U Boat Emblems In World War II:

U-Boat Emblems in World War II Georg Högel, 1999 Georg Hogel a former U boat sailor who saw service in World War II experienced the origin of these emblems of the U boat service In this book he keeps alive the memory of the legendary sometimes very original and unforgotten emblems of German U boats The author has been able to collect numerous emblems coats of arms and markings during long years of painstaking detailed work in memory of some 30 000 German U boatmen more than 80% of those who served on these boats who were lost in the war The brief chronicles and excerpts from first person memoirs make the history of the German U boats come alive in an impressive way and documents the background of their existence In the current edition the newest source materials have been included so that many hitherto unpublished emblems coats of arms and markings are presented for the first time **AUTHOR** U-Boats in New England Eric Wiberg, 2019-11-03 Starting weeks after Hitler declared war on the United States in mid December 1941 and lasting until the war with Germany was all but over 73 German U Boats sustainably attacked New England waters from Montauk New York to the tip of Nova Scotia at Cape Sable Fifteen percent of these boats were sunk by Allied counter attacks five surrendered in the region and three were sunk off New England Block Island Massachusetts Bay and off Nantucket These have proven appealing to divers with a result that at least three German naval officers or ratings are buried in New England one having killed himself in the Boston jail cell There were 34 Allied merchant or naval ships sunk by these subs one of them the Eagle was not admitted to have been sunk by the Germans until decades later Over 1 100 men were thrown in the water and 545 of them made it ashore in New England ports 428 were killed Importantly saboteurs were landed three places Long Island Frenchman s Bay Maine and New Brunswick Canada and Boston was mined Very little was known about this **USS Solomons CVE 67** Joseph E. Comeau Jr., 2008-07-31 This book is an Historical Account some may say it is a Museum Exhibit all by itself of the USS SOLOMONS CVE 67 and U860 which was sunk by the USS Solomons CVE 67 It is told by the crewmen and their photos Its in the format of a Family Photo Album by the time you finish reading this book you will know these men Personally This book makes it blatantly clear how important it is that we talk to our Veterans record their stories and make copies of their photos Who would have ever thought that 60 men could have enough stories to fill 547 pages and over 810 photos and documents or that they would be so Happy And willing to share Their Memories Additionally this book shows just how little time we have left to record their memories Since I started this project in February of 2002 until now March 2005 five of the men that contributed to this book have already passed away They will never get to see the book that they helped write They are now Gone Forever BUT They will now be Remembered Forever along with their stories and photos The five men are David R Green S1 c USS Solomons CVE 67 Passed Away 27 April 2002 Age 77 Frank S Rojewski S1 c USS Solomons CVE 67 Passed Away 10 May 2003 Age 76 Joseph Ernest Comeau S1 c USS Solomons CVE 67 My Dad Passed Away 26 June 2003 Age 77 Adolf Lundquist U860 Crewman U860 was sunk by USS Solomons CVE 67 Passed Away

