Turnaround And Beyond A Hopeful Future For The Small Membership Church:

Turnaround and Beyond Ron Crandall, 2008 Updating the classic guide to turning around decline in the small membership church this new edition shows what makes a turnaround successful in the long term *Turnaround and Beyond* Ron Crandall, 2010-09-01 Since its publication in 1995 Ron Crandall's *Turnaround Strategies for the Small Church* has become required reading for anyone striving to revitalize the ministry of a small membership congregation That book was built on extensive interviews and studies conducted in dozens of small membership churches across several denominations that had experienced significant turnaround In a new study Crandall has now returned to those congregations to see what it takes to make the turnaround work over a period of years Learning much from both the churches who maintained significant growth in numbers and ministry and those that failed to do so he offers even more helpful insight to any congregational leader seeking to take a small membership church into a new phase of witness and mission *Small-Town America* Robert Wuthnow, 2015-05-26 A revealing examination of small town life More than thirty million Americans live in small out of the way places Many of them could have joined the vast majority of Americans who live in cities and suburbs They could live closer to more lucrative careers and convenient shopping a wider range of educational opportunities and more robust health care But they have opted to live differently In *Small Town America* we meet factory workers shop owners retirees teachers clergy and mayors residents who show neighborliness in small ways but who also worry about everything from school closings and their children's futures to the ups and downs of the local economy Drawing on more than seven hundred in depth interviews in hundreds of towns across America and three decades of census data Robert Wuthnow shows the fragility of community in small towns He covers a host of topics including the symbols and rituals of small town life the roles of formal and informal leaders the social role of religious congregations the perception of moral and economic decline and the myriad ways residents in small towns make sense of their own lives Wuthnow also tackles difficult issues such as class and race abortion homosexuality and substance abuse *Small Town America* paints a rich panorama of individuals who reside in small communities finding that for many people living in a small town is an important part of self identity *If It Could Happen Here* Jeffrey H. Patton, 2010-10-01 Are small membership churches as the conventional wisdom says simply places where pastors bide their time while they wait for something better to come along Are they places where long standing family relationships are maintained but little else Are they places where attendance is dropping the building is out of date the programs are boring and people don't want to change If you believe this conventional wisdom then this book is not for you But if you see small membership churches especially those in rural areas as opportunities for the radical message of Jesus to transform lives and communities then this is a book you want to read Jeff Patton knows from firsthand experience as pastor of a small membership congregation whose life turned around under his leadership that small rural churches can become explosive centers of witness and mission In this informative book he describes 6 levers for transforming a small membership

church prayer discerning a clear vision indigenous worship growth groups membership recruitment and lay pastoring Includes a foreword by Bill Easum **Rising from the Ashes into Church Renewal** Desmond Barrett, 2025-03-14 The church did not start off wanting to decline No church planter ever thinks the church they pour their heart and soul into will close So what happened It was a question Desmond Barrett asked walking into his new assignment There is a stigma that an aging congregation is a dying congregation If a pastor is asked to go to an aging church and buildings with a host of deferred maintenance many will run in the other direction Who would blame them However there are pastors who feel the call to serve the comeback church and who see hope in decline Countless pastors before and since have asked Is God done with the local church that has seen better days If not are you being called to a church that is seen as hopeless but God sees as hope filled To pastors or laypersons in the church the legacy church needs you It needs your wisdom and support There's Hope for Your Church Gary L. McIntosh, 2012-05-01 A startling 85% of churches in the US are plateaued or declining a trend that has been building for the past fifty years In the face of shrinking attendance and lagging spiritual growth pastors and church leaders are understandably discouraged and demoralized But the first step to turning things around is hope Church health expert Gary McIntosh offers this hope by showing church leaders the first things they need to do to make a new start for their church God can and does restore churches to new life even as he restores individuals The street smart ideas and step by step instructions found in this book are ones that pastors and church leaders can put to use immediately in their churches to bring about solid growth and renewed hope for the future Revitalizing the Declining Church Desmond Barrett, 2021-04-08 Standing in the small foyer of his first ministry assignment Desmond Barrett prayed Lord send us someone new Each week the same eight to thirteen people walked into that tiny church sat in the same pew and spoke to the same handful of people content in where they found themselves As the pastor Barrett questioned doubted and cried to himself praying that God would turn around this church that was at death's door Death had not come to this once vibrant church overnight but gradually as it seemed to have snuck up on them through deaths families moving away and a series of pastors over twenty years A new young pastoral family with children was not going to change the trajectory of the church without the church willing to transform The church was dying but was it willing to do what it would take to grow again This story has been played out countless times over the years If you are a pastor of a dying and struggling church searching for hope then this resource is for you It consists of ten stories of churches who faced death and lived to tell the story **Vital** Jorge Acevedo, 2013-01-01 What behaviors do highly vital congregations have in common How can all congregations move toward greater vitality In *Vital Churches Changing Communities and the World* Jorge Acevedo passionately and effectively reveals how Grace Church in Cape Coral Florida has developed behaviors that result in vital and fruitful ministry Focusing on spiritual pastoral leadership lay leadership development worship small groups and service and mission Acevedo both inspires and coaches He helps leaders of congregations act in their own contexts to develop behaviors essential to vitality as

identified by the recent study of 32 000 United Methodist congregations The book includes brief summaries of learnings from the research and stories from other congregations illustrating vital behaviors in different settings Approximately 15% of the 32 228 churches 4 961 churches scored high in vitality based on the vitality index What this means is that 15% of our churches have figured out some way to remain highly vital in spite of the fact that 85% have not What this means is that we cannot assign all the blame for our congregational demise at the feet of the institution of the church 4961 congregations have figured out ways to prevail in spite of our denominational condition To me this is hopeful and promising This book is my best attempt for us to learn from the 15% of United Methodist Churches that are vital growing and prevailing Jorge Acevedo

Defining Life by Your Dreams Not Difficulties George,Becky Gilmour,2015-08-27 Your life can be determined by your dreams or difficulties your choice Most people put up with their difficulties because they are more real than their dreams or the pain of the status quo is less than the pain that accompanies change But you do not have to be the victim of your circumstances When the chains of the past are broken we are free to pursue our future and to look forward to what God has for us It is our desire that the principles and stories revealed in this book will help you move from your past to your future and from your difficulties to your dreams **Unlikely** Kevin Palau,2016-05-17 In 2007 Kevin Palau and a few dozen pastors approached Portland s mayor and posed the question How can we serve you with no strings attached Officials identified five initial areas of need hunger homelessness healthcare the environment and public schools and so began a partnership CityServe between the city and a band of churches seeking to live out the gospel message Since then the CityServe model has spread like wildfire inspiring communities across the country to take up the cause in their own cities Provided by publisher
