roll the canvas short ends toward each other and overlap the unstitched area. Using the same stitch pattern as the rest of the wraps background color (and border if it applies) stitch through the two layers to form the wrap. Overcast top and bottom edges with matching color.