December 2003 Age 90 Joseph Montana USS Solomons CVE 67 Passed Away 12 January 2005 Age 78 Read this book Then talk to the Veteran that you know write down His or Her stories and make copies of any photos Put them in a folder give each of His or Her Family members a copy so that the Veteran will NEVER BE FORGOTTEN OUR VETERANS HAVE EARNED THE RIGHT TO BE REMEMBERED THANK YOU center REVIEWScenter Joseph Comeau s book on the history of this can do carrier and her World War II crew reads like a veteran s scrapbook which it is in a way There s no narrative in the traditional sense the book consists of first hand accounts rare personal snapshots and reproductions of contemporary documents such as a Welcome Aboard pamphlet produced for new arrivals aboard the SOLOMONS Comeau s father Joseph E Comeau Sr served aboard the SOLOMONS and the book is a tribute to Comeau Sr and his shipmates The book is a wealth of obscure photos and the small details of life aboard a jeep carrier during the Atlantic War Doug Buchanan Editor of Anchor Watch The Official Journal of the Historic Naval Ships Association July 2005 This is a big book large format over 540 pages and 810 photographs but regardless of its size this book is clearly a labor of love For years Joseph Comeau would ask his father Joseph Comeau Sr about his days in the Navy His father would simply reply that he was on an Escort Carrier and that they were in the Atlantic He sometimes added that he was also rather sad that there had never been a reunion for his fellow shipmates that served with him on the USS Solomons CVE 67 In February 2002 Joseph Jr got an idea Using the far reach of the Internet he began tracking down former Solomons crewmembers quickly finding 35 men in just a few short months Each time he found one he would ask that individual to write down memories of the ship and to send a copy of any photos he may have Joseph Jr stashed these materials away in a folder which soon grew to over 235 pages This he presented to his dad on Father s Day of that year It was the reunion that his father never had Sadly Joseph Comeau Sr answered the final Call to Muster on 26 June 2003 This book based on the original folder as well as further research is a great piece of history It is not necessarily a start to finish history of the USS Solomons although there is a considerable amount of information on the ship but rather individual stories of people with a common experience centered around the vessel in which they served during a war that all fought This is a chronicle of the past in the most personal sense There is a ton of history here and we highly recommend picking up a copy of this book We would like to thank Joseph Jr for undertaking this project a gift from a son to his dad David G Powers Editor of Logbook Great Aviation History 2nd Quarter 2006 U-Boats off Bermuda Eric Wiberg, 2017-08-18 The untold story of 142 German and one Italian submarines which patrolled the waters around Bermuda The Axis powers sank eighty Allied ships one of them naval for the loss of two submarines 1 224 Allied sailors and passengers were landed in Bermuda during the war More than steel on steel this book tells of their survival voyages rescue and reception For the first time a book exposes an obscure theatre of the Second World War in great detail and comprehensively not just in terms of geography but also from the perspectives of both Allied and Axis participants U Boats off Bermuda provides details of specific U Boat patrols and their commanders as well as a general overview of the situation in

the theatre of war around Bermuda It is a detailed analysis of individual casualties broken down by a background of ship background of U Boat c attack method surface and or submersed d details of survivors and their plight at sea and e their rescue recuperation and repatriation Detailed maps and illustrations provide a human face to what were often tragic attacks with fatal consequences Did you know that half a dozen German submarines came close enough to the US Naval Operating Base in Bermuda to see Gibbs Hill Or that hardy Canadians from a sunken trading schooner rowed and sailed their way to the remote island on their own Allied pilots based in Bermuda sank two German U Boats rescued dozens in daring water landings and several crashed

U-Boats in the Bahamas (HC) Eric Wiberg,2016-10-21 Eric Wiberg s ability to unearth obscure historical facts keeps me in a constant state of surprise I commend his relentless determination to verify every detail with local sources in Nassau s historical community for corroboration of his findings Capt Paul C Aranha author THE ISLAND AIRMAN AND HIS BAHAMA ISLANDS HOME Eric Wiberg has made a significant contribution to the bibliography of World War II history J Revell Carr Santa Fe N M This his book tells one more key part of the big story and is one more piece in the giant puzzle of the history of World War II Its value for historians cannot be underestimated Throughout the stories of the attacks by German and Italian submarines on Allied shipping in the water around the Bahamas and the Turks and Caicos several consistent themes emerge in Wiberg s thorough accounts Prime among them is the heroism of the merchant mariners who time and again put themselves in danger as they performed the critical task of moving supplies military and civilian which were vital to ultimate victory We read of numerous instances of sailors having their ships shot out from under them and then continuously going back to sea and having additional ships torpedoed and sunk We can also recognize what we know today as Post Traumatic Stress Disorder PTSD which was seldom recognized 75 years ago

Type VII U-Boats Roger Chesneau,2012-01-20 The ShipCraft series provides in depth information about building and modifying model kits of famous warship types Lavishly illustrated each book takes the modeller through a brief history of the subject class highlighting differences between sister ships and changes in their appearance over their careers This includes paint schemes and camouflage featuring colour profiles and highly detailed line drawings and scale plans The modelling section reviews the strengths and weaknesses of available kits lists commercial accessory sets for super detailing of the ships and provides hints on modifying and improving the basic kit This is followed by an extensive photographic gallery of selected high quality models in a variety of scales and the book concludes with a section on research references books monographs large scale plans and websites This volume is devoted to the largest class of submarines ever built the Type VII which formed the backbone of the German effort in the critical Battle of the Atlantic A pre war design the Type VII was developed as the campaign progressed and was still in frontline service in 1945 All the major variants as well as minor changes to equipment are covered here With its unparalleled level of visual information paint schemes models line drawings and photographs it is simply the best reference for any modelmaker setting out to build one of these famous boats

