

What Is Sisterly Relations

Amy K. Levin

What Is Sisterly Relations:

The Significance of Sibling Relationships in Literature JoAnna Stephens Mink, Janet Doubler Ward, 1993 If one does not have them one is compelled to acknowledge and react to their non existence

The Suppressed Sister Amy K. Levin, 1992 Contentious behavior among biological sisters frequently contradicts ideals of sisterhood in novels by women Additionally feminist criticism focusing on almost every imaginable relationship involving women has all but ignored sisters Amy K Levin s *The Suppressed Sister* studies these circumstances their causes and consequences How and why is the sister bond suppressed in favor of sisterhood Answers to this question may be found in female psychology social expectations and patriarchal myths and stories The tales of Cinderella and Psyche are paradigmatic providing models of female competition and inscribing a conclusion that replaces sisterly closeness with heterosexual romance Jane Austen s sister plot is based on these models Her characters divide into pairs and adopt complementary personalities but polarization does not erase competition instead marriage erects social and economic barriers which enforce role divisions In *Wives and Daughters* Cranford and *The Life of Charlotte Bronte* Elizabeth Gaskell shows the danger of too close an attachment to the paternal home She too emphasizes differences revealing how they ultimately lead siblings to seek a sisterhood outside the family In *Mill on the Floss* *Middlemarch* and *Daniel Deronda* George Eliot paints increasingly negative portraits of sisters indicating that female siblings create differences where few or none exist These denials of similarity heighten the heroines isolation Twentieth century novelists including Barbara Pym Elizabeth Jane Howard and Margaret Drabble revise their predecessors texts drafting a plot after the father s They reject rules governing female behavior and question the expectation that women must get along with one another Finally Emma Tennant s *Bad Sister* together with several recent American novels abandons the conventions of the realistic novel challenging the very concept of character Tennant undermines all distinctions including those that treat sisters as separate individuals and those that classify certain behaviors as good or bad These novels show a progression that has been ignored or suppressed by feminist critics many of whom long for an idyll of sisterhood inherited from nineteenth century portraits of the angel in the house In denying anger or antagonism women cut off a part of themselves just as Cinderella s stepsisters amputate their toes to fit in her brittle glass slipper Levin s book questions the rationale behind such self destruction

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

The Anthropology of Sibling Relations E. Alber, C. Coe, T. Thelen, 2013-07-17 Drawing on international case studies the contributors extrapolate a systematization of the ways in which siblingship is conceived on the basis of shared parentage shared childhoods and reciprocal care They explore what makes these relations worth maintaining and how they contribute to community processes and to material and emotional survival

The Phenomenology of Spirit Reader Jon Bartley Stewart, 1998-01-01 The most complete collection of essays on Hegel s *Phenomenology of Spirit* available in any language with essays by distinguished international Hegel scholars

The Brother-Sister Culture in

Nineteenth-Century Literature V. Sanders, 2001-12-17 This book argues that brother sister relationships idealized by the Romantics intensified in nineteenth century English domestic culture and is a neglected key to understanding Victorian gender relations Attracted by the apparent purity of the sibling bond novelists and poets also acknowledged its innate ambivalence and instability through conflicting patterns of sublimated devotion revenge fantasy and corrosive obsession The final chapter shows how the brother sister bond was permanently changed by the experience of the First World War

Gendering Modern Jewish Thought Andrea Dara Cooper, 2021-11-02 The idea of brotherhood has been an important philosophical concept for understanding community equality and justice In *Gendering Modern Jewish Thought* Andrea Dara Cooper offers a gendered reading that challenges the key figures of the all male fraternity of twentieth century Jewish philosophy to open up to the feminine Cooper offers a feminist lens which when applied to thinkers such as Franz Rosenzweig and Emmanuel Levinas reveals new ways of illuminating questions of relational ethics embodiment politics and positionality She shows that patriarchal kinship as models of erotic love brotherhood and paternity are not accidental in Jewish philosophy but serve as norms that have excluded women and non normative individuals *Gendering Modern Jewish Thought* suggests these fraternal models do real damage and must be brought to account in more broadly humanistic frameworks For Cooper a more responsible and ethical reading of Jewish philosophy comes forward when it is opened to the voices of mothers sisters and daughters

Intimate Selving in Arab Families Suad Joseph, 1999-12-01 The study of relationships a topic which has received considerable attention in Europe the United States and parts of Asia until now has not been addressed in the Arab world Here for the first time are articles written by native feminist scholars that focus on intimate Arab familial relationships and provide a scholarly discussion of gendering of the self the process of intimate selving in the Arab community The book is divided into three parts biographical and autobiographical ethnographic and literary accounts in which the authors identify key family relationships mother son brother sister mother daughter granddaughter co wives and father daughter and explore them in terms of shaping and defining gender in relation to others

Microregionalism and Governance in East Asia Dr. Katsuhiko Sasuga, Katsuhiko Sasuga, 2004-10-28 This book provides an analysis of the processes of micro regionalization in East Asia within the broader context of globalization and regionalization The author examines the specifics of corporation production and investment networks that link parts of Japan Taiwan and China with a detailed case study focusing on the electronics industry Making a significant contribution to the research on regionalism and multi level governance in East Asia this book will appeal to those interested in international political economy and Asian studies

Japan's Subnational Governments in International Affairs Purnendra Jain, 2006-03-13 This book moves away from the common belief that Japan's international relations are firmly the preserve of the national government in Japan's highly centralised political system Examining examples of subnational governments SNGs across Japan the book uncovers a significant and generally unrecognised development in Japanese politics SNGs are ever

more dynamic international actors as national borders weaken across the world Exploring what Japanese SNGs do where they do it and why the book considers the implications of these factors for Japan s international relations and domestic politics By bringing to light the scope and consequences of the international actions of Japan s SNGs this book provides a more accurate and nuanced understanding of the country s foreign policy at a time when it is pursuing a broader and more active profile in international affairs **Spirit, the Family, and the Unconscious in Hegel's Philosophy** David V.

Ciavatta,2010-07-02 Honorable Mention 2011 Biennial Book Prize presented by the Canadian Philosophical Association This original study of the role that family life plays in Hegel s Phenomenology of Spirit and Philosophy of Right pays particular attention to Hegel s characterization of the family as an unconscious form of ethical life rooted essentially in affectivity David V Ciavatta also looks at Hegel s account of feeling in the Anthropology section of The Philosophy of Spirit highlighting the inherently porous nature of the self and this porosity is shown to be constitutive of the distinctive unconscious form of intersubjective recognition that forms the core of family bonds The book provides a rich understanding of the role that family has in one s psychological development with respect not only to other people but also to the world and one s own identity Incorporating existential phenomenological and psychoanalytic perspectives Ciavatta offers insightful investigations of many basic Hegelian themes such as spirit perception ethical agency language and property ownership

Uncover the mysteries within Explore with is enigmatic creation, **What Is Sisterly Relations** . This downloadable ebook, shrouded in suspense, is available in a PDF format (Download in PDF: *). Dive into a world of uncertainty and anticipation. Download now to unravel the secrets hidden within the pages.
