Ufos A Manual For The Millennium:

UFOs Phil Cousineau, 1995-07-11 The UFO Phenomenon Strange Visitors from Outer Space Or the Next Evolutionary Step From the latest mind bending theories of flying saucers emerging from parallel universes to haunting tales of extraterrestrial encounters this spine ti **Ufo's Manual for Millenium** Phil Cousineau, 1995-06-01 UFO Religions Christopher Partridge, 2012-11-12 The spectre of the UFO as popularized by shows such as The X Files has brought an astonishing slant to the face of modern religious practice But what motivates the fantastical and sometimes sinister beliefs of UFO worshippers UFO Religions critically examines some of the fascinating issues surrounding UFO worship abduction narratives UFO based interpretations of other religions the growth of pseudo sciences purporting to explain UFOs and the responses of the core scientific community to such claims Focusing on contemporary global UFO groups including the Raelian Movement Heaven s Gate Unarius and the Ansaaru Allah Community it gives a clear profile of modern UFO controversies and beliefs *Aliens in America* Jodi Dean, 1998 Discusses the social and political implications of widespread belief in unidentified flying objects extraterrestrials and government cover ups and considers what they reveal in a culture of mass media and conflicting evidence *Confessions of an S & M Virgin* Linda Jaivin, 2012-06-21 In her hilarious and outrageous book Linda Jaivin gets a spanking as she interviews the manager of an S M club and wears a penis for a week to find out how it feels to be a man She explores the secretive world of Chinese gays and lesbians and gives an astonishing account of what happened the night the tanks rolled in to Tiananmen Square **PopLit, PopCult and The X-Files** Jan Delasara, 2015-11-03 For six acclaimed seasons FBI paranormal detectives Mulder and Scully have been chasing monsters and little green men and exposing government conspiracies while espousing the mantras trust no one and the truth is out there This work takes a close look at the popular television series and shows how its style character and narrative structure have continued to tease and please a wide viewing audience every week for six years The first section examines the text of the series and the progression of its mythic story arc This part also looks at the show s use of expressionistic techniques in both its visual and sound effects the related tropes of self reflexive humor irony and the grotesque and its ability to give the audience an occasional strong sensory jolt The second section explores the context that has given rise to The X Files phenomenon in the 1990s The show s gothic horror tradition is established and its contribution to the Zeitgeist of the 90s is also acknowledged **The Haunting of Twentieth-Century America** William J. Birnes, Joel Martin, 2011-09-13 In this sequel to The Haunting of America national bestselling authors Joel Martin and William J Birnes bring up to the present the story of how paranormal events influenced and sometimes even drove political events In unearthing the roots of America s fascination with the ghosts goblins and demons that possess our imaginations and nightmares Martin and Birnes show how the paranormal has driven America s political public and military policies The authors examine the social history of the United States through the lens of the paranormal and investigate the spiritual events that inspired momentous national decisions

UFOs that frightened the nation's military into launching nuclear bomber squadrons toward the Soviet Union out of body experiences used to gather sensitive intelligence on other countries and even spirits summoned to communicate with living politicians. The Haunting of Twentieth Century America is a thrilling evidence-based exploration of the often unexpected influences of the paranormal on science, medicine, law, the government, the military, psychology, theology, death and dying, spirituality, and pop culture. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Lure of the Edge Brenda Denzler, 2001-11-07. UFO phenomena entered American consciousness at the beginning of the Cold War when reports from astonished witnesses of encounters with unknown aerial objects captured the attention of the United States military and the imagination of the press and the public. But when UFOs appeared not to be hostile and when some scientists pronounced the sightings to be of natural meteorological phenomena misidentified due to Cold War jitters, military interest declined sharply and with it further overt scientific interest. Yet sighting reports didn't stop and UFOs entered the public imagination as a cultural myth of the twentieth century. Brenda Denzler's comprehensive, clearly written, and compelling narrative provides the first sustained overview and valuation of the UFO alien abduction movement as a social phenomenon positioned between scientific and religious perspectives. Demonstrating the unique place ufology occupies in the twentieth century nexus between science and religion, Denzler surveys the sociological contours of its community, assesses its persistent attempt to achieve scientific legitimacy, and concludes with an examination of the movement's metaphysical or spiritual outlook. Her book is a substantial contribution to our understanding of American popular culture and the boundaries of American religion and to the debate about the nature of science and religion. Denzler presents a thorough and fascinating history of the UFO abduction movement and traces the tensions between those who are deeply ambivalent about abduction narratives that seemingly erode their quest for scientific credibility and the growing cultural power of those who claim to have been abducted. She locates the phenomenon within the context of American religious history and, using data gathered in surveys, sheds new light on the social profile of these UFO communities. *The Lure of the Edge* succeeds brilliantly in repositioning a cultural phenomenon considered by many to be bizarre and marginal into a central debate about the nature of science, technology, and the production of a modern myth.

Star Witness Lia

Matera, 2021-06-01. A plucky lawyer's out of her element when she investigates a suspicious death that's out of this world in this mystery by the author of *Last Chants*. Overworked San Francisco attorney Willa Jansson's ready to go on her three week vacation and relax on the beach in Mexico. But before she can leave the office, she gets a phone call from a friend whom she owes a favor. Willa heads to Santa Cruz to take on what at first sounds like a vehicular manslaughter and felony hit and run case. Alan Miller's Fiat fell on top of Francis Addenaur's Buick in a field of Brussels sprouts. The problem is the Fiat left no tracks in the field and Miller wasn't in his car. He says he was abducted by aliens. As Willa begins examining crop circles and subpoenaing UFO experts, she realizes this case could ruin her career. But with an angry widow packing heat and mysterious

black helicopters circling the sky discovering the truth feels like a matter of life or death Mather's latest mystery is a hoot It will drive the Pentagon non UFO believers crazy and probably end up being the inspiration for an X Files episode This fast moving tale is peppered with eccentric characters snappy dialogue and a creative plot San Francisco Examiner Chronicle Mather has proved more than once that she is the master when it comes to dabbling in Northern California flakiness for her mystery plots This time she focuses on alien abduction Mather cleverly walks the line here between milking the material for humor and taking it all too seriously Mystery fans can't fail to be entertained San Jose Mercury News

Light and Dark

Trevor J. Hawkeswood, 2013 Trevor J Hawkeswood is a scientist who has experienced hundreds of paranormal events in his lifetime In *Light and Dark* he recounts some of these incredible interactions He believes that reality occurs on two separate but interwoven planes of existence the Earth plane and the multiple levels of the spiritual planes including the lower levels from where the dark souls of humans who have died reach out to us He has experienced more than one hundred sightings of the shadow people or black ghosts He credits guardian angels with saving him from harm or certain death on a number of occasions Hawkeswood also shares accounts of his numerous sightings of strange aerial phenomena he believes were caused by UFOs He has personally experienced clairaudience voices from beyond and precognition or the ability to see the future His detailed account of a unique out of body experience OOBEE challenges what is known about this remarkable ability His OOBEE was unlike anything that has ever been described by others who have experienced it and he shares it all in *Light and Dark* But it hasn't all been safe or pleasant At eighteen he survived a terrifying encounter with a demon gargoyle who tried to steal his soul energy after paralyzing him A comprehensive handbook for the paranormal enthusiast Hawkeswood's work also provides a glossary and reference list of English language UFO books In *Light and Dark* he shares a lifetime of experiences ideas and theories about this fascinating field of study
