Sean Seah

Winning The Game Of Life Adam Khoo:

Winning the Game of Life! Adam Khoo, 2011 *Mindshift* Barbara Oakley, PhD, 2017-04-18 *Mindshift* reveals how we can overcome stereotypes and preconceived ideas about what is possible for us to learn and become At a time when we are constantly being asked to retrain and reinvent ourselves to adapt to new technologies and changing industries this book shows us how we can uncover and develop talents we didn't realize we had no matter what our age or background We're often told to follow our passions But in *Mindshift* Dr Barbara Oakley shows us how we can broaden our passions Drawing on the latest neuroscientific insights Dr Oakley shepherds us past simplistic ideas of aptitude and ability which provide only a snapshot of who we are now with little consideration about how we can change Even seemingly bad traits such as a poor memory come with hidden advantages like increased creativity Profiling people from around the world who have overcome learning limitations of all kinds Dr Oakley shows us how we can turn perceived weaknesses such as impostor syndrome and advancing age into strengths People may feel like they're at a disadvantage if they pursue a new field later in life yet those who change careers can be fertile cross pollinators They bring valuable insights from one discipline to another Dr Oakley teaches us strategies for learning that are backed by neuroscience so that we can realize the joy and benefits of a learning lifestyle *Mindshift* takes us deep inside the world of how people change and grow Our biggest stumbling blocks can be our own preconceptions but with the right mental insights we can tap into hidden potential and create new opportunities

Great Advice for Solving Everyday Challenges at Work and in Life David Wee & Handi Kurniawan, 2020-09-09 This book has great vignettes that provide both insights and thoughtful challenges to the reader I enjoyed the conversational style and found gems of ideas scattered throughout Worthy read Ann Ann Low Senior Director Learning Development Asia Pacific Region at LinkedIn In many organisations today we see people and leadership behaviours that don't pass the simple test almost like common sense has become uncommon No one has a monopoly on good advice but this book is a good place to start Peter Attfield Chief Talent Learning Officer Jardine Matheson Ltd David and Handi have delivered a treasure trove of real world wisdom for the workplace This book will be of immense benefit to everyone trying to succeed in our ever shifting dynamic world A must read for all Roshan Thiran Founder Leaderonomics Great Advice is like a cheat sheet for your career journey full of wisdom and practical tips No matter where you are in your career journey this book gives you superb solutions and reminders in a very simple yet powerful way A must read for everybody Tyo Guritno CEO Co founder INSPIGO This book brings to life all the learnings and wisdom of David and Handi in a way which can be easily adopted and executed in real life situations They have put together one of the most interesting practical and readable books for all practitioners and students of leadership An absolute must read Supratim Bose President Chief Operating Officer Global Emerging Markets ConvaTec

Aprende a aprender María Elena Benito González, 2022-01-20 En una sociedad r pida y cambiante como la nuestra dominar los recursos de aprendizaje se convierte en algo imprescindible Presuponemos que todo el mundo nace sabiendo

aprender pero no siempre conseguimos aprender todo lo que queremos y al ritmo que necesitamos verdad El aprendizaje real implica cambios plásticos en el cerebro estamos completando todos los procesos necesarios para conseguir este objetivo A pesar de que vivimos en la era de la información es claro que exponerse a los datos no es suficiente si lo fuese seríamos la generación que más estuviera aprendiendo y con más facilidad Y si existiera algo parecido a una receta que nos pudiese ayudar a conseguir un aprendizaje real en cualquier disciplina Precisamente este libro aspira a ser esa receta reuniendo todos los ingredientes necesarios para que empieces a disfrutar del proceso de estudio y sobre todo para que consigas los resultados que te atrevas a soñar
