Levis, 2019-02-12 The *Handbook of English Pronunciation* presents a comprehensive exploration of English pronunciation with essential topics for applied linguistics researchers and teachers including language acquisition varieties of English historical perspectives accent s changing role and connections to discourse technology and pedagogy Provides thorough descriptions of all elements of English pronunciation Features contributions from a global list of authors reflecting the finest scholarship available Explores a careful balance of issues and topics important to both researchers and teachers Provides a historical understanding of the importance of pronunciation and examines some of the major ways English is pronounced today throughout the world Considers practical concerns about how research and practice interact in teaching pronunciation in the classroom

Intelligibility, Oral Communication, and the Teaching of Pronunciation John M. Levis, 2018-10-04 An intelligibility based approach to teaching that presents pronunciation as critical yet neglected in communicative language teaching *The Concise Companion to Language Assessment* Antony John Kunnan, 2024-09-04 The *Concise Companion to Language Assessment* provides a state of the art overview of the crucial areas of language assessment teaching and learning Edited by one of the foremost scholars in the field The *Concise Companion* combines newly commissioned articles on innovations in assessment with a selection of chapters from *The Companion to Language Assessment* the landmark four volume reference work first published in 2013 Presented in eight themes The *Concise Companion* addresses a broad range of language

assessment methods issues and contexts Forty five chapters cover assessment conceptualization development research and policy as well as recent changes in language assessment technology learning oriented assessment teacher based assessment teacher assessment literacy plurilingual assessment assessment for immigration and more Exploring the past present and future possibilities of the dynamic field The Concise Companion to Language Assessment Contains dedicated chapters on listening speaking reading writing vocabulary pronunciation intercultural competence and other language skills Describes fundamental assessment design and scoring guidelines as well as advanced concepts in scenario based assessment and automated performance scoring Provides insights on different assessment environments such as classrooms universities employment immigration and healthcare Covers various qualitative and quantitative research methods including introspective methods classical reliability and structural equation modeling Discusses the impacts of colonialism and discrimination on the history of language assessment Explores the use of AI in writing evaluation plagiarism and cheating detection and other assessment contexts Sure to become a standard text for the next generation of applied linguistics students The Concise Companion to Language Assessment is an invaluable textbook for undergraduate and graduate courses in applied linguistics language assessment TESOL second language acquisition and language policy

Pedagogical Innovations in Oral Academic Communication Megan Siczek, 2022-03-15 Oral communication is key to students classroom success and a skill that is highly valued in both academic and professional contexts yet there are few resources for developing courses on oral academic communication This edited collection gathers TESOL scholars and practitioners in exploring the theories principles and pedagogical practices that shape and help innovate the teaching of oral communication in higher education Pedagogical Innovations in Oral Academic Communication is grounded in four key principles academic discourse socialization context responsive instruction instructional approaches of English for Academic Purposes and English for Specific Purposes and asset oriented pedagogy In the chapters in this collection the authors share their teaching context the details and underlying principles of their pedagogical approach and recommendations for practitioners Readers will develop a deeper understanding of the communicative contexts their students inhabit including the types of speaking situations they are likely to encounter and understand how to innovate their approach to teaching oral communication to students from diverse cultural linguistic educational and disciplinary backgrounds Such innovations prepare students for more effective communication during their academic studies and professional career a goal that is of central importance in our globally interconnected society

Well Said Linda Grant, 1993 Well Said is designed to improve the speech intelligibility of high intermediate to advanced ESL learners It was written with the general ESL EFL population in mind but should be especially useful to learners who wish to communicate more clearly in academic business scientific and professional settings Well Said addresses the pronunciation needs of students from a variety of language backgrounds The body of the text focuses on problems of sound spelling patterns syllables word endings linking stress rhythm and intonation

common to students of most language backgrounds The appendices provide individualized practice for consonant and vowel problems which can vary widely in most groups of students

Language in the Real World Susan J. Behrens, Judith A. Parker, 2010-05-13 Language in the Real World challenges traditional approaches to linguistics to provide an innovative introduction to the subject By first examining the real world applications of core areas of linguistics and then addressing the theory behind these applications this text offers an inductive illustrative and interactive overview for students Key areas covered include animal communication phonology language variation gender and power lexicography translation forensic linguistics language acquisition ASL and language disorders Each chapter written by an expert in the field is introduced by boxed notes listing the key points covered and features an author's note to readers that situates the chapter in its real world context Activities and pointers for further study and reading are also integrated into the chapters and an end of text glossary is provided to aid study Professors and students will benefit from the interactive Companion Website that includes a student section featuring comments and hints on the chapter exercises within the book a series of flash cards to test knowledge and further reading and links to key resources Material for professors includes essay and multiple choice questions based on each chapter and additional general discussion topics Language in the Real World shows that linguistics can be appreciated studied and enjoyed by actively engaging real world applications of linguistic knowledge and principles and will be essential reading for students with an interest in language Visit the Companion Website at www.routledge.com/textbooks/languageintherealworld
