The changes following more than two decades of economic reforms and globalization of the Indian economy at state corporate sector and consumer level raise interesting questions on the ways in which the stakeholders will continue to engage on the world stage politically socially and economically One key feature of global trade over this period has been the growing importance of not only product standards but importantly labor environmental food safety and social standards Being essentially a non tariff barrier standards have often become critical to market access and essential to sustained competitiveness This has a clear impact on the manner in which both global and Indian business is conducted now and in the future It also underlines the need for a new area of enquiry that addresses the following questions How are the Indian public and private actors the state domestic firms local consumers and society influencing and being influenced by such standards Do standards really matter in an overwhelmingly informal production sphere with consumers deeply segmented on the basis of a highly skewed distribution of income and with the rural population becoming further marginalized We have limited knowledge about the challenges faced and strategies pursued by these key domestic actors both public and private How have they been able to drive these processes and what are their implications for larger concerns with inequalities and the conditions of the poor How does the

omnipresent informality influence compliance encourage multiple standards and affect the chances of addressing institutional dysfunctionality What role does regulation play These are some of the issues dealt with in the book which has chapters focusing on aspects of specific sectors such as microfinance pharmaceuticals automobiles tea trading the role of the state and changing consumer influence We have limited knowledge about the challenges faced and strategies pursued by these key domestic actors both public and private How have been they able to drive these processes and what are the consequences of these changes for the Indian economy other emergent economies and for the rest of the developing world In particular what are their implications for the wider Indian society especially on concerns with informality inequalities and the conditions of the poor How does informality in its omnipresent form influence compliance encourage multiple standards and chances of addressing institutional dysfunctionality What role does regulation play These are some of the issues dealt within the book wherein chapters focus on aspects of specific sectors trading role of the state and changing influence of the consumer
