growth I particularly enjoyed the section on Krishna's miracles as it deepened my understanding of the divine. Some parts were a bit heavy on philosophy but overall an enriching read. Stephen Knapp's writing is always thoughtful and deeply rooted in spiritual wisdom. This collection is a wonderful introduction to his teachings. While the content could be challenging for beginners, those already on a spiritual path will find much value in these works. The content is good but felt a bit repetitive at times. Knapp's Reading List offers valuable insights into happiness and spiritual practices but I was hoping for more practical guidance in applying these principles to everyday life.
