

CALVIN OLIVER WILSON

A person wearing a white robe and a matching hood is lying on their back on a thick layer of fallen autumn leaves. The person's face is visible through the hood, and they are looking directly at the camera with a slight smile. The background is a dense carpet of leaves in various shades of brown, orange, and green, suggesting a forest floor in late autumn. The overall mood is peaceful and contemplative.

A COSMIC BIRTH... STARTING BEFORE ZERO PSJ (Peet) Schutte, 2013-07-12 I explain Genesis 1 v 1 the beginning or birth of the Universe in terms of the Bible using not theology but mathematics I prove Genesis 1 verse 1 to be correct by using mathematics The Bible says IN THE BEGINNING OF CREATION 1 when God made heaven and earth 2 the earth was without form and void 3 with darkness over the face of the abyss Yes this I do explain mathematically and I manage this because I prove and explain four cosmic keys that build the Universe namely The Titius Bode Law The Lagrangian Points The Roche

limit and Coanda Effect Everything in nature in the Universe applies these phenomena in how space forms The Titius Bode Law The Lagrangian Points The Roche Coanda Effect forms the Universe in as much as forming stars in spheres and forming galactica in circles These principles form space and materials This is a process that produces space and that is how the Universe began before the Universe began in space I take the cosmic birth back to before space came about as the Big Bang

Ornelas S., 2020-08-20 Throughout the ages people have used ancient scripture made reference to the words of past

queens and kings or have attempted to validate their claims by documenting bits and pieces from recognizable authority figures to support their ideas and writings I believe that to a high degree it is done to give their perspective validity In a deeper sense it may potentially be used to corner the reader to a predetermined train of thought You see every book I read and each topic I researched had what I interpreted as a biased representation of facts The author or writer seemed to lead and tailor their writing to their way of thinking how they viewed life which in the grand scheme of things that is why people write I am doing neither and desire to have you be the judge In the process of putting this book together I sought input from various people as I was getting close to finalizing this project but out of respect to all that will purchase and read this material I reserve the crediting and discrediting of the material to be left in your hands I took on this endeavor as a bucket list item but along the way I began to feel obligated to share some insight my insight on the many topics that I will be touching on throughout the book but the more I began to read up on and write about the clearer the message that I was to deliver became My wish is that you open your mind and take what is been read what is being talked about and what is being seen and regardless of the person writing saying or doing those things you take it in Reason with it Seek to understand it Once you ve done that form your own conclusion After all it is your life your thoughts and your beliefs The idea behind what I have written is that you expand your belief system to accept things that resonate with your own thoughts because there is only one you in this universe and my wish is that you become the best you that you can be by being the only person that sets limits to your belief system May your life be that of continuous growth
