Turner Bea Cannon,2015-12-03 Juri Turner the human born dragon has ensured that Mur the magical world next door to Earth will never again be endangered by its unstable core She has also managed to avoid an unwanted marriage to an utter creep of a dragon but then she finds herself in a battle alongside her dragon guardian Prince Tetharia and his sister Princess Terinia against a powerful demon who threatens not only the dragon kingdom of Tausarae but also the entire world of Mur Meanwhile two large spaceships of the aliens who invaded Earth over two decades ago are en route to that planet chasing runaway human slaves from Alpha Centauri and behind them are even more of the big ugly creatures called scorbs with an even larger fleet that if not stopped will scour the planet clean of every human Duty bound Juri will have to help vanquish the demon and save Mur from falling under its rule and she is once again obligated to help defeat the alien invaders who are hell bent on destroying the humans of Earth Again the fate of two worlds rests on the small golden shoulders of one young dragon who never asked for anything more than to be left alone to live out her less than fortunate life in peace She will do her best to stand up to all the difficulties involved in performing her duty but will she be able to handle the unexpected changes these events bring about

Timeless Adventures Brian J. Robb,2023-10-05 This critical history of Doctor Who covers the series 60 years from the creation of the show to its triumph as Britain s number one TV drama Opening with an in depth account of the creation of the series within the BBC of the early 1960s each decade of the show is tackled through a unique political and pop cultural historical viewpoint exploring the links between contemporary Britain and the stories Doctor Who told and how such links kept the show popular with a mass television audience Timeless Adventures reveals how Doctor Who is at its strongest when it reflects the political and cultural concerns of a mass British audience the 1960s 1970s and 21st Century and at its weakest when catering to a narrow fan based audience as in the 1980s The book also addresses the cancellation of the show in the late 1980s following the series becoming increasingly self obsessed and the ways in which a narrowly focused dedicated fandom contributed to the show s demise and yet was also instrumental in its regeneration for the 21st Century under Russell T Davies and analyses the new series to reveal what has made it so popular reflecting real world issues like consumerism and dieting
