Good Night, Irene Luis Alberto Urrea, 2023-05-30 This New York Times bestselling novel tells an exhilarating World War II epic that chronicles an extraordinary young woman's heroic frontline service in the Red Cross. Urrea's touch is sure; his exuberance carries you through. He is a generous writer not just in his approach to his craft but in the broader sense of what he feels necessary to capture about life itself. Financial Times. In 1943 Irene Woodward abandons an abusive fiancé in New York to enlist with the Red Cross and head to Europe. She makes fast friends in training with Dorothy Dunford, a towering Midwesterner with a ferocious wit. Together they are part of an elite group of women nicknamed Donut Dollies who command military vehicles called Clubmobiles at the front line, providing camaraderie and a taste of home that may be the only solace before troops head into battle. After D-Day, these two intrepid friends join the Allied soldiers streaming into France. Their time in Europe will see them embroiled in danger from the Battle of the Bulge to the liberation of Buchenwald. Through her friendship with Dorothy and a love affair with a courageous American fighter pilot named Hans, Irene learns to trust again. Her most fervent hope, which becomes more precarious by the day, is for all three of them to survive the war intact. Taking as inspiration his mother's own Red Cross service, Luis Alberto Urrea has delivered an overlooked story of women's heroism in World War II. With its affecting and uplifting portrait of friendship and valor in harrowing circumstances, *Good Night, Irene* powerfully demonstrates yet again that Urrea's gifts as a storyteller are prodigious. Writing Across the Landscape Lawrence Ferlinghetti, 2015-09-04 In celebration of Ferlinghetti's 100th birthday comes this stunning portrait of the intrepid life of one of America's best poets. Huffington Post. Over the course of an adventurous, filled life, now in its tenth decade, Lawrence Ferlinghetti has been many things: a poet, painter, pacifist, publisher, courageous defender of free speech, and owner of San Francisco's legendary City Lights bookstore. Now the man whose *A Coney Island of the Mind* became a generational classic reveals yet another facet of his manifold talents, presenting here his travel journals spanning over sixty years. Selected from a vast trove of mostly unpublished handwritten notebooks and edited by Giada Diano and Matthew Gleeson, *Writing Across the Landscape* becomes a transformative work of social, cultural, and

literary history Beginning with Ferlinghetti's account of serving as a commanding officer on a Navy sub chaser during D Day Writing Across the Landscape dramatically traverses the latter half of the twentieth century For those only familiar with his poetry these pages present a Lawrence Ferlinghetti never before encountered an elegant prose stylist and tireless political activist who was warning against the pernicious sins of our ever expansive corporate culture long before such thoughts ever seeped into mainstream consciousness Yet first and foremost we see an inquisitive wanderer whose firsthand accounts of people and places are filled with pungent descriptions that animate the landscapes and cultures he encounters Evoking each journey with a mixture of travelogue and poetry as well as his own hand drawn sketches Ferlinghetti adopts the role of an American bard providing panoramic views of the Cuban Revolution in Havana 1960 and a trip through Haiti where voodoo and Catholicism clash in cathedrals filled with ulcerous children's feet running from Baron Hunger Reminding us that poverty is not only to be found abroad Ferlinghetti narrates a Steinbeck like trip through California's Salton Sea a sad yet exquisitely melodic odyssey from motel to motel experiencing the life between cocktails between filling stations between buses trains towns restaurants movies highways leading over horizons to another Rest Stop Sad hope of all their journeys to Nowhere and back in dark Eternity Particularly memorable is his journey across the Trans Siberian Railway in 1957 which turns into a Kafkaesque nightmare in which he lacking a proper visa is removed from a Japan bound freighter and forced back across the Russian steppe to Moscow encountering a countryside more Tolstoy than Khrushchev while nearly dying in the process Readers are also treated to glimpses of Ezra Pound looking like an old Chinese sage whom Ferlinghetti spies in Italy as well as fellow Beat legends Allen Ginsberg and a dyspeptic William S Burroughs immured with his cats in a grotto like apartment in London Embedded with facsimile manuscript pages and an array of poems many never before published Writing Across the Landscape revives an era when political activism coursed through the land and refashions Lawrence Ferlinghetti not only as a seminal poet but as an historic and singular American voice

The Restless Dead Cristina Rivera Garza, 2020-10-15 Based on comparative readings of contemporary books from Latin America Spain and the United States the essays in this book present a radical critique against strategies of literary appropriation that were once thought of as neutral and even concomitant components of the writing process Debunking the position of the author as the center of analysis Cristina Rivera Garza argues for the communality a term used by anthropologist Floriberto Diaz to describe modes of life of Indigenous peoples of Oaxaca based on notions of collaborative labor permeating all writing processes Disappropriating is a political operation at the core of projects acknowledging both at ethical and aesthetic levels that writers always work with materials that are not their own Writers borrow from the practitioners of a language entering in a debt relationship that can only be covered by ushering the text back to the communities from which it grew In a world rife with violence where the experiences of many are erased by pillage and extraction writing among and for the dead is a form of necrowriting that may well become a life affirming act of decolonization and resistance

Back from the Dead Bill Walton, 2017-03-21 In February 2008 Bill Walton after climbing to the top of every mountain he ever tried suffered a catastrophic spinal collapse the culmination of a lifetime of injuries that left him in excruciating debilitating and unrelenting pain Unable to walk he underwent pioneering surgery and slowly recovered The ordeal tested Walton to the fullest but with extraordinary determination and sacrifice he recovered Now Bill Walton shares his life story in this remarkable memoir Walton the son of parents with no interest in athletics played basketball in every spare moment An outstanding player on a great high school team he only wanted to play for John Wooden at UCLA and Wooden wanted him Walton was deeply

influenced by the culture of the 1960s but he respected the thoughtful rigorous Wooden who seemed immune to the turmoil of the times Other than his parents Wooden would be the greatest influence in Walton s life the two would speak nearly every day for 43 years until Wooden s death Throughout a brilliant championship career accumulating injuries would afflict Walton He would lose almost two thirds of his playing time to injury After his playing days ended Walton chose a career in broadcasting despite being a lifelong stutterer once again he overcame a physical limitation and eventually won multiple broadcasting accolades Wooden once said that no greatness ever came without sacrifice nothing better illustrates this notion than Walton s life Adapted from dust jacket

More or Less Dead Alice Driver, 2015-03-26 In Ciudad Ju rez Mexico people disappear their bodies dumped in deserted city lots or jettisoned in the unforgiving desert All too many of them are women More or Less Dead analyzes how such violence against women has been represented in news media books films photography and art Alice Driver argues that the various cultural reports often express anxiety or criticism about how women traverse and inhabit the geography of Ciudad Ju rez and further the idea of the public female body as hypersexualized Rather than searching for justice the various media art photography and even graffiti often reuse victimized bodies in sensationalist attention grabbing ways In order to counteract such views local activists mark the city with graffiti and memorials that create a living memory of the violence and try to humanize the victims of these crimes The phrase more or less dead was coined by Chilean author Roberto Bola o in his novel 2666 a penetrating fictional study of Ju rez Driver explains that victims are more or less dead because their bodies are never found or aren t properly identified leaving families with an uncertainty lasting for decades or forever The author s clear precise journalistic style tackles the ethics of representing femicide victims in Ciudad Ju rez Making a distinction between the words femicide the murder of girls or women and femicide murder as a gender driven event one of her interviewees says Women are killed for being women and they are victims of masculine violence because they are women It is a crime of hate against the female gender These are crimes of power
