Matthew Whitaker

Time On Two Crosses The Collected Writings Of Bayard Rustin:

Time on Two Crosses Bayard Rustin,2023-10-10 In 1956 Bayard Rustin taught Martin Luther King Jr strategies of nonviolence during the Montgomery Bus Boycott thereby launching the civil rights movement Widely acclaimed as a founding father of modern black protest Rustin reached international notoriety in 1963 as the openly gay organizer of the March on Washington Long before the March on Washington Rustin s leadership placed him at the vanguard of social protest His gay identity however became a point of contention with the movement with the controversy embroiling even King himself Time on Two Crosses offers an insider s view of many of the defining political moments of our time From Gandhi s impact on African Americans white supremacists in Congress and the assassination of Malcolm X to Rustin s never before published essays on Louis Farrakhan affirmative action and the call for gay rights Time on Two Crosses chronicles five decades of Rustin s commitment to justice and equality

Time on Two Crosses Rustin,2015-03-24 In 1956 Bayard Rustin taught Martin Luther King Jr strategies of nonviolence during the Montgomery Bus Boycott thereby launching the civil rights movement Widely acclaimed as a founding father of modern black protest Rustin reached international notoriety in 1963 as the openly gay organizer of the March on Washington Long before the March on Washington Rustin s leadership placed him at the vanguard of social protest His gay identity however became a point of contention with the movement with the controversy embroiling even King himself Time on Two Crosses offers an insider s view of many of the defining political moments of our time From Gandhi s impact on African Americans white supremacists in Congress and the assassination of Malcolm X to Rustin s never before published essays on Louis Farrakhan affirmative action and the call for gay rights Time on Two Crosses chronicles five decades of Rustin s commitment to justice and equality

Living (In)Dependence Bill F. Ndi,Benjamin Hart Fishkin,Adaku T. Ankumah,2024-11-29 Living In Dependence Critical Perspectives on Global Interdependence embraces a multidisciplinary approach to the interconnectedness of independence and dependence in every ramification of the words These scholars and academics from different disciplinary area examine independence which rhetoric is aimed at legitimizing nationalist and isolationist positions and with exclusionists clamoring for walls separating people who supposedly live in a global village Living In Dependence Critical Perspectives on Global Interdependence is a timely reminder especially when the world is at cross purposes with generation old alliances falling apart like the Berlin Wall that less than 30 years ago fell to mark an end to sadness and separation that same engendered from 1949 1989 In short this study explores the binary of life experience of independence and that of dependence as constituent flipsides of a coin whose meaning can only be grasped by taking a closer look at each facet

Civil Disobedience Lewis Perry,2013-10-22 A masterful exploration of the practice of civil disobedience in America from the nation s earliest days to the present

A Freedom Budget for All Americans Paul Le Blanc,Michael D. Yates,2013-08 While the Civil Rights Movement is remembered for efforts to end segregation and secure the rights of African Americans the larger economic vision that animated much of the

movement is often overlooked today That vision sought economic justice for every person in the United States regardless of race It favored production for social use instead of profit social ownership and democratic control over major economic decisions The document that best captured this vision was the Freedom Budget for All Americans Budgeting Our Resources 1966 1975 To Achieve Freedom from Want published by the A Philip Randolph Institute and endorsed by a virtual who's who of U S left liberalism and radicalism Now two of today's leading socialist thinkers return to the Freedom Budget and its program for economic justice Paul Le Blanc and Michael D Yates explain the origins of the Freedom Budget how it sought to achieve freedom from want for all people and how it might be reimagined for our current moment Combining historical perspective with clear sighted economic proposals the authors make a concrete case for reviving the spirit of the Civil Rights Movement and building the society of economic security and democratic control envisioned by the movement's leaders a struggle that continues to this day

The Un-Natural State Brock Thompson, 2010-10-01 This is a study of gay and lesbian life in Arkansas in the twentieth century a deft weaving together of Arkansas history dozens of oral histories and Brock Thompson's own story

