

A black and white photograph showing two men in a close, engaged conversation. The man on the left is older, balding, and has a mustache; he wears glasses and a dark jacket over a light-colored shirt. The man on the right is younger, wears glasses, and has a headlamp on his forehead. He is gesturing with his right hand, pointing upwards. Both men are looking at each other. The background is blurred, suggesting an indoor setting with other people.

Something Completely Different Jeffrey S. Miller, 2000 Between Emma Peel and the Ministry of Silly Walks British television had a significant impact on American popular culture in the 1960s and 1970s In *Something Completely Different* Jeffrey Miller offers the first comprehensive study of British programming on American television discussing why the American networks imported such series as *The Avengers* and *Monty Python's Flying Circus* how American audiences received these uniquely British shows and how the shows' success reshaped American television Miller's lively analysis covers three genres: spy shows, costume dramas and sketch comedies In addition to his close readings of the series themselves Miller considers the networks' packaging of the programs for American viewers and the influences that led to their acceptance including the American television industry's search for new advertising revenue and the creation of PBS

The Book of Common Prayer ... With Notes ... by the Right Rev. Richard Mant ... Sixth Edition, 1850 **The Christian world magazine (and family visitor).**, 1866 **The British Sitcom Spinoff Film** Stephen Glynn, 2023-12-07 This book constitutes the first full volume dedicated to an academic analysis of theatrically released spinoff films derived from British radio and television sitcoms Regularly maligned as the nadir of British film production and marginalised as a last resort for the financially bereft industry during the 1970s this study demonstrates that the sitcom spinoff film has instead been a persistent and important presence in British cinema from the 1940s to the present day and includes occasional works with distinct artistic merit Alongside an investigation of the economic imperative underpinning these productions i.e. the exploitation of proven product with a ready made audience it is argued that with a longevity stretching from Arthur Askey and his wartime *Band Waggon* 1940 to the crew of *Kurupt FM* and their recent *People Just Do Nothing* Big in Japan 2021 the British sitcom spinoff can be interpreted as following a full generic life cycle Starting with the formative stage where works from *Hi Gang* 1941 to *I Only Arsked* 1958 establish the genre's characteristics the spinoff genre moves to its classic stage where secure for form and content it enjoys considerable popular success with films like *Till Death Us Do Part* 1969 *On the Buses* 1971 *The Likely Lads* 1976 and *Rising Damp* 1980 the genre's revival since the late 1990s reveals a more parodic final stage with films like *The League of Gentlemen's Apocalypse* 2005 adopting a consciously self-reflective mode It is also posited that the sitcom spinoff film is a viable source for social history with the often stereotypical representations of characters and events an often blatant ideological metonym for the concerns of wider British society notably in issues of class race gender and sexuality