U-Boats Attack! Jak P

Mallmann Showell,2016-09-14 The Battle of the Atlantic was the longest continuous military campaign of the Second World War raging from 1939 to 1945 It saw the might of the Royal Navy pitted against the Kriegsmarine Germany's secret weapon was their fleet of U boats They had the largest fleet of submarines in the world and this enabled them to play cat and mouse with the Allied forces to devastating effect Hunting in wolf packs they would prey on merchant shipping and naval vessels In this startling new book Jak P Mallman Showell tells the story of this battle as viewed through the conning towers of these U boats Using surviving logs written as the action unfolded You taste the salt smell the nauseating stench of the U boats and hear orders being whispered quietly while diving back in time to the horrendous inhumanity of the Battle of the Atlantic

Hitler's War Beneath the Waves Michael FitzGerald,2020-01-01 At the beginning of World War II the devastating impact of German submarines on both the Royal Navy and merchant shipping saw Britain on the brink of starvation and defeat The enemy was formidable U boat crews saw themselves as an elite and they preferred to scuttle their vessels at the end of the war rather than surrender They suffered the heaviest losses of any branch of the German services out of 40 900 men 28 000 were killed and 5 000 taken prisoner by 1945 the average age was 19 and the survival rate was only three missions This is the story of how the Allies redressed the balance of power focusing in particular on the role of the wolfpacks of U boats in the Atlantic whose stealthy presence beneath the waves ensured that British ships dived with death every time they put to sea

Black Flag Lawrence Paterson,2009-08-21 On the eve of Germany's surrender in May 1945 Grossadmiral Karl Dönitz commanded thousands of loyal and active men of the U boat service Still fully armed and unbroken in morale enclaves of these men occupied bases stretching from Norway to France where cadres of U boat men fought on in ports that defied besieging Allied troops to the last At sea U boats still operated on a war footing around Britain the coasts of the United States and as far as Malaya Following the agreement to surrender these large formations needed to be disarmed often by markedly inferior forces and the boats at sea located and escorted into the harbours of their erstwhile enemies Neither side knew entirely what to expect and many of the encounters were tense in some cases there were unsavoury incidents and stories of worse For many Allied personnel it was their first glimpse of the dreaded U boat menace and both sides were forced to exercise considerable restraint to avoid compromising the terms of Germany's surrender One of the last but most dramatic acts of the naval war the story of how the surrender was handled has never been treated at length before This book uncovers much new material about the process itself and the ruthless aftermath for both the crews and their boats

U-Boats at War in World War I and II Jon Sutherland,Diane Canwell,2009-11-19 A photographic history of German submarines in the world wars including unseen images from the personal collections of captains and crew U boats were the scourge of the seas for Allied shipping during both world wars almost bringing Britain to the brink of starvation on several occasions This book contains unseen photographs taken by German submarine crew and captains during each war The World War One selection features a submariner's photos of U 25 an early German U boat They belonged to WO Friedrich Pohl who

served on U boats SM 25 and SMU 33 There are many photos of the U boat itself crew on deck and attacks on Norwegian merchant ships with the surface gun U 25 was launched July 12 1913 sank a total of twenty one ships and 14 126 tons and surrendered to France on February 23 1919 The World War Two photos include images from an original WW2 U boat commander s photo album It belonged to Kapitan Leutnant Herbert Bruninghaus As a U boat navigator he served on the famous U 38 under ace Heinrich Liebe Bruninghaus later went on to command three U boats of his own U 6 U 148 and U 1059 There are also original images from a Kriegsmarine officer s photo album unfortunately unnamed including photos of Commander Prien s U 47 returning to Kiel after attacks at Scapa Flow