"These Strange Criminals" Peter Brock, 2004-01-01 Sometimes intensely moving and often inspiring these memoirs show that in some cases individual conscientious objectors many well educated and politically aware sought to reform the penal system from within either by publicizing its dysfunction or through further resistance to authority

Realigners Timothy Shenk, 2022-10-18 One of The Wall Street Journal's best political books of 2022 An eye opening new history of American political conflict from Alexander Hamilton to Alexandria Ocasio Cortez These days it seems that nobody is satisfied with American democracy Critics across the ideological spectrum warn that the country is heading toward catastrophe but also complain that nothing seems to change At the same time many have begun to wonder if the gulf between elites and ordinary people has turned democracy itself into a myth The urges to defend the country's foundations and to dismantle them coexist often within the same people How did we get here Why does it feel like the country is both grinding to a halt and falling to pieces In *Realigners* the historian Timothy Shenk offers an eye opening new biography of the American political tradition In a history that runs from the drafting of the Constitution to the storming of the Capitol Shenk offers sharp pen portraits of signal characters from James Madison and Charles Sumner to Phyllis Schlafly and Barack Obama The result is an entertaining and provocative reassessment of the people who built the electoral coalitions that defined American democracy and a guide for a time when figures ranging from Alexandria Ocasio Cortez to MAGA minded nationalists seek to turn radical dreams into political realities In an era when it seems democracy is caught in perpetual crisis *Realigners* looks at earlier moments in which popular majorities transformed American life We've had those moments before And if there's an escape from the doom loop that American politics has become it's because we might have one again

Research Handbook on Intersectionality Mary Romero, 2023-03-02 Critical intersectional scholarship enhances researchers and scholar activists ability to open novel research frontiers This forward thinking Research Handbook

demonstrates how to pursue fluid and innovative research approaches identify differences from traditional methodologies and overcome the common challenges faced when carrying out intersectional research **Fight to Win!** Kim Kelly, 2025-05-06 The revelatory history of the American labor movement from independent journalist and Teen Vogue labor columnist Kim Kelly now adapted for young readers The history of American labor is full of incredible leaders organizers and workers but not all of them have gotten the recognition they deserve People like Rosina Tucker a Black woman who helped railroad workers organize the first Black led labor union in America Maria Moreno an Indigenous and Mexican woman who fought for farmworkers in the fields of California Ah Quon McElrath a Chinese Hawaiian woman who united the laborers of the vast sugarcane plantations Ben Fletcher a Black dockworker who organized a strong interracial union that ran the ports of Philadelphia Judy Heumann a disabled Jewish schoolteacher who became the mother of the Disability Rights Movement and many more With blood sweat and tears they fought to win the rights we hold so dear today Their voices reveal the true history of American labor **Fog of War** Kevin M. Kruse, Stephen Tuck, 2012-01-06 This collection is a timely reconsideration of the intersection between two of the dominant events of twentieth century American history the upheaval wrought by the Second World War and the social revolution brought about by the African American struggle for equality Exploring the impact of war on the longer history of African American protest from a wide range of angles it reveals how activists faced setbacks as well as successes and how their opponents found ways to establish more rigid defenses for segregation *Liberating Black Church History* Juan M. Floyd-Thomas, 2014-05-20 No serious scholar in biblical studies today can introduce students to his or her field without taking into account the contributions of African American scholarship The long traditions of biblical interpretation in the Black Church and the innovative research and writing performed by African American scholars in recent years are now essential components of a critical study of the Bible Up to now knowing how best to introduce the fruits of African American biblical scholarship to students has been difficult Good resources exist yet too often they are not written with the needs of introductory students in mind This book meets that need by providing an overview of the most important developments in African American approaches to biblical scholarship It offers insight into the particular ways that African American scholarship has shaped the world of biblical study *W. E. B. Du Bois and the Problems of the Twenty-First Century* Reiland Rabaka, 2008-04-29 W E B Du Bois and the Problems of the Twenty First Century utilizes Du Bois s thought and texts to develop an informed critical theory of contemporary society This book broadens the base of critical theory making it more multicultural transethnic transgender and non Western European philosophy focused by placing it in dialogue with theory and phenomena that had been heretofore woefully neglected Taking the preeminent black intellectual of the twentieth century as his primary point of departure Reiland Rabaka identifies and analyzes several key contributions that Du Bois and the black racial tradition offer to those interested in redeveloping and racially revising contemporary critical social theory With chapters on critical race theory postcolonial theory feminism and

