What Is God Can Religion Be Modeled:

What Is God? Thomas B. Sheridan, 2014-12-24 An eminent psychologist and engineer presents a provocative analysis of the concept of God through the lens of scientific inquiry This is a study of the concept of God not from the perspective of any religious tradition but as a pervasive social phenomenon that has prevailed through the ages An expert in engineering and applied psychology author Thomas B Sheridan offers unique perspective on the subject In What Is God he asks whether the concept of God can be modeled in denotative language much as modeling in science medicine and modern professions in contrast to connotative language e g myth metaphor art and music Sheridan adopts the assumption of model based reality as currently prevalent in physics and some branches of philosophy That criterion means an entity can be called real for public discourse purposes only to the extent that a credible model can be made of what the entity is or how it works as opposed to the private reality of thoughts perceptions or dreams What follows is a truly provocative and enlightening through experiment with far reaching implications It is rare to see the ultimate question of God as prime mover examined as a problem open to rigorous scientific inquiry Thomas Sheridan has now done it with admirable clarity Edward O Wilson Pulitzer Prize winning author of *The Meaning of Human Existence* [The Geologic Model of Religion](#) Andrew Clifford, 2012-07-17 Men are haunted by the vastness of eternity The opening line of the film *Troy* captures the tragic essence of personal mortality ones passing into oblivion and fading from all memory Since the prehistoric dawn of humanity death has shadowed everyone s footsteps Even into the current scientific era religion has long been the only defense The sole comfort against oblivion offering a promise of new life or even immortality The Geologic Model of Religion is a sympathetic study of this defense from its ancient beginnings drawing upon archaeology anthropology and comparative religion to clearly explain one of the most complex subjects known From the study a new model emerges which Decomposes religion into its distinct worldview and afterlife paradigms Categorizes evidence of belief systems held by prehistoric hunter gatherers culminating in the Temples of Rebirth such as Gobekli Tepe Concludes that spirituality began in the Fertile Crescent 11 000 years ago spreading with the Neolithic revolution throughout the world Shows why judgment in afterlife was the keystone in the emerging edifice of civilization and how it enabled hierarchies overcoming Dunbar s number which limited village sizes Overviews the interaction between science and religion and projects the ultimate fate of religion itself There might be 100 000 books written about religion but the Geologic Model of Religion is unlike any other Drawing upon evidence from anthropology archaeology and scripture religion is divided into worldviews and afterlife paradigms This new model evidences several long lost prehistoric religious belief systems and explains the origin of spirituality in settled societies *Does Religion Matter Morally?* A. W. Musschenga, 1995 In the dominant view morality is more rational and universal than and therefore independent from christian religion Believers do not have exclusive moral knowledge Moral principles can be known by anyone Morality not religion is the supreme judge of human actions in the world Some contributors to this volume

defend this view on theological and philosophical grounds The advantages of such a view for thinking about a common global morality are clear However according to many authors the conception of morality underlying this view is at the least impoverished if not wrong this view cannot explain the importance and the persistence of moral taboos Furthermore every morality is influenced by metaphysical and anthropological assumptions whether or not religious the so called modern rational secular morality The central moral question in the alternative narrative concept of morality is Who am I who do I want to be and not What is the right action In this approach not universal principles but tradition dependant stories constitute the core of a morality Are these concepts more adequate for understanding the relation of religion to morality Do they have room for the project of a universal morality of human rights

Creating a Model Church Bill Vincent, 2023-06-02 The Church has been spinning out of control for hundreds of years The current state of the Church is no match for the Early Church This book is being published in order to restore the Church and to establish a new form of church known as a Prototype Things don't always turn out the way we expect them to It doesn't seem to matter how hard we prepare and strategize keep the chain of command minimal to avoid confusion work within strict constraints and generally specifically stay on top of things I'm here to inform you that this book is inspired by the Holy Spirit and will undoubtedly stir up some religious debate Some strange variable that we hadn't expected will enter into the mix and cause havoc Assume you're in the midst of a full fledged revival There has been a great move of God that has shattered all of your comfortable church beliefs and traditions The Holy Spirit has instilled in you and your church a strong desire to evangelize and combat demonic forces wherever they may be found Even the weakest brethren now have considerably more anointing than your most powerful preachers did before the march of God began Thousands of people are being rescued Sick people are being healed demons are being thrown out and the country is being turned inside out Are you prepared for a Church like this I'm here to inform you that today is your day to seize God's intentions for you

Modeling the Heavenly Father to Earthly Children Kevin Anthony Keating, 2021-01-18 Jesus said I praise you Father Lord of heaven and earth Lk 10:21 NIV Jesus called God his Father and he taught his followers to think of God as their Father too saying This then is how you should pray Our Father in heaven Mt 6:9 NIV The Scripture describes our Father God as loving and compassionate just yet gracious merciful and forgiving But what if hearing the words Father in heaven evokes in our children's minds negative images from adverse experiences they have had with their own fathers on earth As explained in MODELING THE HEAVENLY FATHER TO EARTHLY CHILDREN we Christian dads as well as grandfathers and other influential male adults have the responsibility and privilege to raise our boys and girls sons and daughters of all ages in such a way as to give them an accurate and positive understanding of who God really is We do this by emulating and modeling divine attributes like justice and abhorrence of evil but also kindness wisdom communication compassion and most certainly love This will take dedication and perseverance nonetheless we must rise to this challenge for our kids will be watching us and learning about what heavenly Father really means
