What Do Women Want Adventures In The Science Of Female Desire:

What Do Women Want? Daniel Bergner, 2013-07-04 This bold and captivating journey into the world of female desire will fundamentally change the conversation about women and sex. Women are the monogamous sex. Women crave intimacy and emotional connection. Women don't want sex with strangers. Right? Wrong. Could the fairer sex in fact be more sexually aggressive and anarchic than men? In *What Do Women Want: Adventures in the Science of Female Desire*, critically acclaimed journalist Daniel Bergner looks at the evidence. Recent research he finds dismantles the myths to reveal an unprecedented portrait of female lust: the triggers, the fantasies, the mind/body connection and disconnection, the reasons behind the loss of libido, and most revelatory, that this loss is not inevitable. Daniel Bergner is a staff writer for the New York Times and the author of three books of nonfiction: *The Other Side of Desire: Four Journeys into the Realms of Lust and Longing*, *In the Land of Magic Soldiers: A Story of White and Black in West Africa* (a Los Angeles Times Best Book of the Year), and *God of the Rodeo: The Quest for Redemption in Louisiana's Angola Prison* (a New York Times Notable Book of the Year). Bergner's writing has also appeared in *Granta*, Harper's, *Mother Jones*, *Talk*, *New York Times Book Review*, and on the op-ed page of the New York Times. textpublishing.com/au This book should be read by every woman on the planet. Salon. Daniel Bergner has written a keenly intelligent book about a subject that often exceeds our intelligence. *What Do Women Want?* Gay Talese. At last, we have a new perspective on the wilds of female desire in rousing tableaux as women, men, sexologists, bonobos, erotic gurus, and many others provide frank, vivid answers to the question that has haunted us for far too long: What do women want? The answer will fascinate all. Diane Ackerman. *A Natural History of Love*. Accessible and informative prose, this page-turning book will have readers questioning some of their most ingrained beliefs about women, men, society, and sex. Publishers Weekly. It's everything you wanted to know about sex but didn't know to ask. Daniel Bergner upends long-standing myths about women and sex, everything from nature of attraction and pursuit to prevalence of taboo fantasies to monogamy itself. New York Post. *What Do Women Want* adds both steam and explosives into the national conversation or preoccupation with what it means to be a woman today. Vogue. Bergner lays out the history of this brainwashing and then debunks it in his entertaining new book. *What Do Women Want?* He recaps ingenious studies that have plumbed our desires, including those we deny or hide from ourselves. Elle.

Female beauty systems everywhere are complex integrating markers of class status power and sexuality to perform the fundamental function of sorting individuals into categories of more or less desirable Heirs to the tradition of courtly love modern western female beauty systems tend to share the norm of man as pursuer woman as pursued having developed around the trope of the madly desiring poet or knight supplicating his aloof and lovely lady for her favor The apparent longevity of the courtly love tradition raises the question of whether the way in which it structures male desire in reaction to female beauty is part of a universal tendency an evolutionary adaptation despite clear evidence that female beauty systems are also in fact socially constructed and reflect enormous ambivalence about the power and performance of beauty Although modern western female beauty systems are routinely demystified and contested today the purveyors of culture that support them institutional intellectual artistic commercial and popular continue as they always have to construe women as objects of male desire Still within this basic structure the systems have varied greatly across time and space with women using beauty as a form of social capital in widely differing ways Moreover as individuals have begun to experience their bodies as malleable and endlessly transformable rather than unruly and unyielding many have begun to experience beauty less as a given and more as a project The nine essays collected here examine a number of different Western female beauty systems over the centuries considering how women have complied with contributed to profited or suffered from and resisted them

Slut-Shaming, Whorephobia, and the Unfinished Sexual Revolution Meredith Ralston, 2021-06-16 The sexual revolution is unfinished A sexual double standard between men and women still exists and society continues to punish bad girls and reward good ones Until we eliminate good girl privilege and bad girl stigma women will not be fully free to embrace their sexuality In Slut Shaming Whorephobia and the Unfinished Sexual Revolution Meredith Ralston looks at the common denominators between the MeToo movement the myths of rape culture and the pleasure gap between men and women to reveal the ways that sexually liberated women threaten the patriarchy Weaving in history pop culture philosophy interviews with sex workers and personal anecdotes Ralston shows how women cannot achieve sexual equality until the sexual double standard and good girl bad girl binary are eliminated and women viewed by society as whores are destigmatized Illustrating how women s sexuality is policed by both men and women she argues that women must be allowed the same personal autonomy as men the freedom to make sexual decisions for themselves to obtain orgasm equality and to insist on their own sexual pleasure Dispelling the myth that all sex workers are victims and all clients are violent Slut Shaming Whorephobia and the Unfinished Sexual Revolution calls out Western society s hypocrisy about sex and shows how stigma and the marginalization of sex workers harms all women Finding Our Compass Chris Wright, 2013-12-31 There s a time when the

operation of the Machine becomes so odious makes you so sick at heart that you can't take part you can't even passively take part So said Mario Savio in 1964 so say millions of the disenfranchised now As the apparatus of elite institutions grinds on pushing society to the brink protesters across the world are putting their bodies upon its gears and its wheels to open up space for freedom and creativity unconstrained by institutional strictures It's time we all followed their lead In a series of freewheeling reflections and summaries of historical scholarship this book reinterprets history and culture along anarchist lines From a rationalistic and Marxian point of view it illuminates capitalism economics U S history popular culture gender relations and human psychology even the nature of the fascinating concepts genius and greatness Its agenda is that of the seventeenth century Levellers deflate the pomposities of elite authority and bring the world down to the level of democratic reason In the process one hopes we will find our way out of the crisis of the present and into a more just civilization in the future
