The Varnished Truth The Varnished Truth:

The Varnished Truth David Nyberg, 1993-06 Everyone says that lying is wrong But when we say that lying is bad and hurtful and that we would never intentionally tell a lie are we really deceiving anyone In this wise and insightful book David Nyberg exposes the tacit truth underneath our collective pretense and reveals that an occasional lie can be helpful healthy creative and in some situations even downright moral Through familiar and often entertaining examples Nyberg explores the purposes deception serves from the social kindness of the white lie to the political ends of diplomacy to the avoidance of pain or unpleasantness He looks at the lies we tell ourselves as well and contrary to the scolding of psychologists demonstrates that self deception is a necessary function of mental health one of the mind s many weapons against stress uncertainty and chaos Deception is in our nature Nyberg tells us In civilization just as in the wilderness survival does not favor the fully exposed or conspicuously transparent self As our minds have evolved as practical intelligence has become more refined as we have learned the subtleties of substituting words and symbols for weapons and violence deception has come to play a central and complex role in social life The Varnished Truth takes us beyond philosophical speculation and clinical analysis to give a sense of what it really means to tell the truth As Nyberg lays out the complexities involved in leading a morally decent life he compels us to see the spectrum of alternatives to telling the truth and telling a clear cut lie A life without self deception would be intolerable and a world of unconditional truth telling unlivable His argument that deception and self deception are valuable to both social stability and individual mental health boldly challenges popular theories on deception including those held by Sissela Bok and Daniel Goleman Yet while Nyberg argues that we deceive among other reasons so that we might not perish of the truth he also cautions that we deceive carelessly thoughtlessly inhumanely and selfishly at our own peril The Varnished Truth Dan H. Laurence Collection, Bernard Shaw, 1909 The Varnished Truth Woodie Sallis, 1998-04-01 Why Privacy Isn't Everything Anita L. Allen, 2003 Accountability protects public health and safety facilitates law enforcement and enhances national security but it is much more than a bureaucratic concern for corporations public administrators and the criminal justice system In Why Privacy Isn't Everything Anita L. Allen provides a highly original treatment of neglected issues affecting the intimacies of everyday life and freshly examines how a preeminent liberal society accommodates the competing demands of vital privacy and vital accountability for personal matters Thus None of your business is at times the wrong thing to say as much of what appears to be self regarding conduct has implications for others that should have some bearing on how a person chooses to act The book addresses such questions as What does it mean to be accountable for conduct For what personal matters am I accountable and to whom Allen concludes that the sticky webs of accountability that encase ordinary life are flexible enough to accommodate egalitarian moral legal and social practices that are highly consistent with contemporary feminist reconstructions of liberalism Folly's quest Folly, 1902 Pollute the Poor Simon Cann, 2014-09-02 The first Boniface knows about the dead body in the next room is when he is arrested for

murder The lack of evidence against Boniface doesn't seem to concern the police they are sure they have the right man they just need to prove his guilt and while they do Boniface is bailed allowing him to return to work with his client His client a shipping company couldn't care less that Boniface is distracted The client has its own problems News is about to break that one of its ships dumped toxic waste in East Africa leading to painful and lingering deaths as well as widespread disability and illness While the company privately acknowledges its role in the dumping and its ongoing responsibility for the welfare of the victims it is insistent that Boniface keeps the story out of the public domain until it has fully assessed how it can most effectively deliver support to those affected Boniface knows he has been set up for the murder and that somebody is trying to destroy him his business and everything he holds dear but he doesn't know who has set him up or why He strips back the layers discovering who the dead man was why he was killed why the body was dumped in his office and why he was set up in such a clumsy manner until he finds who has endangered his livelihood his liberty and his friends This leaves Boniface with only one conclusion He must neutralize the threat permanently while at the same time trying to protect anyone affected by the dumping

Boniface Box Set Simon Cann, 2016-06-23 Three gripping novels one low price The first three Boniface novels in one volume The Murder of Henry VIII When the author he is representing is murdered Boniface realizes the job demands more than he expected And when the man he is talking with is shot Boniface runs Pollute the Poor The first Boniface knows about the dead body in the next room is when he is arrested for murder Tattoo Your Name on My Heart When his client's wife disappears Boniface uncovers the secret she has been keeping from her husband

An Allegory of the Times J T Sawada, 2018-01-31 A challenging allegorical novel with a provocative and unique point of view A one of a kind novel that tackles the most important questions of the times A novel for everyone concerned with making the world a safer and better place A novel written for seekers after truth Synopsis An Allegory of the Times A protagonist with a heightened state of awareness is ignominiously dispatched by a former participant in a secret project code named MKUltra that was condoned by the Federal Government in conjunction with the CIA In an attempt to determine the motivation for this crime and the factors that impact judicial verdicts the author explores the psychological influence the vast Judeo Christian Muslim hegemony has had upon our attitudes and behaviors This exploration opens a window of opportunity for the reader to experience the freedom to take a giant leap toward achieving a higher level of awareness along with the motivation required to help make the world a better place for all humankind
