**Humanizing the Education Machine** Rex Miller, Bill Latham, Brian Cahill, 2016-10-24 A clear roadmap for the new territory of education Education in the U S has been under fire for quite some time and for good reason The numbers alone tell a very disconcerting story according to various polls 70% of teachers are disengaged Add to that the fact that the United States ranks last among industrialized nations for college graduation levels and it s evident there s a huge problem that needs to be addressed Yet the current education system and its school buildings with teachers standing in front of classrooms and lecturing to students have gone largely unchanged since the 19th century Humanizing the Education Machine tackles this tough issue head on It describes how the education system has become ineffective by not adapting to fit students needs learning styles perspectives and lives at home This book explains how schools can evolve to engage students and involve parents It serves to spread hope for reform and equip parents educators administrators and communities to Analyze the pitfalls of the current U S education system Intelligently argue the need to reform the current landscape of education Work to make a difference in the public education system Be an informed advocate for your child or local school

system If you re a concerned parent or professional looking for a trusted resource on the need for education reform look no further than Humanizing the Education Machine This illuminating resource provides the information you need to become a full partner in the new human centered learning revolution *Growing up Latchkey* Darla K. Johnson PhD,2018-05-08

Thousands of children grew up with little or no parental guidance and as a result many of them are battling psychological and emotional problems as adults These latchkey children are mostly unaware of how their upbringing has affected their present but in *Growing Up Latchkey* the author explores how she and others were affected by growing up largely unsupervised Darla K Johnson PhD draws on her background as a psychotherapist psychologist and spiritual counselor to explore the dynamics of latchkey families that had to contend with energy crises the Cold War recessions and long hours at work In these families many children spent their entire K 12 experience getting themselves ready for school arriving home to no parent greeting them and in the author s case having no one to protect them from an abusive sibling Johnson eventually developed post traumatic stress disorder but she overcame her symptoms to live a fulfilling and happy life Join the author on a deep personal journey that holds lessons for educators employers therapists and parents on helping people recover from and avoid fear and torment from childhood traumas **A Multi-Perspective Approach to Narratives in Health**

**Communication** Julie E. Volkman,2025-07-10 This edited volume offers an accessible avenue for improving health and well being by demonstrating the power of narrative in advocating for yourself your family and your community Leading scholars of health communication draw on a variety of perspectives theories and methodologies and incorporate their own personal experiences of narratives to demonstrate the compelling reasons why narratives should be studied and applied in a wide range of health contexts Each chapter contains future directions for advancing research and applying narratives to encourage readers to explore what narratives for health mean for themselves and others **Contesting Institutional**

**Hegemony in Today's Business Schools** Ajnesh Prasad,2016-09-05 This book brings together a group of critically orientated early career researchers from global business schools to investigate a series of timely questions pertaining to the impact that institutional pressures have on junior academics particularly those who conduct critical or non mainstream research **Awake** Dayna Dunbar,Julia Nadine Padawer,2021-10-05 Oprah Winfrey Network TV show host and 1 New York Times bestselling author Iyanla Vanzant calls *Awake* A visionary page turner Akara is home to a civilization far more evolved than our own Long ago on Akara a planet in the Pleiades cluster the Ravaging Era raged It was a time of toxic greed rampant warfare and environmental devastation Akarans were on the brink of extinction Out of the turmoil a critical mass of beings experienced an awakening which sparked a spontaneous shift in consciousness across the planet and ushered in the Rebirthing A thousand years later Mobius a candidate for the Discovery Corps Akara s elite space program stumbles upon an ancient relic The artifact reveals that a rogue space commander from the Ravaging Era attempted to colonize the Earth The legacy of his reign now places Earth in jeopardy and Mobius is compelled to try to save the precious blue planet He embarks

on a quest that not only unlocks his secret destiny but also points to the possibility of a mass awakening of human consciousness A Rebirthing on Earth Get your copy of Awake today awakethenovel.com      **Riding with the Phoenix** George E. Monroe, Ph.D.,2014-08-22 This book contains several different levels of meaning each with its own episodes of adventure intrigue and message The levels of discourse also can be seen as various stages in the sojourn of the main character Gregg from simple consciousness to cosmic awareness Several vehicles help Gregg reach his epiphanies including dreams meditation coincidences and two near death experiences A visit to Greece that included stops at the Delphic Oracles historic site and Agamemnon s tomb greatly expanded his perceptive abilities While standing inside the beehive shaped tomb he felt he had been slammed through a time warp to a new level of awareness which he would later describe as holographic awareness The group dynamics revelation that he divined or rediscovered through intuition dreams and meditation is certainly important enough in itself as it sheds light on many of the social ills of our day But the real power and value of this book is that it demonstrates how one person can and does reach higher levels of awareness and being Riding with the Phoenix provides fresh insights on and linkages to new research and understanding about human awareness It serves as a metaphor for the increasing consciousness of the entire human species so necessary in these times of the augmenting and unresolved transboundary and transcultural dilemmas that we face      **Be Happy Now!** Alison Lanza Falls,David S. Prudhomme,2017-08-11 On September 11 2001 Alison Lanza Falls had a great career as a Wall Street banker a caring and supportive family and an enormous secret She was silently and profoundly unhappy Nine years after watching smoke billow from the World Trade Center where she was heading for a meeting Alison began an incredible journey of personal transformation with guidance from David Prudhomme mind coach and founder of Mederi Wellness While chronicling the evolution of her remarkable life Alison shares her unique experiences and important life lessons using Prudhommes framework The Best Me NOW that guided her through an experiential process on how to choose emotions let go and feel free practice forgiveness release deep seated fears love herself and others unconditionally and accept and embrace her uniqueness Alisons story reveals simple practical lessons for anyone interested in improving self talk applying universal truths in a professional setting and preparing the mind for excellence proving that positive change is not only possible but also that it follows a specific path of perception awareness and choice Be Happy NOW combines two unique voices to share an inspiring story of transformation and life lessons intended to guide others on how to attain authentic happiness and a true understanding of self      *Conscious Living, Conscious Aging* Ron Pevny,2014-10-07 In this newly revised and updated edition of Conscious Living Conscious Aging you will find an empowering guide with practical tools to help live a passionate fulfilling growth oriented life The baby boomer generation is reaching retirement age with unprecedented good health and resources and is no longer satisfied with their parents approach to aging Many older adults are seeking an empowering vision for their future but find that hard to come by in a world that glorifies youth and has largely forgotten the gifts that can accompany the

