What Are They Saying About Mark:

What are They Saying about Mark? Daniel J. Harrington, 2004 Perhaps the most striking development in biblical studies in recent years has been the proliferation of new methods used in approaching the texts While in most circles the historical critical method remains fundamental biblical interpreters now routinely draw on new approaches developed in linguistics literary studies and the social sciences In recent years an important testing ground for the application of these new methods to the Bible has been the Gospel of Mark As a fast moving and sophisticated narrative about Jesus public ministry issuing in his passion and death Mark s Gospel lends itself to various forms of literary historical and theological analysis This book describes and analyzes the many attempts at applying the new methods to Mark s Gospel It considers how this Gospel has been approached from different angles according to the perspectives of modern literary criticism examines how its major theological topics have been treated explores efforts at clarifying its historical setting and discusses the engaged feminist political and pastoral readings this Gospel has generated in recent years

Mark Twain, 1925 **The Holy Bible, Containing the Old and New Testaments** ,1857 *One Face in a Million* William

Bond, 2020-08-26 *One Face in a Million* is an entirely fictional story evolved over many years I began thinking about writing a story after I visited southern Africa in 1967 where my wife had been born and raised and was often called Mu Shangaaniana when she was young I began to formulate a story about a young gal who had been raised on a mission station in Mozambique She was anxious to leave Africa for America to have a more interesting life A plot began in my mind and I envisioned a striking gal to have a life that was quite amazing She would travel and fall in love meet notable people and experience a lot of success Would that prove to be satisfying During the years that followed I was privileged to travel to many places throughout the world so my story evolved in a way that readers could share in some of my traveling experiences My protagonist had to decide what was really important in her life Her story takes place across the span of a few decades therefore the story eventually developed into a series of five books which should be considered as one Because the title is *One Face in a Million* I knew her appearance would be of real interest I looked at images of several notable actresses of the past but the one that I preferred was of Merle Oberon Perhaps it would be just as well for any reader to formulate your own ideas of what my characters would look like Although this is a fictitious story I hope that it entertains those who choose to read it