Marxism this volume builds bridges from Africana Studies to disparate discursive communities accessibly demonstrating Du Bois's and the black radical tradition's contributions to and the potential impact on a wide range of new social scientific research and radical political struggles

Damned Whiteness David F. Evans, 2025-10-28 The memory of the long civil rights movement often celebrates white men and women who drew on their religious faith to support Black demands for racial justice. However, the visions and actions of these leaders and their organizations often conflicted with those of Black leadership. While Black activists fought for a broad vision of freedom, white allies focused more narrowly on cultivating interracial friendship, marching in parallel to Black movement leaders rather than alongside them. *Damned Whiteness* offers an unflinching history of white-led efforts at interracial organizing gone astray. Considering the examples of Dorothy Day, cofounder of the Catholic Worker Movement; Clarence Jordan, spiritual father of Habitat for Humanity; and Ralph Templin, a Christian missionary who studied nonviolence in Gandhi's India, David F. Evans reveals how religious white progressives inherited strategies that remained disconnected from the ideas and actions of Black communities. These disconnects have often been cloaked as disagreements over religious doctrine and practice, but Evans reveals how they stem from refusals to acknowledge Black leaders' philosophies and freedom dreams. Though these patterns persist, Evans offers a way out of this legacy of white allyship and into a future where freedom is possible.

W.E.B. Du Bois and the Problems of the Twenty-First Century, **This Worldwide Struggle** Sarah Azaransky, 2017-05-16 *This Worldwide Struggle: Religion and the International Roots of the Civil Rights Movement* identifies a network of black Christian intellectuals and activists who looked abroad even in other religious traditions for ideas and practices that could transform American democracy. From the 1930s to the 1950s, they drew lessons from independence movements around the world for an American racial justice campaign. Their religious perspectives and methods of moral reasoning developed theological blueprints for the classical phase of the Civil Rights Movement. The network included professors and public intellectuals Howard Thurman, Benjamin Mays, and William Stuart Nelson, each of whom met with Mohandas Gandhi in India; ecumenical movement leaders, notably YWCA women Juliette Derricotte, Sue Bailey Thurman, and Celestine Smith; and pioneers of black Christian nonviolence, James Farmer, Pauli Murray, and Bayard Rustin. People in this group became mentors and advisors to and coworkers with Martin Luther King and thus became links between Gandhi, who was killed in 1948, and King, who became a national figure in 1956. Azaransky's research reveals fertile intersections of worldwide resistance movements, American racial politics, and interreligious exchanges that crossed literal borders and disciplinary boundaries and underscores the role of religion in justice movements. Shedding new light on how international and interreligious encounters were integral to the greatest American social movement of the last century, *This Worldwide Struggle* confirms the relationship between moral reflection and democratic practice and it contains vital lessons for movement building today.

