Webster (Mrs. Arthur Webster), ... 2nd Edition* Nesta Helen Bevan Webster (Mrs. Arthur), 1922 World Revolution Nesta H. Webster, Anthony Gittens, 1994 The Jews and the Expansion of Europe to the West, 1450-1800 Paolo Bernardini, Norman Fiering, 2004-01-01 Jews and Judaism played a significant role in the history of the expansion of Europe to the west as well as in the history of the economic social and religious development of the New World They played an important role in the discovery colonization and eventually exploitation of the resources of the New World Alone among the European peoples who came to the Americas in the colonial period Jews were dispersed throughout the hemisphere indeed they were the only cohesive European ethnic or religious group that lived under both Catholic and Protestant regimes which makes their study particularly fruitful from a comparative perspective As distinguished from other religious or ethnic minorities the Jewish struggle was not only against an overpowering and fierce nature but also against the political regimes that ruled over the

various colonies of the Americas and often looked unfavorably upon the establishment and toleration of Jewish communities in their own territory Jews managed to survive and occasionally to flourish against all odds and their history in the Americas is one of the more fascinating chapters in the early modern history of European expansion World Revolution Nesta Helen Webster, 1921 *Conspiracy Theories* J. Byford, 2011-10-12 Through a series of specific questions that cut to the core of conspiracism as a global social and cultural phenomenon this book deconstructs the logic and rhetoric of conspiracy theories and analyses the broader social and psychological factors that contribute to their persistence in modern society **The Global Grapevine** Gary Alan Fine, Bill Ellis, 2010-06-11 Far from mere idle tales rumors are a valuable window into our anxieties and fears Rumors let us talk as a community about some very inflammatory issues issues that may be embarrassing or disturbing to discuss allowing us to act as if we are talking about real events not personal beliefs We can air our hidden fears and desires without claiming these attitudes as our own In *The Global Grapevine* two leading authorities on rumor folklore and urban legend Gary Alan Fine and Bill Ellis shed light on what contemporary rumors can tell us about the fears and pressures of globalization In particular they examine four major themes that emerge over and over again rumors about terrorism about immigration about international trade and about tourism The authors analyze how various rumors underscore American reactions to perceived global threats show how we interpret our changing world and highlight fears fantasies and cherished beliefs about our place in the world Along the way the book examines a wide variety of rumors that the Israelis were behind 9 11 the President knew of the attack in advance tourists wake up in foreign countries with their kidneys stolen foreign workers urinate in vats of beer destined to be shipped to America These rumors the authors argue reflect our anxieties and fears about contact with foreign cultures whether we believe foreign competition to be poisoning the domestic economy or that foreign immigration to be eroding American values Rumors are the visible tip of a vast iceberg of hidden anxieties Illuminating the most widely circulated rumors in America in recent years *The Global Grapevine* offers an invaluable portrait of what these tales reveal about contemporary society **The New Hate** Arthur Goldwag, 2012-02-07 From Birthers who claim that Barack Obama was not born in the United States to counter jihadists who believe that the Constitution is in imminent danger of being replaced with Sharia law conspiratorial beliefs have become an increasingly common feature of our public discourse In this deeply researched fascinating exploration of the ideas and rhetoric that have animated extreme mostly right wing movements throughout American history Arthur Goldwag reveals the disturbing pattern of fear mongering and demagoguery that runs through the American grain *The New Hate* takes readers on a surprising often shocking sometimes bizarrely amusing tour through the swamps of nativism racism and paranoid speculations about money that have long thrived on the American fringe Goldwag shows us the parallels between the hysteria about the Illuminati that wracked the new American Republic in the 1790s and the McCarthyism that roiled the 1950s and he discusses the similarities between the anti New Deal forces of the 1930s and the Tea Party movement today He traces Henry Ford's anti

Semitism and the John Birch Society's Insiders back to the notorious Protocols of the Elders of Zion and he relates white supremacist nightmares about racial pollution to nineteenth century fears of papal plots The most salient feature of what I have come to call the New Hate Goldwag writes is its sameness across time and space The most depressing thing about the demagogues who tirelessly exploit it in pamphlets and books and partisan newspapers two centuries ago on Web sites electronic social networks and twenty four hour cable news today is how much alike they all turn out to be Our Puppet Government John R. Krismer, 2012-03-25 Few realize a New World Order plans to replace our constitution with a Single World Government nor that our Federal Reserve Bank is privately owned and is not subject to oversight by Congress or the President Its stockholders include the Rockefellers Goldman Sachs and Lehman Brothers of New York the Rothschilds of London and Berlin the Lazard Brothers of Paris Israel Seiff of Italy the Kuhn and the Warburgs of Hamburg and Amsterdam earning almost two billion dollars a day in interest as they buy off our dysfunctional Congress and intentionally level this great nation George H W Bush the undisputed Overlord of the Shrub Dynasty in his State of the Union Message in 1991 said What is at stake is more than one small country it is a big idea a new world order Did We the People ever agree to this treasonous act of turning over our nation's sovereignty to a Single World Government About the Author John R Krismer MHA LFACHE is founder and CEO of Health Systems Institute consulting with governments hospitals clinics and professional organizations He has conducted hundreds of educational institutes and served as a principal investigator researching the health record database system which involved four major universities He has served as CEO of several hospitals and corporations and as a board member of two health insurance companies He has been referred to as a visionary ahead of his time **British Fascism After the Holocaust** Joe Mulhall, 2020-10-21 This book explores the policies and ideologies of a number of individuals and groups who attempted to relaunch fascist antisemitic and racist politics in the wake of World War II and the Holocaust Despite the leading architects of fascism being dead and the newsreel footage of Jewish bodies being pushed into mass graves seared into societal consciousness fascism survived World War II and though changed survives to this day Britain was the country that stood alone against fascism but it was no exception This book treads new historical ground and shines a light onto the most understudied period of British fascism whilst simultaneously adding to our understanding of the evolving ideology of fascism the persistent nature of antisemitism and the blossoming of Britain's anti immigration movement This book will primarily appeal to scholars and students with an interest in the history of fascism antisemitism and the Holocaust racism immigration and postwar Britain **English Radicalism (1935-1961)** S.
