The Psychology of Illustration Harvey A. Houghton, Dale M. Willows, 2012-12-06 From the earliest stages of elementary school to the advanced college level various types of illustrations are included in educational materials in order to promote learning These illustrative adjuncts are often profuse and in many cases they may be the most striking feature that distinguishes one set of learning materials from another In addition the perceived effectiveness of the illustrations clearly plays an important role in the marketing of many educational materials Despite this pervasiveness and salience in education there has never been a systematic effort to bring together the results of research on illustrations in order to provide some level of guidance to the developers of commercial learning materials There is however a considerable research literature that is directly relevant to this aspect of education The purpose of the present two volume set is to summarize and interpret the existing research literature that deals with the various educational functions of illustrations In undertaking to produce an omnibus reference work on psychological and instructional issues surrounding illustrated learning material our paramount aim has been to stimulate closer collaboration between researchers producers and users of educational text The problems associated with moving the findings of educational research into the realm of everyday practice have been perennial ones While many researchers and practitioners are interested in fundamentally similar questions they typically speak dissimilar languages read different journals and carry out their work under disparate ideologies

Interpreting Plato's Dialogues Angelo J. Corlett,2005-12-01 This new way of approaching Plato neither sees Plato s words as doctrines according to which the dialogues are to be interpreted nor does it reduce Plato s dialogues to dramatic literature Rather it seeks to interpret the primary aim of Plato s writings as being influenced primarily by Plato s respect for his teacher Socrates and the manner in which Socrates engaged others in philosophical discourse It places the focus of philosophical investigation of Plato s dialogues on the content of the dialogues themselves and on the Socratic way of doing philosophy
