Two Arabs Berber Jew Entangled:

Two Arabs, a Berber, and a Jew Lawrence Rosen, 2015-12-02 In this remarkable work by seasoned scholar Lawrence Rosen we follow the fascinating intellectual developments of four ordinary Moroccans over the span of forty years Walking and talking with Haj Hamed Britel Yaghnik Driss Hussein Qadir and Shimon Benizri in a country that in a little over a century has gone from an underdeveloped colonial outpost to a modern Arab country in the throes of economic growth and religious fervor Rosen details a fascinating plurality of viewpoints on culture history and the ways both can be dramatically transformed Through the intellectual lives of these four men this book explores a number of interpretative and theoretical issues that have made Arab culture distinct especially in relationship to the West how nothing is ever hard and fast how everything is relational and always a product of negotiation It showcases the vitality of the local in a global era and it contrasts Arab notions of time equality and self with those in the West Likewise Rosen unveils his own entanglement in their world and the drive to keep the analysis of culture first and foremost even as his own life enmeshes itself in those of his study An exploration of faith politics history and memory this book highlights the world of everyday life in Arab society in ways that challenge common notions and stereotypes Moroccan Other-Archives Brahim El Guabli, 2023-04-25 Winner 2024 L Carl Brown AIMS Book Prize in North African Studies Honorable Mention 2024 MELA Book Awards Finalist 2024 ASA Best Book Prize Moroccan Other Archives investigates how histories of exclusion and silencing are written and rewritten in a postcolonial context that lacks organized and accessible archives The book draws on cultural production concerning the years of lead a period of authoritarianism and political violence between Morocco's independence in 1956 and the death of King Hassan II in 1999 to examine the transformative roles memory and trauma play in reconstructing stories of three historically marginalized groups in Moroccan history Berbers Imazighen Jews and political prisoners The book shows how Moroccan cultural production has become an other archive a set of textual sonic embodied and visual sites that recover real or reimagined voices of these formerly suppressed and silenced constituencies of Moroccan society Combining theoretical discussions with close reading of literary works the book reenvision both archives and the nation in postcolonial Morocco By producing other archives Moroccan cultural creators transform the losses state violence inflicted on society during the years of lead into a source of civic engagement and historiographical agency enabling the writing of histories about those Moroccans who have been excluded from official documentation and state sanctioned histories The book is multilingual and interdisciplinary examining primary sources in Amazigh Berber Arabic Darija and French and drawing on memory studies literary theory archival studies anthropology and historiography In addition to showing how other archives are created and operate El Guabli elaborates how language gender class race and geographical distribution are co constitutive of a historical and archival unsilencing that is foundational to citizenship in Morocco today Inventing the Berbers Ramzi Rouighi, 2019-07-05 Before the Arabs conquered northwest Africa in the seventh century Ramzi Rouighi asserts there were

no Berbers There were Moors Mauri Mauretanians Africans and many tribes and tribal federations such as the Leuathae or Musulami and before the Arabs no one thought that these groups shared a common ancestry culture or language Certainly there were groups considered barbarians by the Romans but Barbarian or its cognate Berber was not an ethnonym nor was it exclusive to North Africa Yet today it is common to see studies of the Christianization or Romanization of the Berbers or of their resistance to foreign conquerors like the Carthaginians Vandals or Arabs Archaeologists and linguists routinely describe proto Berber groups and languages in even more ancient times while biologists look for Berber DNA markers that go back thousands of years Taking the pervasiveness of such anachronisms as a point of departure *Inventing the Berbers* examines the emergence of the Berbers as a distinct category in early Arabic texts and probes the ways in which later Arabic sources shaped by contemporary events imagined the Berbers as a people and the Maghrib as their home Key both to Rouighi's understanding of the medieval phenomenon of the berberization of North Africa and its reverberations in the modern world is the *Kit b al ibar* of Ibn Khald n d 1406 the third book of which purports to provide the history of the Berbers and the dynasties that ruled in the Maghrib As translated into French in 1858 Rouighi argues the book served to establish a racialized conception of Berber indigenes for the French colonial powers who erected a fundamental opposition between the two groups thought to constitute the native populations of North Africa Arabs and Berbers *Inventing the Berbers* thus demonstrates the ways in which the nineteenth century interpretation of a medieval text has not only served as the basis for modern historical scholarship but also has had an effect on colonial and postcolonial policies and communal identities throughout Europe and North Africa *Historical Dictionary of the Berbers (Imazighen)* Hsain

