The Word And The Cross The Word And The Cross:

The Word of the Cross Stan Lemke, 2016-11-22 Paul writes For the word of the cross is foolishness to those who are perishing but to us who are being saved it is the power of God 1 Cor 1 18 NASU The word of the cross is the unveiled story of the Gospel our salvation It speaks of Gods purpose in the cross the power of the cross even the plan and mystery of the cross The cross is seen as either Foolishness or Power foolishness by those who are perishing those who have ignored God their entire life and yet think that they will one day live in His heaven Whereas to those who are being saved the cross is the very power of God The Word of the Cross is a study of the Gospel the good news of reconciliation with God We begin by seeking to understand the question Why the cross We observe as God builds a bridge of trust by demonstrating his own faithfulness through the generations giving us signs and tokens of remembrance of his grace We will see that the cost of our sin debt is beyond our reach that only God could provide a means to cover it We will look upon the paschal lamb Jesus Christ as the only solution to that debt We will come face to face with the cross and observe as our sin debt is paid Finally we will look beyond the cross to understand what this means for us even now The word of the cross is life life eternal **Words from the Cross, Lent Lectures, 1875: and Thoughts for These Times, University Sermons, 1874** Charles John Vaughan (Dean of Llandaff.), 1875 *The Word of the Cross* Watchman Nee, 1991-07 This book represents the early writings of the noted Chinese pastor writer Watchman Nee from the years 1922 1927 Taken together the writings present a balanced picture of normal Christian living **The Word and the Cross** Stanislas Breton, 2002 In times that have challenged contemporary illusions many seek to recover the Christian vocabulary of suffering the cross and a hope freed of triumphalism and exclusivity Stanislas Breton presents the nothingness of the cross in its infirmity and paradoxical power Blending the poetic with the philosophical faith with interrogation mystical and practical ancient and new he seeks to lift the cross from its imprisonment in ontologies of abundance and in a history of compromise The Word and the Cross distills the meditation of a thinker in his prime on the possibility of the Christian and Christianity to find within a principle of a critique and source of renewal Breton draws first upon Scripture examining the way in which the cross has been present in our world beginning with Paul s preaching of it as Logos folly moria and power dunamis In a startlingly original interpretation Breton first interrogates the emergence of the cross as Sign of Contradiction in the world of Greek and Jew and then traces its destiny in politics in theology and in the poignant theater of the fools of Christ Enriching scriptural exegesis with allusions to neoplatonism Sufi mysticism and diverse theologies Breton offers a more profound understanding of kenosis that privileges the language of service and engagement Passing beyond philosophies of dissonance and even the via negativa he argues for a commitment to evangelical justice and human community that demands of the Christian and Christianity as of all systems and religions an inner principle of renewal and self critique The cross as a Sign of Contradiction functions as such a principle Breton presents it on many levels spiritual philosophic linguistic and poetic With modesty and power he focuses upon this
