Tinseltown Murder Morphine And Madness At The Dawn Of Hollywood:

Tinseltown William J. Mann, 2014-10-14 New York Times Bestseller Edgar Award winner for Best Fact Crime The Day of the Locust meets The Devil in the White City and Midnight in the Garden of Good and Evil in this juicy untold Hollywood story an addictive true tale of ambition scandal intrigue murder and the creation of the modern film industry By 1920 the movies had suddenly become America's new favorite pastime and one of the nation's largest industries Never before had a medium possessed such power to influence Yet Hollywood's glittering ascendancy was threatened by a string of headline grabbing tragedies including the murder of William Desmond Taylor the popular president of the Motion Picture Directors Association a legendary crime that has remained unsolved until now In a fiendishly involving narrative bestselling Hollywood chronicler William J Mann draws on a rich host of sources including recently released FBI files to unpack the story of the enigmatic Taylor and the diverse cast that surrounded him including three beautiful ambitious actresses a grasping stage mother a devoted valet and a gang of two bit thugs any of whom might have fired the fatal bullet And overseeing this entire landscape of intrigue was Adolph Zukor the brilliant and ruthless founder of Paramount locked in a struggle for control of the industry and desperate to conceal the truth about the crime Along the way Mann brings to life Los Angeles in the Roaring Twenties a sparkling yet schizophrenic town filled with party girls drug dealers religious zealots newly minted legends and starlets already past their prime a dangerous place where the powerful could still run afoul of the desperate A true story recreated with the suspense of a novel Tinseltown is the work of a storyteller at the peak of his powers and the solution to a crime that has stumped detectives and historians for nearly a century *Unsolved Murders* Amber Hunt, Emily G. Thompson, 2020-02-04 MURDERS THAT DEFY DETECTION Discover the stories behind some of the most infamous unsolved murders of the last century including the Black Dahlia the Zodiac Killer and the JonBen t Ramsey case Detailing essential evidence Profiling key suspects Tracking police investigations Sorting facts from speculation **Hollywood by Hollywood** Steven Cohan, 2019 The backstudio picture or the movie about movie making is a staple of Hollywood film production harking back to the silent era and extending to the present day What gives backstudios their coherence as a distinctive genre Steven Cohan argues in Hollywood by Hollywood is their fascination with the mystique of Hollywood as a geographic place a self contained industry and a fantasy of fame leisure sexual freedom and modernity Yet by the same token if backstudio pictures have rarely achieved blockbuster box office success what accounts for the film industry's interest in continuing to produce them The backstudio picture has been an enduring genre because aside from offering a director or writer a chance to settle old scores in branding filmmaking with the Hollywood mystique the genre solicits consumers strong investment in the movies Whether inspiring the movie crazy fan girls of the early teens and twenties or the wannabe filmmakers of this century heading to the West Coast after their college graduations backstudios have given emotional weight and cultural heft to filmmaking as the quintessential American success story But more than that a backstudio picture is concerned with shaping

perceptions of how the film industry works with masking how its product depends upon an industrial labor force including stardom and with determining how that work's value accrues from the Hollywood brand stamped onto the product Cohan supports his well theorized and well researched claims with nuanced discussions of over fifty backstudios some canonical and well known and others obscure and rarely seen Covering the hundred year timespan of feature length film production

Hollywood by Hollywood offers an illuminating perspective for considering anew the history of American movies **The Battle for Beverly Hills** Nancie Clare,2024-08-06 The untold history of Beverly Hills and how against all odds it remained an independent exclusive and glamorous enclave through the efforts of Hollywood's film pioneers If you look at a map of the sprawling city lines of Los Angeles you'll notice a distinct hole in the middle That is Beverly Hills and there's a reason why it remains an island in the sea of LA It's a tale inextricably linked with the dawn of cinema a celebrity couple using their reputation to get what they wanted politically and of course the age old conundrum of California water For film stars who moved out to California in the early 20th century Beverly Hills was a refuge from tabloid heavy Los Angeles It was also a societal blank slate unlike Los Angeles saddled with the East Coast caste system Beverly Hills developers were not picky about who settled there It was the perfect place for Mary Pickford and Douglas Fairbanks who both came from mixed ethnic impoverished backgrounds It allowed them to become among the first actors to reach superstar status through hard work and keen entrepreneurial instincts and to keep their steamy affair out of the press Today listening to a celebrity advocating a cause doesn't raise an eyebrow But in 1923 it was something new This is the story of how the stars battled to keep their city free from the clutches of a rapacious Los Angeles and lay the groundwork for celebrity influence and political power With a nuanced eye and fantastic storytelling The Battle for Beverly Hills is an irresistible tale of glamour fame gossip and politics

