New Spiritual Answers to Life's Big Questions Ph. D. Marianne Figge Stein, 2006-06 Do you want meaningful inspirational answers to important questions about God the universe and the meaning of life Are you an open minded spiritual seeker who is willing to look outside the boundaries of traditional religions Then you ll want to know about new spirituality It s not a new religion or organization it s a new worldview based on love tolerance compassion and freedom It s based on the writings of people such as Neale Donald Walsch author of the *Conversations with God* books but it also draws on sources ranging from ancient mysticism to contemporary science This book serves as an introduction to new spirituality for people who are ready to embark on a spiritual journey In a question and answer format it discusses important issues in a clear inspirational and practical way that will help you cultivate inner peace and happier relationships in your daily life You ll find out what new spirituality has to say about topics such as love karma suffering and the future of humanity You ll also learn about reincarnation co creation intuition and healing And above all you ll acquire a compassionate and empowering basis for finding your own way to enlightenment

Parapsychology, Philosophy, and Spirituality David Ray Griffin, 1997-01-01 Examines why parapsychology has been held in disdain by scientists philosophers and theologians explores the evidence for ESP psychokinesis and life after death and suggests that these phenomena provide support for a meaningful postmodern spirituality

Seven Secrets of Time Travel Von Braschler, 2012-02-22 How to break free from the physical world and travel via the energy body Examines the seven secrets of time from the viewpoint of mystics and scientists including Helena Blavatsky C W Leadbeater and Albert Einstein Explains how transcending the physical body offers new hope for the treatment of illness emotional problems and addictions Offers step by step instructions and exercises to develop your time travel abilities via the energy body Time remains the most misunderstood and mystical dimension of our experience of life We never seem to have enough time yet often it seems to drag by too slowly Enthralled with the possibility of time travel and time machines we long for the future or regret our past and wish for a way to break out of the linear progression of time Behind all of this time fascination and obsession is the human urge to manage our destiny and feel in control of our world Yet the secret to escaping temporal bondage is inside each of us a soul given power to visit the past or future and travel through the present at the speed of light Exploring the 7 secrets of time Von Braschler reveals how to break free from the physical world and travel through time and space via the energy body He examines time timelessness and time travel from the viewpoint of mystics shamanic dreamwalkers and scientists including Helena Blavatsky C W Leadbeater Albert Einstein and Julian Barbour as well as Hindu spiritual science Explaining how transcending the physical body offers new hope for the treatment of illness emotional problems and addictions he offers step by step instructions and active out of body exercises to develop your time travel abilities and explore

the world of energy and spirit Emphasizing the spiritual wholeness that comes from energy body work he shows that by visiting the past and the future we can more fully live in the now

Descartes Was Right! Souls Do Exist and Reincarnation Proves It Casimir J. Bonk, 2010-02-04 Challenge the scientific denial of the soul's existence with a book that proves that the brain is not the sole explanation behind human thought and behavior Casimir J Bonk a longtime engineer and student of metaphysics has found physical scientific evidence of the nonphysical soul through his investigations of reincarnated subjects who can recall experiences from previous lives Discover why Descartes Was Right Souls Do Exist and Reincarnation Proves It For instance Dr Ian Stevenson and others have shown that reincarnated subjects can recall details from past lives proving that the brain is not the prime location of memory If memory were physical it would cease upon death By contrasting metaphysical views of the world with scientific theories an original description of human duality explains the true nature of humanity Using an engineer's approach uncover how the brain really works and why science fails to explain the memories of the reincarnated Close the gap between the physical and nonphysical worlds and answer the questions about human nature that have haunted the world forever in Descartes Was Right Souls Do Exist and Reincarnation Proves It

There's Something Under the Bed Ursula Bielski, 2010-08-05 Why do infants and toddlers seem to have a heightened awareness of the paranormal and an often marked ability to interact with the unknown And why do these qualities and abilities seem to mysteriously disappear during adolescence There's Something Under the Bed explores the often complex relationships between children and the paranormal and focuses special attention on the sometimes startling realities behind children's imaginations This book will help you Distinguish whether your child's imaginary friend is the product of his or her mind a harmless spirit in the house or something more malicious Trace the links between children's ever changing beliefs and folklore fairy tales and popular culture Understand the real phenomena behind ghosts fairies angels and possessions Foster a healthy relationship between your child and the paranormal Protect your children from fear and danger

The Haunting of Twentieth-Century America William J. Birnes, Joel Martin, 2011-09-13 In this sequel to The Haunting of America national bestselling authors Joel Martin and William J Birnes bring up to the present the story of how paranormal events influenced and sometimes even drove political events In unearthing the roots of America's fascination with the ghosts goblins and demons that possess our imaginations and nightmares Martin and Birnes show how the paranormal has driven America's political public and military policies The authors examine the social history of the United States through the lens of the paranormal and investigate the spiritual events that inspired momentous national decisions UFOs that frightened the nation's military into launching nuclear bomber squadrons toward the Soviet Union out of body experiences used to gather sensitive intelligence on other countries and even spirits summoned to communicate with living politicians The Haunting of Twentieth Century America is a thrilling evidencebased exploration of the often unexpected influences of the paranormal on science medicine law the government the military psychology theology death and dying spirituality and pop culture At the

within a sacred and esoteric tradition of creating structures through which human beings could gain insight into the nature of the divine reality Today that tradition has been abandoned in favor of narrowly defined utilitarian principles of efficiency and economy In *The Return of Sacred Architecture* Bangs provides the key to freeing architecture from the crude functionality of the twentieth century the architects of the modern human landscape must find the deep felt connection to the cosmos that guided the inner lives of those who built the temples of the past The form of their buildings will then reflect the sacred patterns of geometry and proportion and bring forth greater harmony in the world
