cycle functions as religious allegory dramatizing the protagonist's relentless struggles with his lover as a battle between spirit and flesh earth and heaven salvation and damnation On still another level Time Out of Mind is a meditation on American slavery and racism Dylan's most personal encounter with the subject but one tangled up in associations with the minstrelsy tradition and debates surrounding cultural appropriation Time Out of Mind marks the culmination of several recurring themes that have preoccupied Dylan for decades and it serves as a pivotal turning point toward his late renaissance in terms of both subject matter and intertextual approach