Ilahiane, 2017-03-27 Berbers also known as Imazighen are the ancient inhabitants of North Africa but rarely have they formed an actual kingdom or separate nation state Ranging anywhere between 15 50 million depending on how they are classified the Berbers have influenced the culture and religion of Roman North Africa and played key roles in the spread of Islam and its culture in North Africa Spain and Sub Saharan Africa Taken together these dynamics have over time converted to redefine the field of Berber identity and its socio political representations and symbols making it an even more important issue in the 21st century This second edition of *Historical Dictionary of the Berbers* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 200 cross referenced entries on important personalities places events institutions and aspects of culture society economy and politics This book is an excellent resource for students researchers and anyone wanting to know more about the Berbers **Jewish Morocco** Emily Benichou Gottreich, 2020-02-20

The history of Morocco cannot effectively be told without the history of its Jewish inhabitants Their presence in Northwest Africa pre dates the rise of Islam and continues to the present day combining elements of Berber Amazigh Arab Sephardi and European culture Emily Gottreich examines the history of Jews in Morocco from the pre Islamic period to post colonial times drawing on newly acquired evidence from archival materials in Rabat Providing an important reassessment of the impact of

the French protectorate over Morocco the author overturns widely accepted views on Jews participation in Moroccan nationalism an issue often marginalized by both Zionist and Arab nationalist narratives and breaks new ground in her analysis of Jewish involvement in the *istiglal* and its aftermath Fitting into a growing body of scholarship that consciously strives to integrate Jewish and Middle Eastern studies Emily Gottreich here provides an original perspective by placing pressing issues in contemporary Moroccan society into their historical and in their Jewish contexts **Years of Glory** Susan Gilson Miller, 2021-11-02 The compelling true story of Nelly Benatar a hero of the anti Fascist North African resistance and humanitarian who changed the course of history for the last million escaping the Second World War When France fell to Hitler s armies in June 1940 a flood of refugees fleeing Nazi terror quickly overwhelmed Europe s borders and spilled across the Mediterranean to North Africa touching off a humanitarian crisis of dizzying proportions Nelly Benatar a highly regarded Casablancon Jewish lawyer quickly claimed a role of rescuer and almost single handedly organized a sweeping program of wartime refugee relief But for all her remarkable achievements Benatar s story has never been told With this book Susan Gilson Miller introduces readers to a woman who fought injustice as an anti Fascist resistant advocate for refugee rights liberator of Vichy run forced labor camps and legal counselor to hundreds of Holocaust survivors Miller crafts a gripping biography that spins a tale like a Hollywood thriller yet finds its truth in archives gathered across Europe North Africa Israel and the United States and from Benatar s personal collection of eighteen thousand documents now housed in the US Holocaust Museum *Years of Glory* offers a rich narrative and a deeper understanding of the complex currents that shaped Jewish North African and world history over the course of the Second World War The traumas of genocide the struggle for anti colonial liberation and the eventual Jewish exodus from Arab lands all take on new meaning when reflected through the interstices of Benatar s life A courageous woman with a deep moral conscience and an iron will Nelly Benatar helped to lay the groundwork for crucial postwar efforts to build a better world over Europe s ashes *The Holocaust and North Africa* Aomar Boum, Sarah Abrevaya Stein, 2018-11-06 The Holocaust is usually understood as a European story Yet this pivotal episode unfolded across North Africa and reverberated through politics literature memoir and memory Muslim as well as Jewish in the post war years *The Holocaust and North Africa* offers the first English language study of the unfolding events in North Africa pushing at the boundaries of Holocaust Studies and North African Studies and suggesting powerfully that neither is complete without the other The essays in this volume reconstruct the implementation of race laws and forced labor across the Maghreb during World War II and consider the Holocaust as a North African local affair which took diverse form from town to town and city to city They explore how the Holocaust ruptured Muslim Jewish relations setting the stage for an entirely new post war reality Commentaries by leading scholars of Holocaust history complete the picture reflecting on why the history of the Holocaust and North Africa has been so widely ignored and what we have to gain by understanding it in all its nuances Published in association with the United States Holocaust Memorial Museum *Generations of Dissent* Alexa