*The Technology Fallacy* Gerald C. Kane,Anh Nguyen Phillips,Jonathan R. Copulsky,Garth R. Andrus,2019-04-16 Why an organization s response to digital disruption should focus on people and processes and not necessarily on technology Digital technologies are disrupting organizations of every size and shape leaving managers scrambling to find a technology fix that

will help their organizations compete This book offers managers and business leaders a guide for surviving digital disruptions but it is not a book about technology It is about the organizational changes required to harness the power of technology The authors argue that digital disruption is primarily about people and that effective digital transformation involves changes to organizational dynamics and how work gets done A focus only on selecting and implementing the right digital technologies is not likely to lead to success The best way to respond to digital disruption is by changing the company culture to be more agile risk tolerant and experimental The authors draw on four years of research conducted in partnership with MIT Sloan Management Review and Deloitte surveying more than 16 000 people and conducting interviews with managers at such companies as Walmart Google and Salesforce They introduce the concept of digital maturity the ability to take advantage of opportunities offered by the new technology and address the specifics of digital transformation including cultivating a digital environment enabling intentional collaboration and fostering an experimental mindset Every organization needs to understand its digital DNA in order to stop doing digital and start being digital Digital disruption won t end anytime soon the average worker will probably experience numerous waves of disruption during the course of a career The insights offered by The Technology Fallacy will hold true through them all A book in the Management on the Cutting Edge series published in cooperation with MIT Sloan Management Review

The Wizard of Oz, The Untold Story Spencer Ashcroft, 2024-11-24 The story of the Wizard of Oz has long captured the imaginations of readers and audiences across the world From the pages of L Frank Baum's beloved 1900 novel The Wonderful Wizard of Oz to its iconic 1939 film adaptation the Wizard has become one of the most recognizable and enduring characters in American popular culture However despite his prominence the character's origins his rise to power and the evolution of his narrative are often shrouded in mystery and misunderstanding This biography seeks to shed light on the many facets of the Wizard's life exploring not just the magic and mystery that surround him but also the human elements that make his story so compelling At the heart of the Wizard's tale is a man from humble beginnings a figure whose path to greatness is marked by deception ambition and an undeniable desire for recognition As an illusionist who managed to convince an entire world of his godlike powers the Wizard of Oz embodies the power of perception and the ways in which the world can be shaped by what people choose to believe Yet the Wizard is far from a straightforward figure his flaws his mistakes and his eventual redemption offer valuable lessons on the consequences of vanity and the importance of self awareness This biography not only explores the Wizard's life from his humble origins to his rise as the ruler of the Emerald City but also delves deeply into the rich and complex relationships he forms with the other characters of Oz including the courageous Dorothy the tormented Tin Man the brainy Scarecrow and the fearful Lion These relationships form the core of the Wizard's transformation throughout the story as he moves from an enigmatic figure of power to a vulnerable human man in search of meaning and truth In telling the story of the Wizard of Oz this biography seeks to go beyond the character's role in the fairy tale and reveal the profound often painful truths behind the mask of the Great and Powerful Wizard The Wizard's journey is more than just a fantastical adventure it is a journey of self discovery a path fraught with challenges missteps and eventual revelation Through this examination readers will gain a new perspective on the Wizard's significance not just in Oz but in the broader context of American folklore and storytelling traditions As we

embark on this exploration we will witness the Wizard's transformation from a simple man with an oversized ego to a humble figure who understands that true power lies not in illusion or control but in understanding one's true self and the world around them. The Wizard's story is a timeless one offering valuable insights into the human condition that resonate far beyond the world of Oz. Through his struggles, triumphs, and ultimate redemption, we are reminded that while illusion may deceive the eyes, it is truth that ultimately liberates the soul.

**Lessons from Oz** Julieanne LaFleur, 2008-10-25
