The View From Casa Chepitos A Journey Beyond The Border:

The View from Casa Chepitos Judith Gille, 2013 On a ten day visit to San Miguel de Allende Judith Gille falls in love with a hot pink house on a rundown alleyway Without consulting her husband or knowing how she is going to pay for it she makes the owners a full price offer Despite a rough start in the new culture Gille and her family eventually befriend their neighbors on callejón de Chepito and form a close bond with the Cordova clan As their affection for the lively Mexican family grows so do the complications of their cross cultural relationship When the oldest daughter seeks to cross the border illegally the lives of the two families become inextricably entwined The View from Casa Chepitos puts a human face on the immigration controversy and paints an intimate portrait of Mexican life But the story also explores the deeper issues women of all ages and cultures face affirming their self worth and purpose building enduring relationships and discovering where it is they truly belong San Miguel de Allende Lisa Pinley Covert, 2017-06 Struggling to free itself from a century of

economic decline and stagnation the town of San Miguel de Allende nestled in the hills of central Mexico discovered that its timeless quality could provide a way forward While other Mexican towns pursued policies of industrialization San Miguel on the economic political and cultural margins of revolutionary Mexico worked to demonstrate that it preserved an authentic quality earning designation as a typical Mexican town by the Guanajuato state legislature in 1939 With the town's historic status guaranteed a coalition of local elites and transnational figures turned to an international solution tourism to revive San Miguel's economy and to reinforce its Mexican identity Lisa Pinley Covert examines how this once small quiet town became a UNESCO World Heritage Site and home to one of Mexico's largest foreign born populations By exploring the intersections of economic development and national identity formation in San Miguel she reveals how towns and cities in Mexico grappled with change over the course of the twentieth century Covert similarly identifies the historical context shaping the promise and perils of a shift from an agricultural to a service based economy In the process she demonstrates how San Miguel could be both typically Mexican and palpably foreign and how the histories behind each process were inextricably intertwined
