Small Houses Tiny House Living, 2016-05-14 SMALL HOUSES THREE BOOKS IN ONE WITH EXAMPLE TINY HOUSE FLOOR PLANS TINY HOUSES THE PERFECT TINY HOUSE WITH EXAMPLE PLANS TINY HOMES TINY HOMES FOR BEGINNERS TINY HOMES TINY HOUSE DESIGN TIPS A Small home is not just all you could afford or a way to look down on your home. Instead, tiny house living is an intentional movement to become minimal and live as efficiently and freely as possible. Whether you want to downsize, whether you want to have a house that is cheaper and easier to maintain, or whether you just love the idea of living in a tiny house, this is the book for you. In *Small Homes*, you will be taken through the many stages of building, designing, and living in a tiny house. You will be told the pros and cons, the difficulties of getting housing permits, how to use your space most effectively, and how to find the best location and land for you. With a tiny house, you will learn how to live large and truly appreciate the things you have and not allow the things you don't need to control you. Discover what a tiny house is and why people the world over are falling in love with them. Find out the best approach to building your tiny house and how to save money doing it. Learn secrets, spots to store your stuff without it ever getting in your way, and how to use color and light to make one room seem like three. Example tiny plans for your tiny home, five examples to choose from. In our country, everything is getting bigger. The more things that you have, the higher your status in most circles. But just because you have more things, a bigger house, more cars, and take more vacations does not mean that you are happy. While the current American thought is that you should get as much as possible, there are many who want to change things up and see smaller as better. This guidebook is here to help you get started with your tiny home. No matter how much experience you have with tiny homes, as a beginner or having studied up on it before, this guidebook is here to help. From learning more about what the tiny house movement is all about to some of the things you need to keep in mind in order to make the perfect small home, you are able to learn it all in this guidebook. Some of the things that you can learn in this guidebook to help you get started with the tiny home movement include: What the tiny home movement is all about, Choosing the right location for your tiny home, How to build your tiny home including how much it will cost, how to save up money, and how to create a blueprint, Preparing each room in the home when you are limited on space, Decorating to get more out of your space, Other options for becoming self-sufficient to help the environment, even more tips and tricks to get more out of the tiny home. *Small Homes* goes in the opposite direction of the prevalent schools of thoughts in America right now. People who follow this movement don't see bigger as better; they see bigger as wasteful and unnecessary. While getting used to a tiny home can take some time, it can be a very rewarding experience, saves you a lot of money, and will help you to simplify your life. Use this guidebook to learn all that you need about tiny homes so you can get started on your own. *Small House* today. To Order Now.
