Not only does this not bring happiness and fulfillment but it may even cause stress and illness. Showing how to transition from mind to heart perception, Tubali helps us understand more about our heart's skills and how to implement its powers by healing inner energetic and emotional blockages. Calling for a change from one-sided mind perception and behavior, Tubali urges us to get in touch with our core and surrender completely to our heart energy, leaving all misconceptions behind and tearing down protective walls to discover our full potential.
