J. Mawson,2016-10-20 Some philosophers have thought that life could only be meaningful if there is no God For Sartre and Nagel for example a God of the traditional classical theistic sort would constrain our powers of self creative autonomy in ways that would severely detract from the meaning of our lives

possibly even evacuate our lives of all meaning Some philosophers by contrast have thought that life could only be meaningful if there is a God God and the Meanings of Life is interested in exploring the truth in both these schools of thought seeking to discover what God could and couldn t do to make life meaningful as well as what he would and wouldn t do Mawson espouses a version of the amalgam or pluralism thesis about the issue of life s meaning in essence that there are a number of different legitimate meanings of meaning and indeed life in the question of life s meaning According to Mawson God were he to exist would help make life meaningful in some of these senses and hinder in some others He argues that whilst there could be meaning in a Godless universe there could be other sorts of meaning in a Godly one and that these would be deeper

The Explanation of the Qur'an Is Allah's One Religion Book Al Masri,2020-08-18 My explanations are only an attempt to present this Holy Miracle Book This interpretation trial to extract the exact deep meaning of these texts verses ayah and surah of this Final Testament Quran This attempt is for every one searching for the truth in this world in a mannerly civilized dialogue while

respecting each others beliefs and looking for the real second birth for each one of us Since no one has gotten the chance to read about all other faiths this Miracle Book will bring to you all this information which will lead us to find the One Religion Allah SW wanted the Quran to be a miracle and proof It was sent as a challenge for the non believers And if you want to challenge someone to prove superiority you must challenge them in something they excel at You cannot challenge a weak or disabled person in weightlifting which would prove nothing You have to challenge a weightlifter So when the Quran came and challenged the Arabs in their own language and prevailed it did not mean that the Arabs at that time were weak in language arts To the contrary it is a testimony that they excelled in their language and mastered it at a high Shakespearean level So when the Quran prevailed over them linguistically it became a real triumph The purpose of the revelation of the Quran was not to reveal scientific explorations or to explain the secrets of creation These matters remain hidden in its verses and are revealed in their proper time It is when the scientific minds are active in the search and study of such areas that Allah SW makes these verses shine with their true meaning This makes each scientific revelation in the Quran more appropriate for its time and more impactful as it is delivered when the scientific minds are ready for it The Prophet left the explanations of the Quran which are not related to matters of duties and religious law to be revealed by time This real story with two separate events first one starts with a rich man who owned a vast estate but had no heir to inherit this wealth His nephew filled with greed conspired against and killed him When night fell he threw the body at the doorstep of another village in order to frame them for his uncle s murder The next morning as people saw the body they naturally accused the village of his murder And despite their denial the relatives of the victim insisted on blaming them After the matters escalated and the two villages clashed they decided to resort to Prophet Moses so that he may ask Allah SW to resolve the issue and identify the murderer The second event Allah SW was helping a pious man on his straight path This man from among st the Children of Israel kept Allah SW in mind in all his business and social dealings As death approached him all he had was a baby cow and his only heir at the time was his little boy He was unsure about whom he should entrust his small fortune to Who would be best to take care of the calf until his son is able to take care of it for himself and his mother He pondered long then turned to the heavens and supplicated Lord I entrust this cow to you protect it for my son until he grows older Then he said to his wife I have entrusted the cow to Allah SW I didn t find anyone more trustworthy than Him She asked So where is it now He replied I left it to roam free in the fields Shortly after he died When the son grew older his mother told him the story He asked Where can I find that cow after all these years His mother replied your father entrusted the cow to the Lord Rely on Him and search for it The young man supplicated Lord of Abraham return to me what my father had entrusted to you and then set out searching for it He found the cow exactly as his mother described it to him This cow was also the only one that perfectly fit Allah s description to the quarreling villagers Thus when they found they set out to purchase it at any price The young man agreed to sell it in exchange for its weight in gold When the villagers slaughtered this cow and struck the

dead victim with it he was resurrected to declare the name of his killer Thus the name of this chapter The Cow affirms the central issue of resurrection in all faiths leading to the One Religion creed In addition the story also teaches us that parents righteousness plays a great role in the protection of their children Through the good deeds of the parents Allah SW facilitates the affairs of the children and protects them from harm When the righteous man entrusted all he had to Allah SW Allah SW blessed protected and nurtured it so that his son may find great treasure when he grew older Being upright and righteous is the best insurance one can give his or her children as it instills Allah s blessing and protection into every aspect of the child s life

Voices; Tormented to Life; A True Story R. J. Donnelly,2022-11-11 Voices tells of a world where lives are adrift in a sea of flames Such an atmosphere of dancing human remains may be hard to imagine unless it s been lived Like firebrands streaking through a black night sky Spirit things can seem a fantasy to a casual eye As for the tellings in this book they are not a glimpse aEUR but a deep gaze and the encounters of a human soul Born far apart Sue and Bob s lives began as fairytales aEUR but as fairytales will do their dreams bled out and soaked the ground Broken homes drugs alcohol and a confused moral compass led them down treacherous paths Then in 1973 while drifting through the universe their twisting paths collided one day in the dark Bob was a violent atheist who professed he was god Sue who once aspired to be a Nun now dabbled in mysticism in her parched thirst for truth Then came the days of the Valiant ones who laid siege to our Kingdom for four months Two months in Sue prayed through the night aEUR and when I learned of it I threatened her life God then showed her in a dream my soul now completely void of light and as she watched giant soulless birds began devouring me Two weeks later and close to death alone in my room I prayed and once I asked for forgiveness a voice above me spoke So the days of my dying ended aEUR for the days of miracles had now begun This is a true story

The Human Meaning Valentin Matcas,2017-04-20 Love and the Divine are the best meanings there can be just because love stands at the top of your feelings and you treasure the most while the Divine is everything that exists You cannot find anything beyond love and the Divine capable enough to set your meaning in life and in this world simply because there is nothing else beyond them However there is significantly more to learn and understand about the human meaning just because as it is presented in this world today through science literature philosophy and through the rest of ideologies it is not enough You fail to understand the human meaning and this causes you to fail your own meaning in life and in this world at least your natural meaning as you receive it from Life and from the Divine Because the concept of meaning is presented to you empirically today you cannot understand it accurately in this manner but only through doctrine and beliefs you can never engage your reasoning in this manner in order to grasp accurately your own natural meaning your natural meaning is easily hijacked and everything is done on purpose to harm and exploit you In this manner you end up fulfilling consensually implemented meanings throughout life on behalf of the rich and the powerful of this world since they are the ones controlling ideologies and therefore consensual meanings in this world Not much that you do now counts for Life and for the Divine despite of what

ideologies tell and promise and when you look back now you may see the kind of world that you create And do not blame the rich and the powerful of this world since you are the one doing everything for them Many times it is for your children that you struggle throughout life to make them happy to make them worthy and to make everything count because this is exactly your meaning in your family Yet can t it be the same in your community and in society Does it ever make a difference to have or not to have a specifically defined meaning in life and in this world Yes it certainly makes a difference because all meanings count even the slightest ones since they are connected And it is always a matter of identifying your meanings instead of fulfilling them unknowingly otherwise you end up working your entire life in vain While through your consensually induced meanings you end up working against the meanings of others deliberately or not living your life against your loved ones While they can certainly feel and this ruins entire relationships This is your consensual meaning in your family in society in life and in this world And so you end up living your life against yourself against your own natural meaning Throughout this book we follow identify define understand and model the human meaning genuine and consensual from all perspectives and in all contexts You learn about your meaning in life in this world in society within your family and genetic line within you own cognitive system within higher worlds and within everything that exists *The Secret Explained* Cristian
