Simon Nasht, 2012-08 In the tradition of The Ice Master and Endurance here is the incredible story of the first truly modern explorer whose death defying adventures and uncommon modesty make this book itself an extraordinary discovery Hubert Wilkins was the most successful explorer in history no one saw with his own eyes more undiscovered land and sea Largely self taught Wilkins became a celebrated newsreel cameraman in the early 1900s as well as a reporter pilot spy war hero scientist and adventurer capturing in his lens war and famine cheating death repeatedly meeting world leaders like Lenin and Stalin and circling the globe on a zeppelin Apprenticing with the greats of polar exploration including Shackleton in the Antarctic Wilkins recognized the importance of new technologies such as the airplane and submarine He helped map the Canadian Arctic and plumbed the ocean depths from the icecap A pioneer in the truest sense of the word he became the first man to fly across the North Pole which won him a knighthood the first to fly to the Antarctic and discover land there by airpla and the first to take a submarine under the Arctic ice Grasping the link between the poles and changing global weather Wilkins was a visionary in weather forecasting and the study of global warming A true hero of the earth he changed the way we look at our world *Heal Yourself - Heal the World* Donna Kenny, 2016-08-11 Our created universe is ever evolving and is presently passing through a critical evolutionary stage We are in the midst of a universal healing and transformation process which will catalyze a shift into a new evolutionary paradigm This new paradigm will manifest a glorious reality that has never before been experienced on any level of Creation The highest of Heaven will be brought to Earth and humanity will experience a transformative rebirth in consciousness This book provides a comprehensive overview of the purpose and goals of the universal healing and transformation process from the perspective of the Divine Plan of Creation It also offers support and guidance for your personal healing and transformation process so that you can embrace your true divine destiny in the wondrous new reality *Invoking the Beyond*: Paul D. Collins, Phillip D. Collins, 2020-11-22 The Gnostic revival of the Enlightenment witnessed the erection of what could be called the Kantian Rift an epistemological barrier between external reality and the mind of the percipient Arbitrarily proclaimed by German philosopher Immanuel Kant this barrier rendered the world as a terra incognita Suddenly the world out there was deemed imperceptible and unknowable In addition to the outer world the cherished metaphysical certainties of antiquity the soul a transcendent order and God swiftly evaporated The way

was paved for a new set of modern mythmakers who would populate the world out there with their own surrogates for the Divine Collectively these surrogates could be referred to as the Beyond because they epistemologically and ontologically overwhelm humanity In recent years the Beyond has been invoked by theoreticians literary figures intelligence circles and deep state operatives who share some variant of a technocratic vision for the world In turn these mythmakers have either directly or indirectly served elitist interests that have been working toward the establishment of a global government and the creation of a New Man Their hegemony has been legitimized through the invocation of a wrathful earth goddess a technological Singularity a superweapon and extraterrestrial gods All of these are merely masks for the same counterfeit divinity the Beyond Encyclopedia of Occultism & Parapsychology: M-Z J. Gordon Melton,1996 More than 300 new entries cover recent phenomena concepts cults personalities organizations and publications Prominent individuals and personalities in this field are covered and entries on particular countries trace the development of occultism and parapsychology in each

Apocryphal Writings and the Latter-day Saints C. Wilfred Griggs,1986 *The Untold Story of Jesus* ,2024-03-05 Jesus comes to life in this fascinating modern biography excerpted from The Urantia Book Many of these historical stories are familiar to readers of the New Testament but dozens are new including the missing years not found in the Bible Here you discover Jesus presented as never before both as divine Son and human hero whose matchless life inspires comforts and transforms you It is beautifully written in modern page turning prose and complemented with 106 paintings from 35 renowned artists including 42 originally commissioned works you will see for the first time The paintings run the gamut of fine art celebrating the life of Christ both classic and modern These artists poured their souls into these portraits of higher spiritual reality Our deep appreciation and humble gratitude go out to each one of them These paintings illustrate Jesus life journey from his humble birth and childhood to adolescence and manhood from private to public ministry and on to his death resurrection and ascension The artwork celebrates his diverse life as son father brother carpenter boat designer and builder tutor translator caravan conductor teacher healer minister and friend No one knows what Jesus looked like but these artists painted their soulful interpretations to spark our imagination of these scenes from the Master s life Our intent is to give you a visual communion with Jesus that complements the enthralling narrative This impeccably designed book provides relevant and empowering spiritual insights helping you navigate the challenging yet promising conditions of the 21st century We live in an exciting era of unprecedented improvements in our material lives brought about by scientific industrial and social achievements Yet despite all this progress many souls feel lonely and displaced We need God and have an innate thirst for spiritual answers because of that still small voice that lives within us Finding God by living the personal religion of Jesus satisfies that thirst The search for the genuine Jesus continues to intrigue humanity Since the Bible only records an estimated 50 days of his life it follows that there is more to his story You will find it here in this detailed history of the Master s entire life including the public ministry recorded in the Gospels It provides a coherent and seamless biography of this magnificent

personality who continues to shape spiritual progress in our world The story of Jesus is one of the most enthralling chapters in human history The closing passage of the Apostle John s gospel speaks to a life larger than even the world itself How fitting that the last words of his gospel should be the first words of this book But there are also many things which Jesus did were every one of them to be written I suppose that the world itself would not contain the books that would be written In John s day the Word was made flesh In these days the Word is made book The Untold Story of Jesus reveals the living Christ to members of the church that bears his name as well as to worshipers of all world religions It is sure to become a favorite volume for all who seek God Урания ,1992 Symbolism as a Compositional Method in the Works of Karlheinz