Firat,R. Shareah Taleghani,2020-07-23 Situated in the fields of contemporary literary and cultural studies the ten essays collected in *Generations of Dissent* shed light on the artistic creativity cultural production intellectual movements and acts of political dissidence across the Middle East and North Africa Born of the contributors research on dissidence and state co option in a variety of artistic and creative fields the volume s core themes reflect the notion that the recent Arab uprisings did not appear in a cultural political or historical vacuum Rather than focus on how protestors finally broke the walls of fear created by authoritarian regimes in the region these essays show that the uprisings were rooted in multiple generations and various acts of resistance decades prior to 2010 11 Firat and Taleghani s volume maps the complicated trajectories of artistic and creative dissent across time and space showing how artists have challenged institutions and governments over the past six decades *The Oxford Handbook of Citizenship* Ayelet Shachar,Rainer Bauboeck,Irene Bloemraad,Maarten

Vink,2017-08-03 Contrary to predictions that it would become increasingly redundant in a globalizing world citizenship is back with a vengeance *The Oxford Handbook of Citizenship* brings together leading experts in law philosophy political science economics sociology and geography to provide a multidisciplinary comparative discussion of different dimensions of citizenship as legal status and political membership as rights and obligations as identity and belonging as civic virtues and practices of engagement and as a discourse of political and social equality or responsibility for a common good The contributors engage with some of the oldest normative and substantive quandaries in the literature dilemmas that have renewed salience in today s political climate As well as setting an agenda for future theoretical and empirical explorations this Handbook explores the state of citizenship today in an accessible and engaging manner that will appeal to a wide academic and non academic audience Chapters highlight variations in citizenship regimes practiced in different countries from immigrant states to non western contexts from settler societies to newly independent states attentive to both migrants and those who never cross an international border Topics include the selling of citizenship multilevel citizenship in between statuses citizenship laws post colonial citizenship the impact of technological change on citizenship and other cutting edge issues This Handbook is the major reference work for those engaged with citizenship from a legal political and cultural perspective Written by the most knowledgeable senior and emerging scholars in their fields this comprehensive volume offers state of the art analyses of the main challenges and prospects of citizenship in today s world of increased migration and globalization Special emphasis is put on the question of whether inclusive and egalitarian citizenship can provide political legitimacy in a turbulent world of exploding social inequality and resurgent populism *Suq* Clifford

Geertz,2023-04-27 A formative ethnography of the relationship between markets and social life back in print Originally published in 1979 Clifford Geertz s essay on the Moroccan bazaar is a classic ethnographic account of the interplay of economic social and religious lives in the bustle of transaction Drawing on years of fieldwork in the Middle Atlas town of Sefrou Geertz explores how actors from diverse backgrounds assess the worth and meaning of other people s wares words

and ways of doing business He shows how the search for market information so central to the theorization of markets by economists is here based on careful appraisals of social relations embedded in understandings of the broader institutional environment of the market town and its hinterlands With a richness of insights procured for generations of readers Geertz's essay on the market is a model of and for the craft of ethnographic theory Long out of print it is republished here in a stand alone edition introduced by Lawrence Rosen