In Twilight Man, Liz Brown uncovers a noir fairytale, a new glimpse into the opulent Gilded Age empire of the Clark family. Bill Dedman, co-author of The New York Times bestseller Empty Mansions: The Mysterious Life of Huguette Clark and the Spending of a Great American Fortune. The unbelievable true story of Harrison Post, the enigmatic lover of one of the richest men in 1920s Hollywood, and the battle for a family fortune. In the booming 1920s, William Andrews Clark Jr. was one of the richest, most respected men in Los Angeles. The son of the mining tycoon known as The Copper King of Montana, Clark launched the Los Angeles Philharmonic and helped create the Hollywood Bowl. He was also a man with secrets, including a lover named Harrison Post. A former salesclerk, Post enjoyed a lavish existence among Hollywood elites, but the men's money and their homosexuality made them targets for the district attorney, their employees, and in Post's case, his own family. When Clark died suddenly, Harrison Post inherited a substantial fortune and a wealth of trouble. From Prohibition-era Hollywood to Nazi prison camps to Mexico City nightclubs, Twilight Man tells the story of an illicit love and the battle over a family estate that would destroy one man's life. Harrison Post was forgotten for decades, but after a chance encounter with his portrait, Liz Brown, Clark's great-grandniece, set out to learn his story. Twilight

Grieverson,2018-01-02 The silver screen and the gold standard The Panama Caper Empire of liberty Liberty bonds The State of extension The work of film in the age of Fordist mechanization The Pan American road to happiness and friendship Highways of Empire League of corporations The silver chains of mimesis The golden harvest of the silver screen Welfare media The world of tomorrow today *The Last Word* Justin Gautreau,2021 The Last Word argues that the Hollywood novel opened up space for cultural critique of the film industry at a time when the industry lacked the capacity to critique itself

While the young studio system worked tirelessly to burnish its public image in the wake of celebrity scandal several industry insiders wrote fiction to fill in what newspapers and fan magazines left out Throughout the 1920s and 1930s these novels aimed to expose the invisible machinery of classical Hollywood cinema including not only the evolving artifice of the screen but also the promotional discourse that complemented it As likeminded filmmakers in the 1940s and 1950s gradually brought the dark side of the industry to the screen however the Hollywood novel found itself struggling to live up to its original promise of delivering the unfilmable By the 1960s desperate to remain relevant the genre had devolved into little more than erotic fantasy of movie stars behind closed doors perhaps the only thing the public couldn't already find elsewhere Still given their unique ability to speak beyond the institutional restraints of their time these earlier works offer a window into the industry's dynamic creation and re-creation of itself in the public imagination

American Detective Thomas A. Reppetto,2018-06-01

From the Roaring Twenties to the 1970s detectives reigned supreme in police departments across the country In this tightly woven slice of true crime reportage Thomas A Reppetto offers a behind the scenes look into some of the most notable investigations to occur during the golden age of the detective in American criminal justice From William Burns who during his heyday was known as America's Sherlock Holmes to Thad Brown who probed the notorious Black Dahlia murder in Los Angeles to Elliott Ness who cleaned up the Cleveland police but failed to capture the Mad Butcher who decapitated at least a dozen victims American Detective offers an indelible portrait of the famous sleuths and investigators who played a major role in cracking some of the most notorious criminal cases in U.S. history Along the way Reppetto takes us deep inside the detective bureaus that were once the nerve centers behind crime fighting on the streets of America's great cities including the FBI itself under the direction of America's top cop J. Edgar Hoover According to Reppetto detectives were once able watchdogs until their role in policing became diluted by patrol strategies ranging from stop and frisk to community policing Reppetto argues against these
