Yes And Daily Meditations:

Yes, And... Richard Rohr, 2013 This perennial book features daily meditations each written by Rohr and adapted or excerpted from his many written and recorded works The meditations are arranged around seven themes Methodology Scripture as validated by experience and experience as validated by tradition are good scales for one's spiritual worldview Foundation If God is Trinity and Jesus is the face of God then it is a benevolent universe God is not someone to be afraid of but is the Ground of Being and on our side Frame There is only one Reality Any distinction between natural and supernatural sacred and profane is a bogus one Ecumenical Everything belongs and no one needs to be scapegoated or excluded Evil and illusion only need to be named and exposed truthfully and they die in exposure to the light Transformation The separate self is the problem whereas most religion and most people make the shadow self the problem This leads to denial pretending and projecting instead of real transformation into the Divine Process The path of descent is the path of transformation Darkness failure relapse death and woundedness are our primary teachers rather than ideas or doctrines Goal Reality is paradoxical and complementary Non dual thinking is the highest level of consciousness Divine union not private perfection is the goal of all religion Yes and is an excellent daily prayer resource for fans of Richard Rohr's work and those who are looking for an alternate way to live out their faith a way centered in the open minded search for spiritual relevance of a transforming nature