The Good Fight Peter Beinart, 2007 More than six years after the September 11 attacks, the close friendship forged between George W. Bush and John Howard

remains But in their nations more broadly the common purpose has withered drained by the sense that both men have failed the moral and intellectual challenges of that day In this powerful and provocative book Peter Beinart offers a new liberal vision based on principles liberals too often forget that America s greatness cannot simply be asserted it must be proved That American leadership is not American empire And that liberalism cannot merely define itself against the right but must fervently oppose the totalitarianism that stalks the Islamic world today Peter Beinart s *The Good Fight* is a passionate rejoinder to the conservatives who have ruled Washington since 9 11 Beinart argues that America can again embrace the creed that brought it greatness in the past but only if liberals remember that democracy begins at home Above all it is a call for liberals to revive the spirit that once swept America and inspired the world

Secret City James Kirchick, 2022-05-31
The New York Times Bestseller A New York Times Notable Book of 2022 Named one of Vanity Fair s Best Books of 2022 Not since Robert Caro s *Years of Lyndon Johnson* have I been so riveted by a work of history *Secret City* is not gay history It is American history George Stephanopoulos Washington D C has always been a city of secrets Few have been more dramatic than the ones revealed in James Kirchick s *Secret City* For decades the specter of homosexuality haunted Washington The mere suggestion that a person might be gay destroyed reputations ended careers and ruined lives At the height of the Cold War fear of homosexuality became intertwined with the growing threat of international communism leading to a purge of gay men and lesbians from the federal government In the fevered atmosphere of political Washington the secret too loathsome to mention held enormous terrifying power Utilizing thousands of pages of declassified documents interviews with over one hundred people and material unearthed from presidential libraries and archives around the country *Secret City* is a chronicle of American politics like no other Beginning with the tragic story of Sumner Welles Franklin Delano Roosevelt s brilliant diplomatic advisor and the man at the center of the greatest national scandal since the existence of the United States James Kirchick illuminates how homosexuality shaped each successive presidential administration through the end of the twentieth century Cultural and political anxiety over gay people sparked a decades long witch hunt impacting everything from the rivalry between the CIA and the FBI to the ascent of Joseph McCarthy the struggle for Black civil rights and the rise of the conservative movement Among other revelations Kirchick tells of the World War II era gay spy master who pioneered seduction as a tool of American espionage the devoted aide whom Lyndon Johnson treated as a son yet abandoned once his homosexuality was discovered and how allegations of a homosexual ring controlling Ronald Reagan nearly derailed his 1980 election victory Magisterial in scope and intimate in detail *Secret City* will forever transform our understanding of American history

The Newark Frontier Mark Krasovic, 2016-04-15
To many Newark seems a profound symbol of postwar liberalism s failings an impoverished deeply divided city where commitments to integration and widespread economic security went up in flames during the 1967 riots While it s true that these failings shaped Newark s postwar landscape and economy as Mark Krasovic shows that is far from the whole story *The Newark Frontier* shows how during the Great Society

urban liberalism adapted and grew defining itself less by centralized programs and ideals than by administrative innovation and the small scale personal interactions generated by community action programs investigative commissions and police community relations projects Paying particular attention to the fine grained experiences of Newark residents Krasovic reveals that this liberalism was rooted in an ethic of experimentation and local knowledge He illustrates this with stories of innovation within government offices the dynamic encounters between local activists and state agencies and the unlikely alliances among nominal enemies Krasovic makes clear that postwar liberalism s eventual fate had as much to do with the experiments waged in Newark as it did with the violence that rocked the city in the summer of 1967

Icons of Black America Matthew Whitaker, 2011-03-09 This stunning collection of essays illuminates the lives and legacies of the most famous and powerful individuals groups and institutions in African American history The three volume Icons of Black America Breaking Barriers and Crossing Boundaries is an exhaustive treatment of 100 African American people groups and organizations viewed from a variety of perspectives The alphabetically arranged entries illuminate the history of highly successful and influential individuals who have transcended mere celebrity to become representatives of their time It offers analysis and perspective on some of the most influential black people organizations and institutions in American history from the late 19th century to the present Each chapter is a detailed exploration of the life and legacy of an individual icon Through these portraits readers will discover how these icons have shaped and been shaped by the dynamism of American culture as well as the extent to which modern mass media and popular culture have contributed to the rise and sometimes fall of these powerful symbols of individual and group excellence
